Resolution No. 24-01

"BE IT RESOLVED, AS IT IS HEREBY RESOLVED, That the stockholders hereby approve, confirm and ratify the Minutes of the Annual Stockholders' Meeting held on July 3, 2023, copies of which are posted on the Bank's website, and attached to the Definitive Information Statement."

V. <u>Approval of the Annual Report and Audited Financial Statements for 2022</u> — The Annual Report and the 2023 Audited Financial Statements of the Bank, copies of which are available at the Bank's website, the PSE Edge and which were also attached to the Definitive Information Statement, were explained and submitted to the stockholders for approval.

The Annual Report together with the Definitive Information Statement includes, among others, the following matters: (a) an explanation of the dividend policy and dividend payments; (b) material information on the current stockholders and their voting rights; and (c) a detailed, descriptive and balanced assessment of the Bank's performance. The duly signed and certified Audited Financial Statements also includes a statement on the adequacy of the corporation's internal controls or risk management systems, and a statement of all external audit and non-audit fees.

Mr. Acevedo presented his report to the stockholders. He started by saying that the global economic recovery may have remained elusive in 2023, but the Bank is in a much better shape than it is during the COVID-19 pandemic.

Mr. Acevedo said that to future-proof the Bank's business and to avoid guesswork, the Bank turns to science and technology. He shared that this has led the Bank to unleash a plethora of tools — from automation, data analytics, and cybersecurity, to artificial intelligence (AI) and machine learning.

He highlighted that Tech helps the Bank achieve greater operational efficiency, scalability, and deeper insights into customer behavior but stressed that the Bank cannot thrive with tech alone. He stressed that the Bank must also know how to forge human connections to create amazing customer experiences.

In 2023, the Bank solidified its position as the fifth largest private bank in the country, with total assets of over P1.2 Trillion. The Bank's consolidated net income reached P12.22 Billion in 2023. This was boosted by a 15% year-on-year growth in customer loans which reached P622.0 Billion, faster than the industry average. The Bank's consumer loans grew double digit, as credit cards' 48% growth consistently outperformed industry, while auto and housing loans recorded an 18% increase. RCBC's total deposits reached P957.0 Billion, spurred by the 19% increase in CASA deposits across all segments. Its cash management and payroll solutions, alongside extensive business relationships, provided the double-digit lift in the Bank's low-cost deposits.

The Bank's capital rose 31% on the back of the capital infusion from Sumitomo Mitsui Banking Corporation in July 2023. Both the Bank's capital adequacy ratio (CAR) and Common Equity Tier 1 (CET1) ratios remained well above regulatory requirements at 17.37% and 14.69%, respectively.

On the asset quality side, tighter credit policies and prudent remedial management kept RCBC's nonperforming loans low at 3.34% from 3.75% in 2022.

He emphasized that Tech plays a huge supporting role in producing the abovementioned numbers as the Bank turns to tech to know its customers better, and learn how best to serve them.

RCBC's elite team of data scientists has developed 55 machine learning models to help the Bank come up with curated products that address the needs of its customers, as well as to further improve its workforce productivity. Using Robotic Process Automation, the Bank deployed 45 business intelligence dashboards across the organization so the Bank's people can serve RCBC customers better. As a result, the Bank was able to increase its throughput without increasing headcount.

He said that RCBC treats its tagline, "Partners through Generations," as a serious commitment to keep its relationship with its clients and their families strong and enduring. He stated that for the Bank to cater to and anticipate the needs of different generations, RCBC must continuously innovate and future-proof its organization.

Mr. Acevedo highlighted that this commitment extends to RCBC's employees. He disclosed that majority of RCBC Bankers are first-generation graduates in their families and come from modest economic backgrounds. Many have taken over the role of a breadwinner in the family.

The Bank bears the significant responsibility to do well in its business so it can uplift the lives of its employees and their families.

Mr. Acevedo stressed that banking is all about people. The better the Bank serves its own, the more they deliver exceptional customer experience. Al-driven chatbots can guide customers through their journey, but they can't replace the Bank's branch tellers' welcoming smile over the counter, the human-written thank-you notes, and the friendly voice on the other end of the customer hotline.

The proof that the Bank is doing things right is that the Bank turned 2023 as another "award-sweeping" year. He shared that the Bank garnered a total of 50 awards and recognitions from various prestigious international award giving bodies in 2023, including "Best in Customer Service" in the 2023 survey of the Philippine Daily Inquirer and Statista, the world's leading data and business intelligence portal; "Best Bank for Digital" from AsiaMoney for the fourth consecutive year; "Digital Bank of the Year" from The Asset; and "Credit Card of the Year," "Best Cash Management Bank," "Best SME Bank," and "Best Retail Bank."

All these accolades may lull the Bank into complacency, but Mr. Acevedo challenged RCBC to go after its ambition to be the primary bank of its customers. To be the No. I bank for every single customer relationship, the Bank must be superior on all these: product bundles, reliable systems, and customer service ratings. He added that the capital infusion, knowledge and technology transfer from SMBC give the Bank greater confidence in the strength of its franchise.

He acknowledged that the world rapidly evolves and so the Bank must always anticipate change, and brace itself for the headwinds. He said that even if the wind keeps blowing against where the Bank wants to go, it should not deter it from moving forward, and instead, it should steel its nerves, sharpen its focus, and embolden it to realize its ambition. He declared that with skill and science, the Bank can navigate its way to being the primary bank of its customers.

We must never be afraid to sail against the wind, Mr. Acevedo ended.

The Chairperson thanked Mr. Acevedo for his report.
