# Supplemental Information on Non-cash Operating and Investing Activities

In March 2023, the Bank transferred and leased back certain real estate properties with total net book value of P1,796 to another entity in exchange for 100% ownership in the latter which were subsequently transferred to the retirement fund to fund its plan assets. The total value of shares received amounted to P6,268 resulting in a gain of P3,106, presented as part of Gain on Assets Sold under Miscellaneous Income.

See Notes to Interim Condensed Financial Statements.

# RIZAL COMMERCIAL BANKING CORPORATION AND SUBSIDIARIES NOTES TO INTERIM CONDENSED FINANCIAL STATEMENTS MARCH 31, 2023 AND DECEMBER 31, 2022

(Amounts in Millions of Philippine Pesos, Except Otherwise Indicated)

# 1. CORPORATE MATTERS

#### 1.1 Incorporation and Operations

Rizal Commercial Banking Corporation (the Parent Company, the Bank or RCBC), a universal bank engaged in all aspects of banking, was originally incorporated on September 23, 1960. The Bank renewed its corporate existence on December 10, 2009. It provides products and services related to traditional loans and deposits, trade finance, domestic and foreign fund transfers or remittance, cash management, treasury, and trust and custodianship services. It also enters into forward currency contracts as an accommodation to its clients and as a means of managing its foreign exchange exposures. The Parent Company and its subsidiaries (together hereinafter referred to as the Group) are engaged in all aspects of traditional banking, investment banking, retail financing (credit cards, auto loans, mortgage/housing and microfinance loans), remittance, leasing and stock brokering.

As a banking institution, the Group's operations are regulated and supervised by the Bangko Sentral ng Pilipinas (BSP). As such, the Group is required to comply with banking rules and regulations such as those relating to maintenance of reserve requirements on deposit liabilities and deposit substitutes and those relating to the adoption and use of safe and sound banking practices, among others, as promulgated by the BSP. The Group's activities are subject to the provisions of Republic Act (RA) No. 8791, the *General Banking Law of 2000*, and other related banking laws.

The Parent Company's common shares are listed in the Philippine Stock Exchange (PSE).

RCBC is a 39.64%-owned subsidiary of Pan Malayan Management and Investment Corporation (PMMIC or Ultimate Parent), a company incorporated and domiciled in the Philippines. PMMIC is the holding company of the flagship institutions of the Yuchengco Group of Companies (YGC), with registered business address at 48th Floor, Yuchengco Tower, RCBC Plaza, 6819 Ayala Avenue cor. Sen. Gil Puyat Avenue, Makati City. As of March 31, 2023 and December 31, 2022, Cathay Life Insurance Corporation (Cathay) also owns 22.19% interest in RCBC.

The condensed consolidated interim financial statements of the Group as of and for the three months ended March 31, 2023 (including the comparatives for the three months ended March 31, 2022) and the year ended December 31, 2022 were presented to and reviewed by the Bank's Audit and Compliance Committee.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of these financial statements are summarized in the succeeding pages. The policies have been consistently applied to all the periods presented, unless otherwise stated.

### 2.1 Basis of Preparation of Financial Statements

# (a) Statement of Compliance with Philippine Financial Reporting Standards

The interim financial statements of the Bank have been prepared in accordance with Philippine Financial Reporting Standards (PFRS).

There were no changes in the accounting policies and methods of computation followed in the interim financial statements as compared with the most recent annual financial statements.

### (b) Presentation of Financial Statements

The financial statements are presented in accordance with Philippine Accounting Standards (PAS) 1, *Presentation of Financial Statements*. The Group presents its statement of financial position broadly in order of liquidity and presents all items of income and expenses in two statements: a "statement of profit or loss" and a "statement of comprehensive income."

# (c) Functional and Presentation Currency

These financial statements are presented in Philippine pesos, the Group's functional and presentation currency. All amounts are in millions, except per share data or when otherwise indicated.

# 2.2 Basis of Consolidation and Accounting for Investments in Subsidiaries and Associates in the Separate Financial Statements

The Group's consolidated financial statements comprise the accounts of the Parent Company and its subsidiaries, after the elimination of material intercompany transactions. All intercompany resources and liabilities, equity, income, expenses and cash flows relating to transactions with subsidiaries are eliminated in full. Unrealized profits and losses from intercompany transactions that are recognized in assets are also eliminated in full. Intercompany losses that indicate impairment are recognized in the consolidated financial statements.

#### 2.3 Financial Assets

Financial assets are recognized when the Group becomes a party to the contractual terms of the financial instrument. For purposes of classifying financial assets, an instrument is considered as an equity instrument if it is non-derivative and meets the definition of equity for the issuer in accordance with the criteria under PAS 32, Financial Instruments: Presentation. All other non-derivative financial instruments are treated as debt instruments.

### (a) Classification, Measurement and Reclassification of Financial Assets

Under PFRS 9, Financial Instruments, the classification and measurement of financial assets is driven by the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. The classification and measurement of financial assets are described in the succeeding paragraphs.

### (i) Financial Assets at Amortized Cost

Financial assets are measured at amortized cost if both of the following conditions are met:

- the asset is held within the Group's business model whose objective is to hold financial assets in order to collect contractual cash flows; and,
- the contractual terms of the instrument give rise, on specified dates, to cash flows
  that are solely payments of principal and interest (SPPI) on the principal amount
  outstanding.

Financial assets meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at amortized cost using the effective interest method, less any impairment in value.

### (ii) Financial Assets at Fair Value Through Profit or Loss (FVPL)

The Group classifies financial assets as FVPL when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking.

Debt instruments that do not meet the amortized cost criteria, or that meet the criteria but the Group has chosen to designate as at FVPL at initial recognition, are measured at FVPL. Equity investments are classified as financial assets at FVPL, unless the Group designates an equity investment that is not held for trading as at *Financial Assets at Fair Value Through Other Comprehensive Income* (FVOCI) at initial recognition. The Group's financial assets at FVPL include government securities, corporate bonds, equity securities, which are held for trading purposes or designated as at FVPL.

Financial assets at FVPL are initially measured at fair value and transaction costs are expensed in profit or loss. Unrealized gains and losses arising from changes (mark-to-market) in the fair value of the financial assets at FVPL category and realized gains or losses arising from disposals of these instruments are included in Trading and Securities Gains under Other Operating Income account in the statement of profit or loss.

#### (iii) Financial Assets at Fair Value Through Other Comprehensive Income (FVOCI)

#### Debt Instruments at FVOCI

The Group classifies debt instruments under FVOCI when both of the following conditions are met:

- the asset is held within the Group's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and,
- the contractual terms of the instrument give rise, on specified dates, to cash flows
  that are solely payments of principal and interest (SPPI) on the principal amount
  outstanding.

FVOCI debt securities are initially measured at fair value plus transaction costs. They are subsequently measured at fair value with gains and losses arising from changes in fair value recognized in Other Comprehensive Income (OCI). Interest Income and foreign exchange gains and losses are recognized in profit or loss in the same manner as for financial assets measured at amortized cost.

On derecognition, cumulative gains or losses previously recognized in OCI are reclassified to profit or loss.

### Equity Instruments at FVOCI

At initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to designate equity investments as at FVOCI; however, such designation is not permitted if the equity investment is held by the Group for trading. The Group has designated certain equity instruments as at FVOCI on initial application of PFRS 9.

Financial assets at FVOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value, with no deduction for any disposal costs. Gains and losses arising from changes in fair value, including the foreign exchange component, are recognized in other comprehensive income, net of any effects arising from income taxes, and are reported as part of Revaluation Reserves account in equity. When the asset is disposed of, the cumulative gain or loss previously recognized in the Revaluation Reserves account is not reclassified to profit or loss, but is reclassified directly to Surplus account.

# (b) Impairment of Financial Assets

PFRS 9 requires the Bank to record an allowance for Expected Credit Losses (ECL) for all loans and other debt financial assets not held at FVPL, together with loan commitments and financial guarantee contracts. The allowance is based on the ECLs associated with the probability of default in the next twelve months unless there has been a significant increase in credit risk since origination. If the financial asset meets the definition of purchased or originated credit impaired, the allowance is based on the change in the ECLs over the life of the asset.

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

The Group ECL model follows a three-stage impairment approach in determining the loss allowance to be recognized in the financial statements:

(i) Stage 1 – comprises of all credit exposures that are considered 'performing' and with no observed significant increase in credit risk (SICR) since initial recognition. These include those financial instruments with low credit risk. For these financial instruments, the loss allowance is determined based on a 12-month ECL.

- (ii) Stage 2 comprises of all financial instruments assessed to have SICR since initial recognition based on the Group's quantitative and qualitative criteria, though not yet deemed to be credit-impaired. Using the Group's ICRRS, Stage 2 includes credit exposures that are considered 'under-performing' in which risk ratings were downgraded by at least three notches and/or downgraded to CCC+ to Especially Mentioned. Stage 2 financial instruments may also include those facilities where the credit risk has improved and have been reclassified from Stage 3 subject to the Group's observation period on the creditworthiness of the counterparty. A lifetime ECL is recognized for these financial instruments.
- (iii) Stage 3 comprises credit exposures which are assessed as 'credit-impaired', thus considered by the Group as 'non-performing', which is assessed consistently with the Group's definition of default. Generally, this includes accounts classified as Substandard, Doubtful and Loss. The Group recognizes a lifetime ECL for all credit-impaired financial assets.

The key elements used in the calculation of ECL are as follows:

*Probability of Default* – is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognized and is still in the portfolio.

Loss Given Default – is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Bank would expect to receive, including the realization of any collateral.

Exposure At Default – represents the gross carrying amount of the financial instruments subject to the impairment calculation.

# b.1 Impact of COVID-19 on Measurement of ECL

In response to the COVID-19 situation and the Group's expectations of economic impacts, the key conditions and assumptions utilized in the Group's calculation of ECL have been revisited and recalibrated. The Bank considers economic scenarios and forward-looking macroeconomic assumptions underpinning the ECL calculation. The expected impacts of COVID-19 have been reasonably captured using the Group's business-as-usual (BAU) ECL methodology.

In 2022, the Bank revised its BAU ECL methodology to incorporate impacts of COVID-19 under its new normal assessments eliminating the need for separate post model adjustments. Notwithstanding that the measurement inputs and assumptions, including forward-looking macroeconomic assumptions were recalibrated in response to the COVID-19 situation, the fundamental ECL mechanics and methodology underpinning the Group's measurement of ECL have remained consistent with the prior periods.

In identifying the impact of COVID-19 pandemic to the Group's customers, the Group re-segmented its loan portfolio based on the perceived and expected COVID-19 impact to the customers' businesses and industries which also considers additional qualitative characteristics that would elevate COVID-19 changes to SICR such as differentiation of temporary liquidity need from permanently impacted or SICR.

Supporting the re-segmentation is the COVID-19 Assistance and Recovery Enhancement (CARE) Program, primarily designed to: (1) extend financial assistance to customers by way of extended repayment plans given cash flow tightness and (2) immediately get the customer back into the habit of paying based on amounts they can afford. In accordance with regulatory guidance, the Group also implemented mandatory payment holidays to all eligible loans.

The following are the considerations in measuring ECL under the COVID-19 situation:

### (a) SICR

The offer or uptake of COVID-19 related repayment deferrals, whether coming from government reliefs or from the Group's CARE Program, does not itself constitute an SICR event unless the exposure is considered to have experienced an SICR based on other available information. SICR has been reassessed with reference to the Group's CARE Program credit risk rating which considers industry or segment assessment under the COVID-19 situation, financial performance indicators, historical credit information of the borrower and other modifiers. The Group's reassessment is to determine if changes in the customers' circumstances were sufficient to constitute SICR.

#### (b) Derecognition of Financial Assets

A financial asset (or where applicable, a part of a financial asset or part of a group of financial assets) is derecognized when the contractual rights to receive cash flows from the financial instruments expire, or when the financial assets and all substantial risks and rewards of ownership have been transferred to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

#### (c) Modification of Loans

When the Group derecognizes a financial asset through renegotiation or modification of the contractual payment terms of the loans due to significant credit distress of the borrower, the Group assesses whether or not the new terms are substantially different to the original terms of the instrument.

In making such assessment, the Group considers, among others:

- If the borrower is in financial difficulty, whether the modification merely reduces the contractual cash flows to amounts the borrower is expected to be able to pay;
- Whether any substantial new terms are introduced that will affect the risk profile of the loan;
- Significant extension of the loan term when the borrower is not in financial difficulty;
- Significant change in the interest rate;
- Change in the currency the loan is denominated in; and/or,
- Insertion of collateral, other security or credit enhancements that will significantly affect the credit risk associated with the loan.

#### 2.4 Financial Liabilities

Financial liabilities which include deposit liabilities, bills payable, bonds payable, accrued interest and other expenses, and other liabilities (except tax-related payables, post-employment defined benefit obligation and deferred income) are recognized when the Group becomes a party to the contractual terms of the instrument.

Financial liabilities are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method, for those with maturities beyond one year, less settlement payments. All interest-related charges incurred on financial liabilities are recognized as an expense in the statement of profit or loss under the caption Interest Expense.

# 2.5 Provisions and Contingencies

Provisions are recognized when present obligations will probably lead to an outflow of economic resources and they can be estimated reliably even if the timing or amount of the outflow may still be uncertain. A present obligation arises from the presence of a legal or constructive obligation that has resulted from past events (e.g., legal dispute or onerous contracts).

# 2.6 Revenue and Expense Recognition

Revenue is recognized to the extent that the revenue can be reliably measured; it is probable that the economic benefits will flow to the Group; and the costs incurred or to be incurred can be measured reliably.

# 2.7 Impairment of Non-financial Assets

For purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows [cash-generating units (CGU)]. As a result, some assets are tested for impairment either individually or at the CGU level.

Impairment loss is recognized in profit or loss for the amount by which the asset's or CGU's carrying amount exceeds its recoverable amount which is the higher of its fair value less costs to sell and its value in use. In determining value in use, management estimates the expected future cash flows from each CGU and determines the suitable interest rate in order to calculate the present value of those cash flows. The data used for impairment testing procedures are directly linked to the Group's latest approved budget, adjusted as necessary to exclude the effects of asset enhancements. Discount factors are determined individually for each CGU and reflect management's assessment of respective risk profiles, such as market and asset-specific risk factors.

All assets, except for intangible assets with indefinite useful life and goodwill, are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist. An impairment loss is reversed if the asset's or CGU's recoverable amount exceeds its carrying amount.

#### 2.8 Income Taxes

Tax expense recognized in profit or loss comprises the sum of current tax and deferred tax not recognized in other comprehensive income or directly in equity, if any.

Current tax assets or liabilities comprise those claims from, or obligations to, tax authorities relating to the current or prior reporting period, that are unpaid at the end of the reporting period. They are calculated according to the tax rates and tax laws applicable to the periods to which they relate, based on the taxable profit for the year. All changes to current tax assets or liabilities are recognized as a component of tax expense in the statement of profit or loss.

Deferred tax is provided using the liability method, on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Under the liability method, with certain exceptions, deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences and the carry-forward of unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deferred tax assets can be utilized. Deferred tax assets are reassessed at the end of each reporting period. Previously unrecognized deferred tax assets are recognized to the extent that it has become probable that future taxable profit will be available to allow such deferred tax assets to be recovered.

## 2.9 Related Party Relationships and Transactions

Related party transactions are transfers of resources, services or obligations between the Group and its related parties, regardless of whether a price is charged.

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. These parties include: (a) individuals owning, directly or indirectly through one or more intermediaries, control or are controlled by, or under common control with the Group; (b) associates; (c) individuals owning, directly or indirectly, an interest in the voting power of the Group that gives them significant influence over the Group and close members of the family of any such individual; and, (d) the funded retirement plan of each of the entities under the Group.

#### 2.10 Events After the End of the Reporting Period

Any event that provides additional information about the Group's financial position at the end of the reporting period (adjusting event) is reflected in the financial statements. Post-reporting events that are not adjusting events, if any, are disclosed when material to the financial statements.

## 10. EQUITY

The movements in the outstanding capital stock are as follows:

	Number of Shares*				
	March 31, 2023 (Unaudited)	December 31, 2022 (Audited)			
Preferred stock – voting, non-cumulative non-redeemable, participating convertible into common stock – P10 par value Authorized – 200,000,000 shares					
Balance at beginning and end of period  Common stock – P10 par value  Authorized – 2,600,000,000 shares	<u>267,410</u>	267,410			
Balance at beginning and end of period	2,037,478,896	2,037,478,896			

<sup>\*</sup>Amounts in absolute number of shares

#### 10.1 Treasury Shares

In 2019, subsequent to the effective date of the merger, the Parent Company acquired the 315,287,248 common shares issued in exchange of the net assets of RSB equal to the Parent Company's investment in RSB as at December 31, 2018.

On July 23, 2021, the Parent Company sold 101,850,000 shares to Sumitomo Mitsui Banking Corporation (SMBC) at P44.00 per share. This came from the treasury shares resulting from the merger of Parent Company and RSB. The sale of shares held by the Parent Company in treasury is equivalent to 4.999% of the total outstanding Common Stock. The issuance resulted in a recognition of additional Capital Paid in Excess of Par amounting to P50. The Parent Company incurred expenses related to the issuance amounting to P113 which was charged to equity resulting in a P63 net decrease in the Capital Paid in Excess of Par.

#### 10.2 Hybrid Perpetual Securities

On August 27, 2020, the Parent Company issued US\$300 non-cumulative, unsecured, subordinated capital securities which qualify as AT1 capital under Basel III standards. As of March 31, 2023, the hybrid perpetual securities amounted to P14,463, net of issuance costs.

The capital securities are perpetual in respect of which there is no fixed redemption date. The Parent Company may redeem the capital securities only in certain circumstances as described in the conditions of the securities and with prior written consent of BSP. Distributions are non-cumulative and payable semi-annually in arrear at a rate of 6.5%. Certain conditions provide for circumstances under which the Parent Company will not be obliged to pay any distribution on the applicable payment date.

The proceeds of the hybrid perpetual securities are used to support and finance medium-term to long-term asset growth, loans to customers, other general corporate purposes and to maintain sufficient buffers above the minimum capital thresholds required by BSP.

#### 12. COMMITMENTS AND CONTINGENCIES

In the normal course of operations of the Group, there are various outstanding commitments and contingent liabilities such as guarantees, commitments to extend credit, tax assessments, etc., with amounts not reflected in the financial statements. Management does not anticipate losses from these transactions that will adversely affect the Group's operations.

In the opinion of management, the suits and claims arising from the normal course of operations of the Group that remains unsettled, if decided adversely, will not involve sums that would have material effect on the Group's financial position or operating results.

# 12.1 Contingent Accounts, Guarantees and Other Commitments

The following is a summary of contingencies and commitments arising from off-statement of financial position items at their equivalent peso contractual amounts as of March 31, 2023 and December 31, 2022:

,	March 31, 2023 (Unaudited)		December 31, 2022 (Audited)

Late deposits/payments received		768		642
Outward bills for collection		65		27
Others		64		64

# 13. OTHER MATTERS

## 13.1 Continuing Impact of COVID-19

In December 2019, COVID-19 was reported to have surfaced in China. The World Health Organization has declared the outbreak as a public health emergency of international concern. COVID-19 started to become widespread in the Philippines in early March 2020 causing the government to declare the country in a state of public health emergency followed by implementation of ECQ and social distancing measures and restrictions within the Luzon area with other cities and provinces in the country enacting similar measures thereafter. This resulted in a wide-ranging business suspension – disrupting the supply chains, affecting production and sales across a range of industries, and weakening the stock market.

Since 2021, an increase in volume of transactions is evident to the Group which was mainly due to customer acquisition driven by data science and digital marketing. The Group expects the general business environment to improve as quarantine restrictions ease and vaccination uptake continued to increase. While economic recovery is expected, the Group will stay focused on keeping efficient operations as it embarks on transformation projects such as: (i) fully automated KYC process and (ii) enhanced credit and control systems. These activities include various business process reengineering exercises such as process reviews and digital enhancements that support efficiency, lower cost of transaction and reduced costs in product delivery.

As the economy continues with its recovery from pandemic-related issues in 2023, the Group saw more normalized operations and increasingly positive results.

# 13.2 Impact of Russia – Ukraine Conflict

The ongoing Russia-Ukraine war since February 24, 2022 led to higher global crude oil and other commodity prices in 2022 which partly bloated the Philippines' imports and trade deficit to record levels. This resulted in elevated inflation worldwide which triggered aggressive Federal rate hikes that supported a strong U.S. dollar earlier in 2022.

This event prompted BSP to implement local policy rate hikes totaling 350 basis points in 2022, 50 bps in February 2023 and another 25 bps this March 2023 to temper the high domestic inflation and be in sync with US Federal hikes to help manage the peso exchange rate.

The increase in BSP policy rates resulted in higher cost of deposits. It has also led to unrealized mark-to-market losses in FVOCI portfolio which fluctuates according to market condition; unless sold, these losses are recorded as part of the other comprehensive income or loss under Statement of comprehensive income.

The Group has implemented strategies to mitigate the increase in cost by issuances of loans with higher rates and growing low-cost deposits. BSP policy rates are also seen to come down in the second half of 2023 as inflation decelerates.

# 13.3 Increase in shareholding of SMBC

On November 2, 2022, the Bank's BOD approved the increase in shareholding of SMBC, an existing shareholder of 4.99% of the total outstanding common stock of the Bank, to 20% through the combined sale of subscription of an aggregate of 382 common stock to SMBC, partly coming from the reissuance of treasury shares and issuance of new common stock, at the price of P71 per share. As of March 31, 2023, there is still no capital infusion in relation to this transaction.

# ADDITIONAL DISCLOSURES TO ITEM I – FINANCIAL STATEMENTS

Statement of Compliance with Generally Accepted Accounting Principles. The interim financial statements of the Bank have been prepared in accordance with the Philippine Financial Reporting Standards (PFRS).

See accompanying Notes to Interim Financial Statements for the detailed discussion of compliance with Generally Accepted Accounting Principles.

**Accounting Policies and Methods of Computation.** See accompanying Notes to Interim Financial Statements for the detailed discussion of the accounting policies and methods of computation (Note 2).

**Seasonality or Cyclicality of Interim Operations.** Seasonal or cyclical events and/or conditions do not materially affect the year-round operations of the Bank.

Changes in Estimates of Amounts Reported. There were no changes in estimates of amounts reported in prior interim periods of the current financial year or in estimates of amounts reported in prior financial years.

**Issuances, Repurchases and Repayments of Debt and Equity Securities.** On March 16, 2023, the Bank redeemed the USD450.0 million or Php24.7 billion Senior Notes with coupon rate of 4.125%.

On January 30, 2023, the Board of Directors approved the issuance of US Dollar Notes, via a public issuance and/or private placement out of the Bank's USD3.0 billion Medium Term Note Programme, subject to market conditions.

**Dividends Paid for Ordinary or Other Shares.** In its meeting held on March 27, 2023, the Board of Directors approved the declaration and payment of cash dividends amounting to P1.08 per share or a total of P2.2 billion and P288.8 thousand payable to holders of Common Class and Preferred Class shares, respectively, both paid on April 27, 2023.

In its meeting held on February 27, 2023, the Board of Directors approved the declaration and payment of cash dividends amounting to P0.1685 per share or a total of P45.0 thousand payable to holders of Preferred Class shares and paid on March 23, 2023.

In its meeting held on January 30, 2023, the Board of Directors approved the declaration and payment of cash dividends on the Bank's USD300 million Non-cumulative Hybrid Perpetual Securities at a dividend rate of 6.50% per annum or a total of USD9.8 million or P532.7 million payable to holders of said Securities, which was paid on February 27, 2023.

In its meeting held on November 28, 2022, the Board of Directors approved the declaration and payment of cash dividends amounting to P0.1407 per share or a total of P37.6 thousand payable to holders of Preferred Class shares and paid on December 27, 2022.

In its meeting held on August 30, 2022, the Board of Directors approved the declaration and payment of cash dividends amounting to P0.1047 per share or a total of P28.0 thousand payable to holders of Preferred Class shares and paid on September 22, 2022.

In its meeting held on July 25, 2022, the Board of Directors approved the declaration and payment of cash dividends on the Bank's USD300 million Non-cumulative Hybrid Perpetual Securities at a dividend rate of 6.50% per annum or a total of USD9.8 million or P539.7 million payable to holders of said Securities, which was paid on August 26, 2022.

In its meeting held on May 30, 2022, the Board of Directors approved the declaration and payment of cash dividends amounting to P0.0748 per share or a total of P20.0 thousand payable to holders of Common Class shares and paid on June 23, 2022.

In its meeting held on March 28, 2022, the Board of Directors approved the declaration and payment of cash dividends amounting to P0.6180 per share or a total of P1.3 billion and P165.3 thousand payable to holders of Common Class and Preferred Class shares, respectively, both paid on April 27, 2022.

In its meeting held on February 28, 2022, the Board of Directors approved the declaration and payment of cash dividends amounting to P0.0553 per share or a total of P14.8 thousand payable to holders of Preferred Class shares and paid on March 23, 2022.

In its meeting held on January 31, 2022, the Board of Directors approved the declaration and payment of the cash dividends on the Bank's USD300 million Non-cumulative Hybrid Perpetual Securities at a dividend rate of 6.50% per annum or a total of USD9.8 million or P497.4 million payable to holders of said Securities, which was paid on February 28, 2022.

The details of the cash dividend approvals and distributions from 2022 up to March 31, 2023 are as follows (amounts in Thousand Php except per share figures):

Note: In 2015, the BSP, through the monetary board, approved the liberalized rules for banks and quasi-banks on dividend declaration. The policy requires that dividend declaration be immediately recognized as a liability upon the approval of the BOD and that it be disclosed in the statement of changes in equity. Further, prior BSP approval is no longer required except for certain cases.

Material Events Subsequent to the End of the Interim Period Not Reflected in the Financial Statements. See accompanying Notes to Interim Financial Statements for the detailed discussion on the material events subsequent to the end of the interim period not reflected in the financial statements (Note 13).

Changes in Composition of the Issuer During the Interim Period and Material Contingencies and Any Other Events or Transactions. There were no material changes in composition of the issuer during the interim period and material contingencies and any other events or transactions.

Changes in Contingent Liabilities or Contingent Assets. There were no material changes in contingent liabilities or contingent assets since the last annual balance sheet date.

<sup>\*</sup> March 31, 2023 and 2022 ratios/amounts were annualized

<sup>1/</sup> Average assets for the consolidated and parent ratios were computed based on the 3-month average of end of month balances of total assets. Unaudited net income for the 3-month period ended March 31, 2023 in the amount of P3.6 billion represented the consolidated and parent.

<sup>2/</sup> Average equity for the consolidated and parent ratios were, likewise, computed based on the 3-month average of end of month balances. Unaudited net income for the 3-month period ended March 31, 2023 in the amount of P3.4 billion represented the consolidated and parent, net of dividends on Hybrid Perpetual Securities of P266.4 million.

<sup>3/</sup> NPL ratio is determined by using the following formula: (Total NPLs net of total specific provision for losses of NPLs) / (Total gross loan tortfolio).

<sup>4/</sup> NPA ratio is determined by using the following formula: [Net NPLs + Gross Real and Other Properties Acquired (ROPA) + Non-performing Sales Contract Receivable (SCR) + Non-Current Assets Held for Sale (NCAHS) / Gross Total Assets.

<sup>5/</sup> Excluding Interbank Loans

<sup>6/</sup> Total weighted average number of issued and outstanding common shares (diluted) were 2,037,539,330 shares as of March 31, 2023 and 2,037,538,705 as of December 31, 2022. Net income was net of dividends on Hybrid Capital Securities.

#### STATEMENT OF CONDITION: 31 March 2023 vs. 31 December 2022

RCBC's Total Assets recorded at P1.2 trillion as of March 31, 2023.

Cash and Other Cash Items decreased by 27.4% or P4.9 billion from P18.1 billion to P13.1 billion as a result of leveling off of cash in vaults and ATMs from its higher year-end cash requirement.

Loans under Reverse Repurchase Agreement significantly increased by 141.8% or P12.4 billion from P8.7 billion to P21.1 billion due to higher placements with the BSP.

Total Investment Securities, representing 30.4% of Total Resources, decreased by 6.2% or P23.1 billion from P374.4 billion to P351.3 billion attributable to the 9.5% or P10.9 billion decrease in Financial Assets at Fair Value Through Other Comprehensive Income (FVOCI); 7.3% or P18.5 billion decrease in Investment Securities at Amortized Cost; net of 90.5% or P6.4 billion increase in Financial Assets at Fair Value Through Profit or Loss (FVTPL);

Loans and Receivables - net, settled at P573.1 billion and represented 49.7% of Total Resources.

Investment in Associates – net, increased by 11.6% or P44.0 million from P379.0 million to P423.0 million on account of higher income from associates.

Bank Premises, Furniture, Fixtures & Equipment – net, decreased by 14.1% or P1.6 billion from P11.3 billion to P9.7 billion mainly due to the sale of various real estate properties.

Other Resources – net, increased by 27.4% or P3.7 billion from P13.6 billion to P17.3 billion mainly due to recognition of net defined benefit asset and higher creditable withholding tax.

Deposit Liabilities were recorded at P859.4 billion and represented 74.5% of Total Resources. Demand deposits settled at P175.5 billion and accounted for 15.2% of Total Resources. Savings deposits at P256.5 billion which is 22.2% of Total Resources. Time deposits reached P427.4 billion and accounted for 37.0% of Total Resources.

Bonds Payable significantly decreased by 34.4% or P25.6 billion from P74.4 billion to P48.8 billion mainly attributable to the maturities of USD450.0 million Senior Notes in March. It represented 4.2% of Total Resources.

Accrued Taxes, Interest and Other Expenses increased by 6.6% or P558.0 million from P8.4 billion to P9.0 billion mainly due to the increase in accruals of interest on deposits.

Other Liabilities increased by 75.1% or P23.3 billion from P31.0 billion to P54.3 billion largely due to increase in trade payables and set-up of dividends payable on common shares.

Total Liabilities recorded at P1.0 trillion and represented 89.9% of Total Resources.

Other Comprehensive Loss – net, was higher by 13.8% or P885.0 million from P6.4 billion to P7.3 billion mainly due to the re-measurement of net defined benefits.

Total Capital Funds were recorded at P116.4 billion and accounted for 10.1% of Total Resources.

#### INCOME STATEMENT: 31 March 2023 vs. 31 March 2022

The Bank recorded a net income of P3.6 billion for the first quarter of the year – higher by P1.5 billion or 69.9% from the same period last year. The significant improvement was driven by the following:

Total interest income increased by 42.8% or P4.4 billion from P10.3 billion to P14.7 billion and accounted for 112.9% of total operating income. Interest income on loans and receivables increased by 31.8% or P2.6 billion from P8.1 billion to P10.7 billion driven by the growth in average volume and higher average yield of loans and receivables year-on-year. It accounted for 82.4% of total operating income. Interest income on investment securities increased by 60.6% or P1.2 billion from P2.0 billion to P3.2 billion as a result of the growth in volume and better yields; it accounted 24.9% of total operating income. Other interest income, likewise, increased by 424.3% or P594.0 million from P140.0 million to P734.0 million due to the higher placements with the BSP complemented with higher average yield.

Total interest expense increased by 233.1% or P5.2 billion from P2.2 billion to P7.4 billion and accounted for 57.0% of total operating income. Interest expense on deposit liabilities increased by 463.5% or P5.1 billion from P1.1 billion to P6.2 billion due to the combined effects of the increase in volume and rising interest rates; it represented 47.6% of total operating income. Interest expense on bills payable and other borrowings increased by 8.4% or P95.0 million from P1.1 billion to P1.2 billion due to higher volume and average costs year-on-year; it accounted for at 9.4% of total operating income.

As a result, net interest income decreased by 9.7% or P785.0 million from P8.1 billion to P7.3 billion.

The Group booked total Impairment Losses of P1.5 billion and it represented 11.5% of total operating income.

Other operating income amounted to P5.7 billion which grew by 209.5% or P3.9 billion. This accounted for 44.1% of total operating income and is broken down as follows:

- Trading and securities gains and losses net, were lower by 52.1% or P63.0 million mainly attributable to lower realized trading gains, tapered off by higher unrealized marked-to-market gains from securities;
- Service fees and commissions increased by 26.6% or P299.0 million from P1.1 billion to P1.4 billion on account of higher fee-based income led by credit card, loans and deposits and digital fees. It represented 11.0% of total operating income;
- Foreign exchange gains net, were higher by 1,587.5% or P381.0 million from P24.0 million to P405.0 million mainly due to higher foreign exchange income from commercial transactions;
- Miscellaneous income increased by 679.3% or P3.3 billion from P479.0 million to P3.7 billion largely on account of gain on sale of various real estate properties.

Operating expenses were recorded at P7.2 billion which inched up by 22.3% or P1.3 billion. This accounted for 55.4% of total operating income, and broken down as follows:

- Total Employee benefits increased by 7.6% or P121.0 million from P1.6 billion to P1.7 billion, as a result of the increase in headcount to complement the new Business Centers opened in 2022. It represented 13.2% of total operating income;
- Occupancy and equipment-related expenses increased by 18.8% or P131.0 million from P698.0 million to P829.0 million largely due to increase in rental expenses and repairs and maintenance of computer equipment and software. It represented 6.4% of total operating income;
- Taxes and licenses, which accounted for 12.8% of total operating income, increased by 71.4% or P695.0 million from P974.0 million to P1.7 billion mainly due to higher gross receipt tax attributed to increase in gross revenues year-on-year and higher documentary stamp tax;

- Depreciation and amortization increased by 15.3% or P112.0 million from P730.0 million to P842.0 million largely due to increase in amortization of right-of-use on leased assets and higher depreciation on ROPA real estate properties. It represented 6.5% of total operating income;
- Miscellaneous expenses increased by 13.3% or P251.0 million from P1.9 billion to P2.1 billion largely due to increase in regulatory fees and other transaction-related expenses. It accounted for 16.5% of total operating income.

The higher income year-on-year resulted to an increase in Tax expense by 104.9% or P341.0 million from P325.0 million to P666.0 million.

There were no significant elements of income or loss that did not arise from the Bank's continuing operations.

# **Commitments and Contingent Liabilities**

See accompanying Notes to FS for the detailed discussion of Commitments and Contingent Liabilities and the summary of contingencies and commitments arising from off-balance sheet items and their equivalent peso contractual amounts (Note 12).

There are also no known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales/revenues/income from continuing operations.

There were no material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the company with unconsolidated entities or other persons created during the reporting period.

Similarly, there were no significant elements of income or loss that did not arise from the Bank's continuing operations.

#### **SIGNATURES**
