

Partners Through Generations

Rizal Commercial Banking Corporation

Sustainability Report 2024

Contextual Information

Company Details	
Name of Organization	Rizal Commercial Banking Corporation
Location of Headquarters	Yuchengco Tower, RCBC Plaza, 6819 Ayala Avenue, Makati City
Location of Operations	Philippines
Report Boundary: Legal entities (e.g. subsidiaries) included in this report	Rizal Commercial Banking Corporation www.rcbc.com
Business Model, including Primary Activities, Brands, Products, and Services	Rizal Commercial Banking Corporation (RCBC or the Bank) is a universal bank in the Philippines that provides a wide range of banking and financial products and services. The Bank offers commercial, corporate, and consumer lending products, cash management products, treasury products, and remittance services. The Bank and its subsidiaries are engaged in all aspects of traditional banking, investment banking, retail financing (auto, mortgage/housing loans, credit cards, and microfinance loans), remittance, leasing, foreign exchange, and stock brokering.
Reporting Period	January 1, 2024 – December 31, 2024
Highest Ranking Person responsible for this report	Eugene S. Acevedo President and Chief Executive Officer

Established in September 1960, Rizal Commercial Banking Corporation (RCBC or the Bank) started operations in the province of Rizal under the name Rizal Development Bank. RCBC received approvals from the Bangko Sentral ng Pilipinas (BSP) to operate as a commercial bank in 1963 under its current name and then as a universal bank in 1989. For over sixty years, the Bank has been a pillar of the banking industry in the Philippines with a wide range of services in investments, microfinancing and overseas remittances among many others.

RCBC is a member of the Yuchengco Group of Companies (YGC), a premier business organization in the Philippines covering over 60 businesses involved in a wide range of financial and non-financial services. YGC is recognized as one of the oldest and largest conglomerates in Southeast Asia. RCBC is a publicly-listed company (Stock Code: RCB) in the Philippine Stock Exchange (PSE).

RCBC solidified its position as the fifth largest private universal bank in the Philippines posting a consolidated net income of Php 9.5 billion in 2024 and total assets of over Php 1.36 trillion. Consumer lending momentum is led by credit cards, auto and housing loans with 40% growth. As of end 2024, the Bank had a total consolidated network of 465 branches and 9,908 ATM¹s.

As a diversified financial institution, RCBC serves corporate and individual banking needs through multiple customer channels offering innovative products and services to various markets. RCBC's inclusive financial business model expanded in 2010 when it ventured into the microfinance business via Rizal MicroBank (RMB, the thrift bank subsidiary) to serve the unbanked and underserved segments of the country's population. RMB is one of the more recent affiliates of YGC. RMB mainly provides loans to microenterprise and small business operators as well as agricultural value chain players.

¹ Includes ATM Go terminals (RCBC's handheld ATM facility enabling banking transactions outside branches and ATMs)

RCBC aligns its business strategy to support the development needs of the environment and society, as articulated in the United Nations (UN) Sustainable Development Goals (SDGs) and the Paris Agreement on Climate Change. RCBC institutionalizes awareness of environmental and social (E&S) issues within the organization, with its clients, and communities served. The Bank believes that sustainable practices are a key pillar of responsible lending which delivers meaningful impact on the environment and communities. In December 2020, RCBC committed to cease funding of the construction of new coal power plants in the country or anywhere else in the world. The Bank's remaining exposure to coal-fired power projects will be zeroed out by 2031, initially disclosed in RCBC's 2021 Sustainability Report and re-confirmed by RCBC's President and Chief Executive Officer (CEO) Eugene S. Acevedo through a press release in March 2022.

RCBC recognizes that digitalization is a key driver of sustainable practices and development. These digital innovations have propelled RCBC to new heights. In 2024, the Bank was named "Best Bank for Digital" by Euromoney (formerly AsiaMoney) for the fifth consecutive year and scored multiple global awards including the sole Philippine winner as "Sustainable Innovator" at the Singapore FinTech Festival (SFF) FinTech Excellence Awards; twin recognitions from Asia CEO Awards as Most Innovative Company of the Year and Sustainability Company of the Year; triple wins in the Infosys Finacle Innovation Awards in the following categories: Business Model Innovation (DiskarTech), Maximizing Customer Engagement (Pulz), and ESG-Led Innovation (ATM Go); Best SME Financial Inclusion Initiative in the Global SME Banking Innovation Awards 2024 (ATM Go), Best in Future of Customer Experience in the IDC Future Enterprise Awards 2024 (Pulz), and the Best Customer Experience Bank in the International Finance Awards 2024.

Similarly, RCBC remains to be a leader in sustainable banking. The Bank has been lauded as (i) "Best Bank for Sustainable Development Philippines" at the 2024 Global Banking & Finance Awards, (ii) recipient of the "3G Eco-Friendly Financial Services Award 2024" and (iii) "3G Best Sustainability Framework Award 2024" both at the 9th Global Good Governance Awards in April 2024, (iv) "Circle of Excellence Awardee for Sustainability Company of the Year" at the Asia CEO Awards 2024, and (v) "The Asset Benchmarking Award for Excellence in Environmental, Social, and Governance (ESG) – Platinum Award, 2024" by the Asset ESG Corporate Award.

Materiality Process

Explain how you applied the materiality principle (or the materiality process) in identifying your material topics.

In light of modern day issues such as climate change and cyber security, financial institutions provide essential services and support to the country's journey toward a resilient and sustainable development. There are significant economic, environmental and social impacts which banks bring about in terms of their direct operations and selection of various sectors to be financed. RCBC remains to be among the country's leading private universal banks as it upholds the following fundamentals continues in the conduct of its business:

- Reinventing Products and Services through Digital Transformation, enriched through the use of Artificial Intelligence (AI) and Data Science – RCBC continues to deliver innovative and technology-driven solutions that meet the requirements of its customers, including those of the underserved and the unserved communities. There are 46 AI models deployed across the organization which help streamline operational processes.
- Scaling up Sustainable Financing and Climate Risk Management – With remarkable growth in RCBC's renewable energy (RE) portfolio alongside the implementation of new programs, the Bank has demonstrated unwavering commitment in taking action against climate change as espoused under the Bank's Sustainable Finance Framework.
- Empowering Customers against Cyber Attack and Fraud Risk through Customer Awareness Campaigns – Recognizing that information can be the customer's armour against unauthorized banking transactions, RCBC has continued to partner with various organizations in using social media platforms for disseminating relevant and effective customer educational programs.

This report covers the topics considered material to the Bank's operations with management approach to risks and opportunities detailed to the extent possible. The information provided substantively influences assessments and decisions of various stakeholders (including investors). Topics include the following:

- Compliance with BSP Circulars and applicable national and local regulations
- Bank policies on business ethics, code of conduct, supplier accreditation and vetting
- Information on data security, management against cyber security threats and fraudulent activities.
- Disclosures covering financial aspects (loan portfolio and concentration of credit), workforce readiness programs, talent acquisition and retention, training and development
- Strategy to invest in green, blue, and social projects, support to Micro-, Small- and Medium-sized Enterprises (MSMEs)
- Products, programs and initiatives including relationship with communities

Significant economic, environmental, and social impacts of the organization: RCBC continued to support the country's growth and sustainable development anchored on the following focus areas:

- **Delivering Excellent Customer Experience through Digital Strategies, Innovation and Inclusion.** RCBC continues to provide best-in-industry products with corresponding innovations that are able to bring banking services closer to MSMEs and those in rural areas.
- **Boosting Support for RE.** The Bank has surpassed its target of increasing its RE portfolio by 10-15%, having reached an exceptional actual RE portfolio growth of over 80% from 2023 to 2024. Furthermore, RCBC headquarters at the RCBC Plaza and AT Yuchengco Center (ATYC) are now 100% RE-powered, certifying the Bank's conscious effort to integrate sustainability in its day-to-day operations.

- **Upholding the Passion for Capacity Building Activities in Sustainability.** Recognizing that knowledge and awareness are key toward climate action and sustainability as a whole, RCBC has remained active in various knowledge-sharing activities, both internally and externally. RCBC continues to believe that empowering the mind propels action, and action leads to results even amidst the evolving nature of sustainability.
- **Supporting 17 UN Sustainable Development Goals (SDGs).** The Bank has now mapped out its contributions to all of the 17 UN SDGs through its Sustainable Finance Framework, products, services, and various projects that primarily promote environmental protection, financial inclusion, and social advocacies.

In this report, topics considered material are those relevant to and centered on the above significant impacts.

Information that substantively influences the assessments and decisions of stakeholders, including investors: Data on the following have remained essential as the economy continues to recover and businesses restore their pre-pandemic strength:

- **Information in fostering customer trust given the unabated dependence on digital banking.** Examples are data on customer engagement/customer satisfaction, business continuity, customer privacy, upholding the rights of the customer, data security, risk management of cyber security threats/fraud, and business ethics.
- **RCBC's transparency.** This includes all of the Bank's disclosures (e.g. financial results, workforce readiness program, talent acquisition, training and development, technological advancements, risk management strategies, implementation of Environmental, Social and Governance or ESG best practices).
- **RCBC's compliance.** This covers documents / processes to address the requirements of BSP Circulars (including all subsequent updates on such) and all relevant laws and regulations.

Matters that substantively affect the organization's ability to create value over the short-, medium- and long-term:

- Adapting to evolving environment, its economic results and financial well-being;
- Ensuring the welfare of employees and investments in human capital;
- Developing innovations to respond to customer needs and circumstances; and
- Ensuring sustainability across the value chain (including lending units, suppliers and partners).

ECONOMIC

Economic Performance

Direct Economic Value Generated and Distributed

Disclosure (January 1 – December 31, 2024)	Amount (consolidated)	Units
Direct economic value generated (revenue)	2024: 53.408 Billion 2023: 49.997 Billion 2022: 44.454 Billion	Php
Direct economic value distributed:		
a. Total operating costs	2024: 37.963 Billion 2023: 38.587 Billion 2022: 30.457 Billion	Php
b. Employee wages and benefits	2024: 8.059 Billion 2023: 7.150 Billion 2022: 6.563 Billion	Php
c. Payments to suppliers, other operating costs	2024: 16.219 Billion 2023: 18.099 Billion 2022: 14.732 Billion	Php
d. Dividends given to stockholders	2024: 3.289 Billion 2023: 3.289 Billion 2022: 2.308 Billion	Php
e. Taxes given to government	2024: 10.266 Billion 2023: 9.867 Billion 2022: 6.747 Billion	Php
f. Investments to community (e.g. donations, CSR)	2024: 130 Million 2023: 182 Million 2022: 107 Million	Php

Which stakeholders are affected?

Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to economic value generated & distributed by the organization)
Stockholders	<ul style="list-style-type: none"> - Financial performance/health: Revenue, operating costs, remaining value retained in the company for liquidity and future investments - Fiscal and risk management to enhance profitability and bank operations - Regulatory compliance with BSP, SEC and PSE and international best practices - Economic contribution to the country - Dividends - Community investments
Loan/Fund Providers & Creditors/Depositors	<ul style="list-style-type: none"> - Equitable interest rates and sound financial advice - Value creation: financial contribution and impact to UN SDGs
Customers/Clients	<ul style="list-style-type: none"> - Evidence of financial capacity - Reliability and continuity of operations, unusual decline in financial results
Employees	<ul style="list-style-type: none"> - Equitable wages and benefits

Suppliers	- Payments made
Government	- Taxes paid
Community	- Corporate Social Responsibility - Community investments with positive impact - Periodic partnerships and sponsorships - Participation in and support of worthy causes

What is the impact and where does it occur? What is the organization's involvement in the impact?

The impacts are the following:

- o Value generation for stakeholders
- o Assurance on financial well-being for customers, employees
- o Benefits to the environment and society through lending activities²
- o Promotion of fiscal growth through taxes contribution
- o Demonstration of resilience and stability in the banking sector

These occur in the primary business operations and supply chain, and are caused by the organization.

Management Approach to Impact

RCBC upholds an inclusive financial business model that effectively serves its stakeholders through:

- i) revenue generated;
- ii) economic value deployed through employee wages and benefits, payments made to suppliers, dividends for stockholders, taxes paid to the government;
- iii) investments in local communities as well as core industries supporting the country's economic growth; and
- iv) expansion of banking access to the unbanked and underserved parts of the country

What are the risks identified?

Revenue generation may be challenged by the following risks:

- i. Climate change-related calamities, public health crises and macroeconomic environment which influence customer behavior, constrain access to financial services (especially for the unbanked and underserved communities), or adversely affect employee well-being.
- ii. Cyber security/ information security attacks, breaches and fraud as the financial system has significantly expanded through online banking and digital finance. More high profile fraud and more sophisticated scams have proliferated alongside the development of innovative electronic channels and services. These may pose risk on the overall consumer confidence in the banking system and may lead to diminishing trust on digitalization / online banking as a secure and sound means of transacting with banks, as recognized by BSP Circular 1140.
- iii. Financing support to sectors with elevated environmental risks. This leads to vulnerability toward transition risk, as acknowledged by BSP Circulars 1085 and 1128.

Management Approach to Risks

RCBC: A Domestic Systemically Important Bank (DSIB)

As a DSIB, RCBC must demonstrate the capacity to maintain resilience against distress that will affect the financial system as a whole, and the economy at large. RCBC (like other DSIBs) needs to have higher loss absorbency (HLA). The HLA requirement is attained through the Bank's Common Equity Tier 1 (CET1) which establishes a maximum degree of effective loss absorbing capacity. In the event of any breach in the HLA capital requirement, concrete and reasonable recovery plans shall be implemented as outlined in RCBC's Internal Capital

² RCBC. Sustainability. <https://www.rcbc.com/sustainability>.

Adequacy Assessment Process (ICAAP) document. The implementation of recovery plans is aimed at improving capital position and restoring financial condition to viable levels in cases of significant deterioration under certain scenarios.

As of December 31, 2024, the Bank's CET1 ratio is 13.28% (solo) and 13.53% (consolidated), both of which are above the regulatory requirement.

Business Continuity Program

RCBC has a Crisis Management Team (CMT) headed by the President and CEO. The CMT oversees the implementation of the comprehensive Crisis Management Framework which equips the Bank in responding to an event-led disruption in operations. The CMT's role is integral to the Bank's Business Continuity Program as it is responsible for synchronizing all measures for the Bank to contain losses and recover operations as quickly as possible.

The Bank's Business Resiliency Department under the Risk Management Group (RMG) ensures preparedness for any disaster/crisis by coordinating with all teams in developing and maintaining a bank-wide Business Continuity Plan (BCP) and identifying critical products/services as well as required operational support to sustain operations. The BCP identifies the necessary resources (people, processes, IT systems, and other equipment) and includes contingency procedures to guide all units on how to respond, recover, resume, and restore operations following the disaster/crisis. The BCP complies with the BSP Circular 951 on Business Continuity and with Business Continuity Management (BCM) standards such as ISO 22301 and BS25999.³

The BIG ONE

In a joint study, the Metropolitan Manila Development Authority (MMDA), the Japan International Cooperation Agency (JICA), the Philippine Institute of Volcanology and Seismology (PHIVOLCS) looked at 18 earthquake scenarios to identify the greatest risk to Metro Manila. Three scenarios were identified to pose the highest risk as follows:

1. 7.2-magnitude earthquake from the West Valley Fault,
2. offshore 7.9-magnitude earthquake from the Manila Trench, and
3. 6.5-magnitude earthquake hitting Manila Bay.

The first scenario, popularly known as the "Big One", is predicted to traverse a 100-kilometer fault that runs through six cities in Metro Manila and nearby provinces. Should this scenario happen, it could result in a disaster of never-before-seen proportions.

The scenario is characterized by at least the following events:

- The collapse of 170,000 residential houses and the death of about 34,000 people. Another 114,000 individuals will be injured while 340,000 houses will be partly damaged;
- At least seven bridges will fall, while 10% of public buildings will be heavily damaged;
- The 4,615 kilometers of water distribution pipes will suffer 4,000 points of breakage. Thirty kilometers' worth of electric cables will be cut and 95 kilometers of communication cables will be disconnected. Cellular phone service will be congested and out of use;
- Several fires will originate from factories, hospitals and kitchens. The scenario, which is assumed to occur at nighttime, predicts the fires will burn 1,710 hectares of land, claiming 18,000 lives;

³ ISO 22301 is the international standard for business continuity management, and builds on the success of British Standard BS 25999 and other regional standards. It is designed to protect business from potential disruption, which includes extreme weather, fire, flood, natural disaster, theft, IT outage, staff illness or terrorist attack. BS25999, the world's first British standard for BCM, has been developed to help minimize the risk of such disruptions.

- Ambulances will be unable to get through the streets and bodies will be lined along the road. The scenario is reminiscent of the horrors of Super Typhoon Yolanda; and
- The destruction, together with the losses that the economy will suffer, will constitute a national crisis.

As a preparation for the BIG ONE, the Bank officially inaugurated the Angeles Alternate Site (Angeles City, Pampanga) in 4Q2023. This alternate site is strategically and safely situated in the north, away from the west valley fault. It will serve as the Bank's and subsidiaries' back-up for its critical functions in case the primary office in the National Capital Region (NCR) becomes inaccessible or unsafe.

Disaster Preparedness: RCBC Response to Natural Calamities and Cyber Attacks

RCBC Senior Management has always been on top of disaster preparedness and response to natural, man-made, technological and pandemic threats and events. Comprehensive Disaster Recovery Plan, Crisis Management Plan and Institutional BCP are in place and readily available upon activation. BCP Teams and BCP Leaders are equipped with all the training and preparation strategies for any contingency. Alternate sites, Data Center back-up site outside of Metro Manila, IT redundancy infrastructure, Buddy Branch system and contingency procedures are annually tested in order to ensure that infrastructure and BCP Teams execute the plans and validate efficiency and effectiveness in preparation for any threat on cyber incident or disaster occurrence.

Incorporating Environmental and Social (E&S) risk in the Bank's BCP and disaster preparation helps the institution to formulate effective strategies to address its impacts.

The Bank has created a risk assessment tool that meticulously tracks the vulnerabilities of its employees, its assets as well as clients from escalating threats posed by climate-related disasters. This data-driven disaster risk dashboard serves as a centralized platform for visualizing, analyzing, and responding to disaster risks using up-to-date and historical data.

The risk assessment tool mitigates the impacts of climate change by monitoring key locations and assets in high-risk areas. The disaster risk dashboard tracks the vulnerabilities of the employees and various premises and offices across the country.

This initiative allows the Bank to preemptively position its disaster recovery and emergency response teams in areas most susceptible to risks such as flooding, earthquakes, and volcanic activity.

Applications of the Dashboard

1. Emergency Preparedness: Helps planners identify high-risk areas and develop contingency plans.
2. Disaster Response: Facilitates coordination among responders by providing real-time updates and resource tracking.
3. Recovery and Resilience Building: Supports long-term recovery by analyzing post-disaster impacts and identifying opportunities to reduce future risks. Tabletop exercises on E&S risks have been conducted annually to gauge the BCP teams' knowledge, awareness and capacity in effectively managing an E&S incident. For 2024, the scenario focused on La Niña weather pattern, where the country had its fair share of super typhoons and tropical cyclones including the extraordinary six (6) typhoons that affected the country within 30 days. During late October to mid-November, six (6) tropical cyclones entered the Philippines Area of Responsibility (PAR) with varying strengths from Severe Tropical Storm to Super Typhoons, with heavy to intense rainfall or strong to severe winds.

The tabletop activity prepares the Business Units to effectively manage extreme weather events with disruptions such as super typhoons. The exercise was participated by selected BCP Leaders, Support Groups and Management Teams who are the drivers of business continuity and crisis management.

There were no major natural or technological catastrophes in 2024 that triggered a crisis management plan.

However, awareness training, tabletop exercises and BCP testing are conducted annually to equip key people and responders on the updated guidelines and Bank strategies. Daily news alerts on weather forecast and volcanic movements are sent out to employees and subsidiaries twice during working days. The reports give an overview of bulletins published by reputable sources such as Philippine Atmospheric, Geophysical and Astronomical Services Administration (PAGASA) and PHILVOCS, respectively. Emergency go bags and survival kits are available at each employee's work station and offices. Earthquake and fire drills were conducted in all Bank premises nationwide to further train all employees to quickly respond during these emergencies. Crisis communication via call tree system is performed every after a super typhoon or earthquake event to account employees and extend further help and quick assistance as necessary. A mandatory E-learning on business continuity and disaster preparedness is in place for all employees (from senior management to rank and file).

Continuing Support for Financial Inclusion and Digitalization Digital Products and Services

RCBC Digital Enterprise and Innovation Group (DEIG)

In delivering innovative digital solutions, RCBC remains a strong pillar of sustainable financial development in the Philippines. Pulz, ATM Go, and DiskarTech consistently provide essential financial services to underserved and unbanked Filipinos in remote and rural areas as well as overseas communities. RCBC's success as a leading sustainable financial institution stems from the DEIG's commitment to customer-centric innovation and excellence anchored upon social purpose.

RCBC Pulz

RCBC Pulz is an all-in-one banking app that ensures a convenient, effortless banking experience. One of its standout features is its strong focus on security, utilizing advanced technology and multiple security checks for safe financial transactions. With its user-friendly and secure platform, RCBC Pulz also allows customers to open an account anytime, anywhere, without a minimum balance requirement. Filipinos worldwide can also create their bank accounts through RCBC Pulz using any international mobile number, further promoting financial inclusivity.

RCBC Pulz continues to redefine customer experience while addressing the evolving demands of modern banking. The app delivers innovative and seamless user interactions by leveraging established and emerging technologies. Pulz offers state-of-the-art digital services, including AI-powered cross-selling and upselling tools to enhance customer lifecycle value.

The app's extensive features include QR code-based deposits and withdrawals, check deposits via photo capture, and seamless local and international fund transfers. Pulz also enables users to pay bills, convert purchases into installments, reload telco SIMs and wallets, make toll payments, and engage in real-time foreign exchange transactions across six currencies. It also provides a dedicated financial literacy section and houses the country's first in-app digital Unit Investment Trust Fund (UITF) management feature.

In 2024, RCBC collaborated with the Department of Migrant Workers (DMW) to promote digital and financial literacy to Overseas Filipino Workers (OFWs) with "#OFWsGoDigital: RCBC Financial Education Campaign for OFWs".

RCBC ATM Go

RCBC ATM Go is the Philippines' first and most extensive network of grassroots-based and bank-agnostic ATM terminals. Strategically located in accessible community hubs such as public markets, transport terminals, and shopping centers, ATM Go terminals offer cash deposits, cardless withdrawals, international card withdrawals,

bank transfers, mobile loading, remittances, and bill payments. Through partnerships with local merchants, grassroots enterprises, and organizations, RCBC continuously extends its reach to a broader population segment and enhances financial accessibility nationwide. ATM Go covered 100% of provinces, 100% of cities, and 93% of municipalities, enhancing access to banking services and providing entrepreneurial opportunities in rural and remote communities.

This digital solution remains a vital component of the government's welfare programs, sustaining its impact even in the post-pandemic era, with over 65% of its financial transactions allocated to social grants and cash withdrawals for beneficiaries of the Pantawid Pamilyang Pilipino Program (4Ps).

RCBC DiskarTech

RCBC DiskarTech is the world's first multilingual financial inclusion super app, designed to make banking accessible to a broad range of Filipinos. Originally designed to support marginalized groups, including Indigenous communities in remote areas, the app has since expanded to serve a broader market. Available in Tagalog-English (Taglish) and Cebuano, DiskarTech offers various financial services, including digital savings with a competitive 4.88% interest rate, fund transfers, mobile loads, telemedicine, insurance, and loans.

DiskarTech promotes financial inclusion by addressing the needs of underserved communities, particularly in geographically disadvantaged areas. By eliminating common banking barriers such as initial deposits, maintaining balances, and dormancy fees, the app provides an accessible entry point for financial security. Its seamless end-to-end user experience empowers individuals to save, manage their money, and easily access essential financial services.

RCBC is in the initial rollout stage of Pasado Loans, a new 24/7 loan product designed to provide accessible financial assistance without requiring collateral. Powered by a digital decision engine, the loan aims to streamline credit assessment and expand borrowing opportunities for Filipinos who may struggle with traditional financial services—loan amounts range from Php 30,000 to Php 500,000. The soft launch in late 2024 is being reviewed, with the team refining parameters before a broader rollout.

RCBC Business Banking Group (BBG)

RCBC Boz

In November 2023, RCBC launched RCBC Boz designed for microentrepreneurs to manage budgets, invoices and employee payrolls. The app offers reports generation which could seamlessly grow businesses. The platform also has facilities and e-learning to provide financial education capacity to the users.

A video series known as "RCBC Boz Sessions" was rolled out in 2024 to showcase the experiences of Filipino entrepreneurs in starting and growing their businesses, and how such journey has been made easier by the RCBC Boz app.

RCBC Credit Cards

In 2024, RCBC Credit Cards implemented straight through processing (STP) in credit card applications for specific segments through its Digital Onboarding platform. This technology-driven solution automates the end-to-end application, approval and card creation process, significantly reducing reliance on manual interventions. The platform allows customers to explore and select from a variety of card products tailored to fit their unique needs and lifestyle preferences.

By digitizing processes, customer experience is improved through instant decisioning and reduced use of resources and manpower.

Strengthened Resilience against Cyber Threats and Fraud

RCBC prioritizes customer security by equipping its digital banking application with robust features such as two-factor authentication, biometric support, and real-time transaction notifications. In addition, the Bank launched the #DontGetFooled cyber security awareness campaign in August 2022 to educate customers about various scams through online platforms, webinars, and media channels. This ongoing campaign aims to enhance customer awareness and promote heightened vigilance against fraudulent transactions, both online and offline. In support of BSP regulations (BSP Memorandum No. M-2022-015 and BSP Circular 1140) and to further strengthen its security measures, RCBC and RCBC Credit Cards have removed all clickable links from customer communications (emails or electronic direct mailers, SMS, and Viber). This proactive approach has been recognized with the "Excellence in Fraud Awareness and Education Programme" award at the 2023 Regulation Asia Awards. The Bank is also fully prepared to comply with the Anti-Financial Account Scamming Act (AFASA), or Republic Act No. 12010, to protect customers from the growing threats of financial scams and cybercrimes.

In 2023, RCBC entered into an agreement with Globe Telecom, a leading telecommunications services provider in the Philippines. This networking strategy signifies the commitment of both parties to work together against online fraud, aiming to enhance joint capability to investigate and respond to financial scams and fraud, establish proactive measures, and promote a more integrated and collaborative approach to information and intelligence sharing against social and governance risks.

During the 4th Quarter of 2024, RCBC Credit Cards and Mastercard have partnered to launch a Safety & Security Educational Campaign on social media platforms. The aim of the Campaign is to raise awareness about fraud tactics and to educate cardholders on how to proactively protect their accounts and avoid becoming victims of cybercriminals. The campaign reached over 2 million people on Facebook and received active engagement from the RCBC Credit Card holders.

RCBC's management of digital risks is characterized by advanced and sophisticated cyber-security tools and programs. The Bank's Information Technology and Fraud Risk Management System work together to ensure that the Bank's security systems are robust and that the protection of RCBC's account holders is constantly upheld. In June 2022, RCBC and its technology partner GBG, were recognized as the Best Fraud Technology Implementation under the Risk Technology Implementation Award of the Asian Banker. This attests to the reliability and soundness of RCBC's fraud risk management system, which is equipped with real-time monitoring capability to detect fraudulent transactions and automate counter measures 24/7 from the Bank's digital channels. RCBC has also partnered with other financial institutions, telecommunication companies and government agencies such as Cybercrime Investigation and Coordinating Center (CICC) and Philippine National Police – Anti-Cybercrime Group (PNP-ACG) to have a direct communication channel for efficient reporting of fraudulent activities for immediate investigation, blocking, and possible return of funds. This signifies the Bank's commitment to work together against fraud.

Sustainable Finance

RCBC remains at the forefront of sustainability in the banking industry in support of the Philippines' drive for action against climate change. These are supported by the Bank's (1) Environmental and Social Management System (ESMS) Policy which requires the vetting of all lending relationships from an E&S perspective, and the (2) Sustainable Finance Framework which articulates the Bank's funding strategy to prioritize sectors that have clear E&S benefits, foremost of which is clean energy. Both initiatives fall under the Charter of the Bank's Risk Oversight Committee (ROC), a Board-level Committee, which is responsible for the integration of sustainability principles into the risk governance / risk management frameworks of RCBC.

The ESMS Policy and Sustainable Finance Framework adhere to respective Exclusionary Criteria such as that of the International Finance Corporation (IFC) Exclusion List and global bond standards guidelines. The ESMS Policy

incorporates RCBC's commitment to cease funding of new coal power plants. The Bank's coal exposure is expected to taper off to zero by 2031.

RCBC actively pursues fundraising and lending towards priority sectors which have clear E&S benefits as laid out in the Sustainable Finance Framework. In January 2024, the Bank raised USD 400 million in sustainability notes, drawing strong support from global investors and reflecting a positive outlook and confidence in RCBC's implementation. Furthermore, RCBC has taken the initiative to amend the Sustainable Finance Framework in February 2024 (initially issued in April 2019) to reflect updates in market best practices and in the governing principles of the International Capital Market Association (ICMA), the Loan Market Association (LMA) along with the incorporation of "blue financing" as a subset of eligible green projects. A Second Party Opinion (SPO) was issued by Sustainalytics affirming the credibility and impact of the framework. Both the revised framework and the SPO are available at the RCBC website⁴.

Based on the updated end-2024 figures, RCBC has financed around 19,000 projects under its eligible green (with a subset of blue) and eligible social portfolio amounting to over Php 120 billion⁵.

In the WWF's Sustainable Banking Assessment (SUSBA) 2024 (published in January 2025)⁶, RCBC continues to outperform other Philippine banks as it is able to meet the most SUSBA indicators through the quality of its disclosures. This further illustrates RCBC's commitment to transparency and leadership in sustainable finance vis-a-vis its peers in the banking industry.

Through identified interoperability with its ESMS and Sustainable Finance Framework, starting December 2024, RCBC has initiated support for BSP Circular 1187 (Philippine Sustainable Finance Taxonomy Guidelines or SFTG) by expanding its assessment of sustainable value chains directed toward climate change mitigation and climate change adaptation. RCBC's Chief Sustainability Officer (CSO) and representatives have attended workshops and consultative discussions to understand the SFTG. Internal learning sessions with the Bank's lending units have also been conducted and considered as a continuing activity.

What are the opportunities identified?

The national government continues to urge the private sector to pursue digital innovations and human capital development for the economy to fully recover from the pandemic. The government's call is aligned with RCBC's goal to be a leading financial institution in the field of digital and sustainable finance. RCBC continues to provide products and services which support the government's call to action in the areas of digital transformation, responsible lending and capacity building, and sustainable value chains among others.

Management Approach to Opportunities

Financial Inclusion Initiatives

Updates on DEIG Digital Products and Services

RCBC Pulz

Customers can easily perform various banking tasks, such as depositing or withdrawing money using QR codes, depositing local checks just by taking a photo, and directly transferring funds locally or abroad, with the trailblazing digital concierge service.

Customers can pay bills, convert purchases into installments, load up their telco SIM and gaming wallets, make

toll payments effortlessly, buy and sell of up to six foreign currencies in real time such as US Dollars, HongKong Dollars, Euro, British Pounds, Japanese Yen, and Singapore Dollars. The app also has a dedicated section for financial literacy information and on top of it all, Filipinos can now manage or place new investments through the country's first digital, in-app unit investment trust fund or UITF.

- 48% surge in transaction volume
- 46% increase in transaction value
- 33% growth in primary enrollment
- 31% leap in new-to-bank retail
- 62% increase in InstaPay transaction volume
- 40% increase in InstaPay transaction value
- 25% increase in PESONet transaction volume
- 33% increase in PESONet transaction value

RCBC ATM Go

ATM Go extends its digital financial services to areas that need them the most, like Lake Sebu in South Cotabato, Busuanga and Cullon both in Palawan, and Turtle Island, Tawi-Tawi - the southwestern tip of the Philippines and a brief 30-minute boat ride from Sabah, Malaysia. RCBC focuses on the Geographically Isolated and Disadvantaged Areas (GIDAs).

RCBC's partnerships also revolve around digital literacy and financial awareness. Through its partnerships with the DSWD nationwide, RCBC has launched financial literacy webinars and modules that equip Filipinos with digital and financial aptitude to use financial products and digital services such as RCBC ATM Go and RCBC Diskartech for their benefit.

- 17% leap in transaction volume
- 30% jump in transaction value
- 13% increase in new terminals
- 46% increase in year-end terminals
- 145% growth in ATM Go merchants
- 6-Year CAGR of ATM Go
 - 80% Gross Transaction Value
 - 81% Volume

RCBC DiskarTech

RCBC continued its expansion drive by partnering with like-minded organizations in the digital finance industry. These partnerships include MLhuillier, which will enable RCBC to penetrate communities and provide them with RCBC ATM Go services, and PeraHub and Remitly, which will enable Filipinos to receive remittances through RCBC DiskarTech. RCBC also partnered with Bayad Center, which expands the number of billers that RCBC DiskarTech users can engage with; and Express Pay and DragonPay to ease e-commerce transactions of RCBC users and encourage them to embrace digital shopping and banking.

- 13% increase in total transaction volume
- 13% increase in DiskarTech Basic Deposit Accounts (BDA) deposits
- 22.25% growth in bill payment volume
- 86.03% surge in bill payment gross transaction value
- 41.37% increase in transaction volume of InstaPay incoming transactions
- 40.60% increase in transaction value of InstaPay incoming transactions

Innovations and Partnerships on Financial Inclusion

- Access Payroll Program. This is a revolutionary financial inclusion program which fosters a culture of shared

financial growth for both the company and its employees. It aims to improve the overall payroll experience through quality solutions not only for the company but most especially for the underserved employees ensuring access to financial literacy workshops, savings options, life and property protection, loan facilities, investments and other essential financial benefits

- Kabalikat Cooperative Program is a transformative initiative aimed in fostering financial inclusion and empowering cooperatives to create sustainable growth. The program also opens opportunities for cooperatives to generate additional revenue streams. By availing featured bank products and services by their members, cooperatives can earn commissions, creating a sustainable source of income for their operations. These offerings include Auto Loans, RCBC Credit Cards, ATM Go, Sunlife Grepa and Malayan Insurance.
- Public Utility Vehicle (PUV) Modernization Program. RCBC stands out as one of the few commercial banks in the country that actively supports the government's PUV Modernization Program. By providing specialized financing solutions to transport cooperatives and drivers, RCBC demonstrates its commitment to not only advancing sustainable transportation but also promoting financial inclusion for underserved sectors. This unique initiative reflects RCBC's leadership in bridging the gap between public service modernization and inclusive economic growth.
- Financial Access for Overseas Filipinos. Through a Memorandum of Understanding (MOU), RCBC has partnered with the Commission on Filipinos Overseas (CFO) to deliver digital finance literacy and services to Filipinos worldwide⁷. The MOU signing in February 2025 was attended by RCBC Chairperson Helen Yuchengco-Dee and President and CEO Eugene Acevedo.
- Promotion of fair trade practices. In partnership with the Department of Trade and Industry (DTI), the Department of Science and Technology (DOST) and the Department of Interior and Local Government (DILG), launched the *Timbangan ng Bayan* in various municipalities to empower customers to verify the weight of their purchases. This helps supports the government's efforts against unfair trade practices.⁸
- Boosting financial inclusion in the Bangsamoro Autonomous Region in Muslim Mindanao (BARMM). RCBC signed a landmark agreement with the Ministry of Social Services and Development (MSSD) to expand digital literacy and deliver digital financing solutions to the region⁹.

Responsible Lending, Capacity-Building, and Embedding Sustainability in RCBC

- RCBC has continually supported Renewable Energy (RE) projects, funding for which has dominated the Bank's eligible sustainable portfolio. As approved by the Bank's ROC in March 2023, RCBC targeted to increase its RE portfolio by 10% to 15% per annum (p.a.) for the succeeding 12 to 24 months The Bank has attained this, surpassing the target through actual year-on-year RE portfolio growth of over 80% as of December 2024.

RCBC ended the year 2024 with its power generation loan portfolio dominated by financing for RE. The Bank's RE portfolio settled at approximately 6.8% of total loan portfolio, surpassing the Bank's remaining

exposure to coal power generation projects

- RCBC is now among Tesla’s preferred financing partners in the country following the electric vehicle manufacturer’s entry into the local market. RCBC is rolling out a digital auto loan application processes¹⁰, offering solutions for RCBC customers who want to experience Tesla’s vision of sustainable mobility.
- The Bank’s headquarters – the RCBC Plaza in Makati City and the AT Yuchengco Centre (ATYC) in Taguig City have started being powered by RE sources from ACEN in August 2024¹¹ and September 2024,¹² respectively.
- Starting 2022, RCBC has integrated a mandatory Sustainability Key Result Area (KRA) as part of the performance evaluation among employees as advocated by BSP Circulars 1085 and 1128. The objective is to promote E&S responsibility among all employees, with the internally-developed Sustainability e-learning materials and infographics used as primary tools in applying this new performance metric. These materials are made accessible to all RCBC associates, from rank-and-file employees up to the Board of Directors.
- In 2024, the Bank’s Sustainable Finance Division started to develop a regular consolidation of sustainability-related news, with dedicated portion on RCBC initiatives. These electronically-circulated newsletters have been shared internally and will be cascaded Bank-wide within 2025 to promote understanding of sustainable finance developments within the organization and in the industry.
- RCBC has shifted from paper-based correspondences to e-mail notifications. This project significantly lowers the paper consumption and waste along with less energy use in the transport and delivery of paper-based correspondences. Savings have also been realized due to lower postage and printing costs. These applies to the following implemented activities:
 - Cessation of sending paper-based Time Deposit (TD) Statement of Accounts (SOAs).
 - Reduction of paper usage by shifting paper-based notifications via registered mail to email notifications for various account correspondences.
- The Bank has carried on with its capacity-building programs for the benefit of its clients, and employees, through sustainability knowledge-sharing events in 2024:
 - Financial Literacy (FinLit) Program. Started in 2023 as collaboration between RCBC and the Sumitomo Mitsui Banking Corp (SMBC) Group, this program facilitated by select branch sales staff initially focused on payroll employees in various ecozone regions. As of October 2024, a total of 392 sessions have been conducted empowering 15,246 attendees. The FinLit Program has been selected among the top 7 to the “SMBC Group Shaka-kachi Award”, the SMBC Group’s recognition of programs creating social values.
 - Participation in Sustainability Forums. In August 2024, RCBC’s CSO served as one of the panelists in the SME Forum arranged by FINEX, aimed at educating SMEs and financial institutions on various ways for financing through sustainable finance. RCBC’s CSO also attended the Asian Business Changemakers Conference held in Hong Kong and organized by the Centre for Asian Philanthropy and Society in May 2024. The Conference gathered over 20 sustainability executives across the region to hold discussions and exchange views on the evolution of responsible business in Asia. In early 2025, RCBC’s CSO was one of the speakers in the capacity building programs of the BSP, furthering the regulator’s sustainable finance initiatives.

Climate-related Risks and Opportunities

The impact of climate change has accentuated the call for urgency toward climate action as rising global temperatures and water levels already manifest in our daily lives. The year 2024 has logged as the hottest year in the Philippines since 1951, as much as 1.55°C higher than the average temperature from period 1850-1900¹³. This led to agricultural damage of around Php 10 billion affecting up to 175,000 farmers¹⁴. This phenomenon was also felt through heat waves across the country with heat indices reaching up to 51°C¹⁵ leading to classes shifting to alternative delivery modes or even cancellations in some instances¹⁶.

As early as 2023, scientists have observed rising cases of the dengue fever in Bangladesh brought about by increased temperature and rain leading to the proliferation of the mosquito carrying the dengue virus¹⁷. As of this report's writing, various cities in Metro Manila and nearby regions are reporting rapid surges in dengue cases with at least one city already declaring an outbreak,¹⁸ despite the country not yet into its usual rainy season.

All these are on top of the various relentless typhoons which hit the country. Notably in the period of October to mid-November 2024 (roughly 30 days), six typhoons devastated the country with three of these categorized as super typhoons¹⁹ affecting more than 13 million people²⁰. Climate change continues to disrupt and shake the humanity's ways of living – in health, agriculture, education, livelihood to name just a few.

The BSP, through Guidance on the Implementation of Environmental and Social Risk Management (ESRM) System, “recognizes that climate change and environmental hazards could pose significant risks to the safety and soundness of individual financial institutions and the entire financial system.” The Philippine Regulator encouraged banks to evaluate their assets and portfolios “based on their potential impact on the environment” in order to identify necessary “changes in policies, litigations, technological developments and shifts in market sentiment in line with global and national climate objectives and SDGs. This will also inform the development of appropriate and sound risk management and portfolio reallocation strategies in response to potential transition risks.”

Governance

RCBC affirms its commitment in ESG as part of the Bank's Risk Governance Framework (RGF). The RGF follows a top-down approach whereby the Board of Directors (BOD) takes ultimate accountability for the risks taken and for setting the tolerance level for these risks. The BOD constitutes committees for decision-making in various functions affecting the Bank's over-all business. The ROC is the Board-level committee which provides oversight and management of risk exposures of RCBC and its subsidiaries. RMB and RCBC Leasing and Finance Corporation have been implementing E&S

policies which essentially adopt the principles embedded in RCBC's E&S Risk Management. More information on the Bank's corporate governance policies can be accessed from the RCBC website²¹.

Strategy and Risk Management

RCBC Sustainable Finance Strategy

RCBC strongly supports the BSP's call for financial institutions to be enablers of environmentally and socially responsible business decisions. The Bank has implemented its ESMS as part of the Bank's lending process as early as 2011, almost a decade ahead from the issuance of BSP 1085, while the Bank's Sustainable Finance Framework was initially published in April 2019 (a first in the Philippine banking industry) and was updated in February 2024:

- A. The ESMS Policy is a declaration of the Bank's commitment to sustainable development and management of E&S issues. It subscribes to the IFC Exclusion List and the IFC's eight Performance Standards. IFC is a shareholder of RCBC; its Performance Standards are a global benchmark for identifying and managing E&S risks. A monitoring mechanism for addressing potential E&S concerns has proven to be an effective tool in engaging clients to take appropriate action, thereby establishing a shared commitment with RCBC toward sustainable practices. Unresolved concerns over an established monitoring period (if any) are escalated to the ROC for proper guidance / oversight discussions. The Policy was updated in September 2022 to incorporate relevant provisions under BSP Circular 1128 (ESRM Framework). This followed discussions among various teams and Senior Management before the revised Policy was approved by the ROC.
- The ESMS Policy requires all lending relationships or credits, both pipeline and portfolio, to be vetted from an environmental and social risk perspective;
 - The ESMS assessment takes place before a lending decision is made, and continues during the life cycle of the loan agreement with the client. Through RCBC's implementation of the ESMS policy, the Bank is able to share its sustainability principles to help clients stay compliant with E&S regulations.
 - ESMS updates are submitted by the Bank's RMG to the ROC on a monthly basis. E&S portfolio highlights and issues are also presented and discussed with the ROC through the monthly Chief Risk Officer (CRO) Report.

Certain ESMS Policy tools were recalibrated in 2024 given their interoperability with the SFTG assessment. Similar to earlier updates made on the ESMS Policy and tools, consultations among various teams and Senior Management were conducted, with the SFTG implementation (synergized with the ESMS process) approved by the Bank's ROC.

- B. The RCBC Sustainable Finance Framework (updated February 2024) articulates the Bank's strategy to prioritize fundraising for specific sectors. Under this Framework, RCBC can issue Sustainable Financing Instruments (SFIs) to fund loans and projects that have clear environmental and/or social benefits. SFIs include Green Bonds, Blue Bonds, Social Bonds, Sustainability Bonds, Green Loans, Blue Loans, and other debt financing instruments which fund Eligible Green (with subset of Blue) and Social Assets. RCBC's Sustainable Finance Framework subscribes to the global bond standards²² which are continually updated to

RCBC's Sustainable Finance Framework is structured with the following key pillars:

- **Use of Proceeds:** RCBC will allocate proceeds to finance and refinance RCBC's loans to customers in Eligible Green (and its subset of Eligible Blue) Categories and/or Eligible Social Categories.
- **Project Evaluation & Selection:** The green (and its subset of blue) and social assets will be selected following the eligibility criteria and evaluated by the Sustainable Finance Committee.
- **Management of Proceeds:** The proceeds will be managed in a portfolio approach.
- **Reporting:** RCBC will report on the allocation of the net proceeds to the Eligible Green (and its subset of Eligible Blue) and Social Portfolio, and their environmental and social impact.

²¹ RCBC. Corporate Governance. <https://www.rcbc.com/corporate-governance>

²² International Capital Market Association ("ICMA") Green Bond Principles 2021 ("GBP"), Social Bond Principles 2023 ("SBP"), Sustainability Bond Guidelines 2021; ASEAN Capital Markets Forum ("ACMF") ASEAN Green Bond Standards 2018, ASEAN Social Bond Standards 2018, ASEAN Sustainability Bond Standards 2018; Loan Market Association ("LMA"), Asia Pacific Loan Market Association ("APLMA") and Loan Syndications and Trading Association ("LSTA") Green Loan Principles 2023 and Social Loan Principles 2023,

remain relevant and connected with global ESG standards:

- RCBC's Framework obtained a Second Party Opinion (SPO) from Sustainalytics which opined that the eligible green and social projects and lending activities defined in the Framework contribute to the decreasing environmental footprint of the Philippines, advancing employment generation, and improving access to essential services of vulnerable groups in Philippines. Under the SPO, Sustainalytics cited RCBC's Framework as "credible and impactful." These documents are published in RCBC's website²³.
- The Framework prescribes an Exclusionary Criteria which identify certain projects as ineligible for the use proceeds from the SFIs. Foremost of this is fossil fuel power generation – an exclusionary criterion consistent with the ASEAN Green Bond Standards and ASEAN Sustainability Bond Standards.
- RCBC allocates the proceeds of SFIs to finance and/or refinance loans to customers or its own operating activities. RCBC's Allocation Report discloses the Bank's Eligible Sustainable Portfolio and Sustainable Funding. The allocation report covering 2023 data underwent limited assurance procedures by RGMabat and Co. (KPMG Philippines). KPMG has confirmed that RCBC's application of funds from its sustainability bond issuances and Peso Green Time Deposits are in accordance with the Eligibility Criteria described in its Sustainable Finance Framework. The allocation of the proceeds is as follows:
 - Proceeds of RCBC's Green Bond or Green Loan go to Eligible Green Categories
 - Proceeds of RCBC's Social Bond or Social Loan go to Eligible Social Categories
 - Proceeds of RCBC's Sustainability Bond go to Eligible Green Categories and Eligible Social Eligible Categories
- RCBC provides disclosures on the benefits of its green and social assets through the issuance of the Sustainability and Impact Report, supplemented by a video which provides an effective visualization of the contribution of the Bank's lending activities to the environment and the society, effectively combatting climate change. Both the annual Allocation Report and the Sustainability and Impact Report are published on RCBC's website²⁴.
- RCBC raised USD 400 million in January 2024 from its five-year Sustainability Bonds issuance and another USD 350 million in January 2025 reflecting the trust in RCBC's sustainability efforts and credit outlook.
- RCBC's total sustainable portfolio consisted of around 19,000 projects as of 31 December 2024²⁵. These projects contribute to 12 of the 17 UN SDGs. Funding for RE accounted for more than 40% of the Bank's total sustainable portfolio surpassing the remaining exposure to coal-fired power projects.

Metrics for Climate-Related Risks and Opportunities

RCBC is the first local bank to adopt quantitative global climate risk analyses tools which will enable the Bank to contribute to the Philippine climate action commitment to the Paris Agreement.

A. Quantitative Tool for E&S Stress Testing

RCBC entered into an advisory engagement with IFC and 2DII in January 2021 (as approved by the ROC) for the use of the Paris Agreement Capital Transition Assessment (PACTA) tool and the climate stress testing modules developed by 2DII. This was the first advisory engagement to be conducted by IFC and 2DII in Asia. The tools enable RCBC to:

- Generate a comparison of the Bank's power generation portfolio versus globally-accepted climate reference scenarios covering short- to long-term time horizons (up to year 2040).

²³ RCBC. Sustainability. <https://www.rcbc.com/sustainability>.

²⁴ *Ibid*

²⁵ Figures are under ongoing external review, in compliance with the reporting requirements of the Sustainable Finance Framework.

- Perform climate scenario analysis and stress testing to determine the impact of transition risk on the power generation borrowers' probability of default (PD) and the corresponding Expected Credit Loss for the Bank.

Senior Management engagement is practiced by the Bank in the finalization of results generated by the PACTA and climate stress testing tools. RCBC also has a Credit Framework for Physical Risks and Calamity Response which is the basis for account monitoring in terms of physical risks and natural calamities. The Bank identifies the most affected areas (e.g. typhoon, earthquake, etc.) and the potentially impacted clients who are located in the identified areas.

The analyses of both transition and physical risks results have been included in RCBC's annual ICAAP submission since 2023.

B. Quantitative Tool for E&S Risk Monitoring Through GHG Emission Reporting

RCBC became the first Philippine bank to participate in the Partnership for Carbon Accounting Financials (PCAF), an initiative among financial institutions worldwide to enable harmonized assessments and disclosures of GHG emissions financed by loans and investments²⁶. RCBC completed the PCAF on-boarding training program in early October 2021. RCBC's participation in PCAF is a decisive step in understanding the climate risk arising from the businesses that the Bank supports, hence providing a baseline assessment of the Bank's indirect climate impact. As a PCAF participant, RCBC has started to disclose its financed emissions in the 2022 Sustainability and Impact Report (ahead of the Bank's commitment to PCAF).

Financial Intermediation

Loan Portfolio

The industry concentration of credit as of December 31, 2024 is as follows²⁷:

Economic Activity	Amount (Php M)	%
Credit Cards	110,453	16%
Housing	98,954	14%
Real estate, renting and other related activities	93,193	13%

Government/Regulators	<ul style="list-style-type: none"> - Credit risk of the portfolio - Compliance with laws and regulation
Community, Inc. environmental NGOs	<ul style="list-style-type: none"> - Reduction of environmental and social impacts from the Bank's clients' operations
Public, Inc. media	<ul style="list-style-type: none"> - Reduction of environmental and social impacts from the Bank's clients' operations – potential reputational impact

What is the impact and where does it occur? What is the organization's involvement in the impact?

Indirect E&S impacts may arise from the nature of businesses that RCBC supports through its lending activities.

Management Approach to Impact

In accordance with the ESMS Policy, all credit proposals for loans and other credit accommodations from RCBC need to go through E&S risk initial screening, due diligence and impact assessment. Only activities or projects which pass the E&S risk and impact assessment shall be eligible for financing.

What are the risks identified?

The operations of borrowers supported by RCBC may have negative E&S impacts.

Management Approach to Risks

E&S risk mitigation in the Bank's loan portfolio continues to be handled by the ESMS function which provides oversight on the implementation of RCBC's ESMS Policy.

The ESMS of RCBC requires that all lending relationships/credits, both pipeline and portfolio, are vetted from an E&S risk perspective. The ESMS is implemented to safeguard lending operations from exposure to activities with identified E&S risks. The ESMS Policy goes through a comprehensive review process on a regular basis to ensure its alignment with relevant BSP Circulars and E&S regulations. Policy updates were implemented in September 2022 to primarily incorporate certain requirements of BSP Circular 1128. Certain ESMS Policy tools were recalibrated in 2024 given their interoperability with the SFTG assessment which expands the assessment through the identification of sustainable value chains directed toward climate change mitigation and climate change adaptation. The ESMS Policy is published on the Bank's Online Library and is accessible to all employees.

In accordance with the ESMS Policy, all credit proposals are screened using the applicable requirements – the IFC Exclusion List (for environmentally and socially sensitive sectors), relevant national (DENR-EMB guidelines) and international laws / IFC Performance Standards on environment, biodiversity, deforestation, marine environment, water risk (Philippine Clean Water Act), pollution prevention (Philippine Clean Air Act), indigenous peoples (The Indigenous Peoples Rights Act), protection of cultural heritage, health, human and labour rights, safety and social issues, and any standards established therein. Environmental Risk Categories (ERCs) are assigned to accounts, and credit approvals obtained in accordance with requirements depending on the confirmed ERC. Based on the initial assessment of relationship managers (first line of defense), an account is risk-classified as ERC A (high), B (medium), or C (low) in consideration of the type and scale of potential impacts of the respective account's operations. The ERC classification is validated or confirmed by the ESRO, the second line of defense, who has the authority to override first line E&S risk assessment, if warranted. Validated ERC assessments are eventually included in the regular review of Internal Audit (third line of defense). The ERC assessment takes place before a lending decision is made, and

continues during the life cycle of the loan agreement with the client. Applicable environmental covenants are also incorporated in the loan/credit agreement and these are periodically evaluated and monitored to ensure compliance.

To ensure faithful compliance with the ESMS Policy, the Bank has ESROs equipped with the expertise to conduct appropriate E&S review and assessments. The ESRO function is part of RCBC Sustainable Finance Division³⁰ (headed by the CSO) that oversees the effective implementation of the ESMS Policy. The ESROs conduct learning sessions on the ESMS Policy implementation to ensure that the updates are communicated to the internal stakeholders. At least four ESMS trainings are conducted per year for the Bank's relationship managers.

The ESMS Policy subscribes to IFC's 8 Performance Standards, as follows, to benchmark projects or business activities on. These are applied in the assessment of medium- and high-risk accounts as measures of enhanced due diligence:

- | | |
|--|---|
| 1. Assessment and Management of Environmental and Social Risks and Impacts | 5. Land Acquisition and Involuntary Resettlement |
| 2. Labor and Working Conditions | 6. Biodiversity Conservation and Sustainable Management of Living Natural Resources |
| 3. Resource Efficiency and Pollution Prevention | 7. Indigenous Peoples |
| 4. Community Health, Safety, and Security | 8. Cultural Heritage |

Environmental and social due diligence (ESDD) conducted through site visits or desk reviews by the ESRO is integral to the assessment of high risk accounts. RCBC explains the importance of the ESDD process to clients and other stakeholders, and requires them to engage in activities that meet the Bank's sustainability standards. By means of RCBC's follow-through ESDD with its clients (18-24 month cycle), the Bank is able to validate the closure of previous ESDD findings by the next cycle of RCBC's evaluation, hence providing a proper monitoring mechanism for addressing potential E&S concerns. The actions taken by the clients affirm the development of the clients' shared commitment with RCBC toward sustainable practices.

Transactions which may be complex or have potential E&S concerns as well as those with unresolved matters over an established monitoring period are escalated for higher level review and discussion. The implementation of the Bank's ESMS and the continual monitoring required under the Policy help create long-term solutions to E&S issues – mitigating negative effects on the environment and affected communities, and enhancing sustainable development impacts.

What are the opportunities identified?

RCBC is committed to promoting sustainable business practices and furthering sustainable finance.

Management Approach to Opportunities

RCBC's sustainable portfolio is growing and continues to be ahead of the Bank's erstwhile investments in coal and other fossil fuel energy assets. The Bank's Eligible Sustainable Portfolio accounted for approximately 16% of total loan portfolio as of end-Dec 2024 (based on the updated Sustainable Finance Framework as updated), surpassing the share of coal exposures and of ERC A accounts. Moreover, RCBC ended the year 2024 with its power generation loan portfolio dominated by financing for RE. The Bank's RE portfolio settled at approximately 6.8% of total loan portfolio, surpassing the Bank's remaining exposure to coal power generation projects.

Regular monitoring and reporting of eligible green and eligible social assets through the accomplishment of the Allocation Report is undertaken by the Sustainable Finance Officers who are part of RCBC Sustainable Finance Division. Periodic Allocation Reports are submitted and presented to the ROC, the Asset and Liability Committee, and to the Sustainable Finance Committee. These provide regular tracking of opportunities to further asset growth and/or fundraising through SFIs.

³⁰ SFTG assessment is being handled by a separate team within the Sustainable Finance Division

Procurement Practices

Proportion of Spending on Local Suppliers

Disclosure (January 1 – December 31, 2024)		Quantity	Units
Percentage of procurement spending (actual payments) used for significant locations of operations that is spent on local suppliers		86.47	%
Which stakeholders are affected?			
Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to proportion of spending on local suppliers)		
Management	- Local sourcing can be a strategy to help ensure supply		
Community	<ul style="list-style-type: none"> - Payments to locally-based suppliers – economic inclusion as positive impact - Local sourcing can support a stable local economy and maintain community relations - By supporting local suppliers, an organization can indirectly attract additional investment to the local economy 		
What is the impact and where does it occur? What is the organization’s involvement in the impact?			
The impact of our practice of spending on local suppliers is economic inclusion. This occurs in the supply chain and local community. This is caused by the organization, and is linked to impacts through the Bank’s business relationship with local suppliers.			
Management Approach to Impact			
RCBC supports the local economy and community. The Bank selects locally-based suppliers and promotes economic inclusion when selecting suppliers.			
What are the risks identified?			
Limiting procurement to only local suppliers may not necessarily result in lower costs; other suppliers must be considered to validate market prices.			
Management Approach to Risks			
RCBC follows a standard procurement procedure in purchasing the best resources at reasonable prices. This procedure is reviewed and revised as necessary.			
What are the opportunities identified?			
Supporting local suppliers can indirectly attract additional investments to the local economy, making their prices lower and supply readily available. In addition, it could lead to job generation. The creation of new businesses could be a potential source of new clients for the Bank.			
Management Approach to Opportunities			
RCBC supports the local economy and community. The Bank selects locally-based suppliers and promotes economic inclusion in its procurement practices.			

Business Ethics

What is the impact and where does it occur? What is the organization's involvement in the impact?

³² In this context, the term 'business partners' includes suppliers and customers/clients.

³³ Conducted via regular and compulsory e-Learning courses and examinations for all employees and those with direct contracts with RCBC

RCBC's cultivation of corporate culture is strongly founded on honesty and integrity. The Bank's training programs on anti-corruption policies and procedures as well as disclosures on the Bank's response to incidents of corruption result to the following:

- Increased capacity to prevent and combat corruption
- Awareness of how serious the organization is on combating corruption

Management Approach to Impact

RCBC conducts regular training and examinations to ensure that all employees (from senior management to rank and file) and those with direct contracts with RCBC are familiar with the Bank's anti-corruption policies and procedures. Notably, the RCBC Board, as endorsed by the AML Board Committee approved the Bank's Anti-Bribery and Corruption Policy on September 26, 2022.

The RPT e-learning was completed in April while the annual RPT refresher training for the Deputy Compliance Officers was concluded in December 2024. New employees are oriented about the Bank's anti-corruption policies during their New Employee Orientation Program.

The Bank has implemented action plans as a result of the Risk-Based audit performed in 2023 that includes releasing of periodic advisory to all employees, to update and declare more information on their immediate family members. Quarterly Assessment is likewise being performed by the Deputy Compliance Officers (DCO) as part of the Continuous Monitoring Plan Master Procedure.

What are the risks identified?

The risk of employees engaging in corrupt activities cannot be completely eliminated. Actual incidents of corruption may harm the Bank's reputation.

Management Approach to Risks

RCBC strictly implements anti-corruption policies to prevent any corruption incident. The Bank conducts training and examinations to ensure that all employees (from senior management to rank and file) and those with direct contracts with RCBC are familiar and reminded of the Bank's anti-corruption policies and procedures. From the first day that an employee is hired, RCBC discusses with the employee the Bank's Code of Conduct, including the anti-corruption policies and procedures. With this, Management ensures that all employees know and understand the policies and procedures, which should be followed throughout their tenure with the institution.

Regular corporate announcements remind employees of warning signs associated with illegal, unethical, or questionable activities/transactions. Employees are reminded to immediately report (confidentially and without risk of reprisal) any suspicious behavioral traits, warning signs, and other legitimate concerns through the whistleblowing channel of the YGC. Sanctions are imposed on erring employees. If an employee violates the company's anti-corruption policies, Management will take Legal action against them.

Adherence to the Code of Conduct:

All employees are governed by the Bank's Code of Conduct, which revolves around the Core Values of the Bank. It is designed to serve as a guide to employees on how they should conduct themselves within and outside the Bank premises and in dealing with clients/customers and co-associates. The document is published on the Bank's website³⁴.

Adherence to this Code is the responsibility of each and every associate. It is administered uniformly throughout the Bank and is independent of the practices of other banks. It is a condition for continuous employment. Any breach of this Code may result in disciplinary action ranging from reprimand to termination of employment, depending on the

³⁴ RCBC. [https://www.rcbc.com/uploads/media/Code-of-Conduct-\(Rev\).pdf](https://www.rcbc.com/uploads/media/Code-of-Conduct-(Rev).pdf).

gravity of the offense, after the observance of due process. The Code of Conduct is divided into five parts as follows:

- | | |
|-----------------------------|--|
| A. Treatment of Clients | D. Conflict of Interests |
| B. Treatment of Bank Assets | E. Knowledge, Understanding & Compliance |
| C. Treatment of Others | |

Anti-Corruption Policies:

Under Part D of the Code of Conduct on Conflict of Interests, to avoid conflict of interest, employees are to conduct business transactions for the Bank in accordance with Bank policy and avoid direct or indirect use of the Bank's goodwill, reputation, funds and property or other resources for personal gain. This involves, among other things, accepting gifts, entertainment or favors from customers or suppliers; outside employment; outside directorship; and receiving commissions or benefits from customers or suppliers.

- *Gifts and Entertainment.* The Bank does not allow solicitation of gifts, directly or indirectly, from customers or suppliers. Under no circumstance do employees accept, directly or indirectly, payments, loans, kickbacks, special privileges or services in exchange for favors.
- *Favors.* The Bank does not buy business. This is obtained on the merits of the Bank's products, services and people. It does not bend rules nor offer money, illegal or inappropriate favors of unusual value to obtain or retain business. In this regard, any and all significant donations or contributions to or through a customer for whatever purpose using Bank property or funds should be with the prior authorization of the concerned Group Head. Should said donation or contribution be through the purchase of a raffle or lottery ticket, any prize or winnings therefrom, regardless of whether the ticket is in the employee's possession or in the employee's name, must be turned over to the Bank.
- *Receiving Commissions or Benefits.* Employees must avoid situations which may unduly influence the relationships with customers or suppliers in a position to transact business with the Bank. Employees must make sure that the procedures laid down in providing customer services or in purchasing goods and services are strictly followed. Employees who have a direct hand in choosing companies from which purchases of the Bank's business requirements are to be made, are discouraged to use said authority to obtain commissions or leverage to purchase the same item/s for personal interests at terms not otherwise available to his/her colleagues or the public. Suppliers and customers are chosen based on merit and not on what can be gained from them.

The Code of Conduct is a main topic included in the Bank's Employee Orientation Program which is held on a regular basis. The Bank provides penalties for violations of its Code of Conduct. Administrative cases are handled in accordance with the Bank's Administrative Cases Procedure and existing laws. The Personnel Evaluation and Review Committee acts as an independent body in the evaluation and review of cases involving dishonesty, fraud, negligence or violation of any internal Bank policy, rule or procedure committed by an RCBC employee and ensures that the appropriate preventive, corrective and disciplinary measures are imposed on cases involving dishonesty, fraud, negligence or violation of any internal Bank policy, rule or procedure committed by an RCBC employee.

Use of Insider Information:

There are laws that prohibit the use of inside information when buying, selling or trading publicly traded securities, including RCBC securities. Inside information can take many forms, but always includes information which is not available to the public and which might influence an investor's decision to buy, sell or hold securities in a company. Under the Code of Conduct, employees are prohibited from buying, selling or trading RCBC securities or the securities of other companies about which employees have inside information, until that information becomes public. In addition, this information should not be shared with anyone else, including family members or friends or anyone about trading in any securities based on this information.

Whistleblowing Policy:

The Bank's Whistleblowing Policy is a key element in safeguarding the Bank's integrity. It aims to enhance the Bank's transparency and system for combating practices that might damage its activities and reputation. Protecting the integrity and reputation of the Bank requires the active support of its stakeholders, particularly its employees. The following are the basic principles and system protection of the Bank's Whistleblowing Policy:

1. Employees and other stakeholders must be provided with alternative and sufficient channels for whistleblowing and communication. In certain instances, they must be able to bypass the main channels for whistleblowing if these prove inappropriate;
2. Employees and other stakeholders making the report in good faith should at all times be protected against reprisals;
3. Identity of the whistleblower making the report in good faith should remain confidential and anonymous;
4. Reported incidents shall be verified in an appropriate manner, and if confirmed, the Bank must take the necessary actions;
5. The rights of any person implicated in any report must be respected.

Reports of any actual or suspected criminal activities, unlawful acts or omissions, fraud, violations of the Code of Conduct and other bank policies, danger to health and safety, improprieties or malpractice in the workplace, including those relative to matters of financial reporting, internal control and/or auditing may be sent through the YGC Open Communication system³⁵ - a confidential and anonymous reporting system for the YGC.

The Bank's HRG monitors all Whistleblowing reports and shall report potential fraud cases to the Corporate Governance Committee. The Whistleblowing Policy provides that the HRG shall monitor all reported cases, and shall make a quarterly report to the Corporate Governance Committee on the number of reports received, actions taken and the latest status of each case.

Anti-Money Laundering Act (AMLA):

The Bank's Money Laundering and Terrorist Financing Prevention Program (MLPP) is a comprehensive and risk-based policy geared toward the promotion of high ethical and professional standards and the prevention of the Bank being used, intentionally or unintentionally for money laundering and terrorist financing. The MLPP is consistent with the Anti-Money Laundering Act of 2001, as amended, The Terrorism Financing Prevention and Suppression Act of 2012, and BSP Circular No. 706, as amended. The MLPP is updated at least once every two years. This covers policies on Know Your Customer procedures, Record Keeping and Retention, Training, Risk Profiling and Covered and Suspicious Transaction Alerts Management. Central to improving the Bank's compliance with AML/ Counter-Terrorism Financing (CFT) related regulations is the review and revision of the MLPP at least once every two years. The revised MLPP addresses the requirement outlined in new regulations and addresses changes in Bank practices considered significant as part of its on-going process of re-framing the Bank's Compliance Program.

Internal Audit:

To promote and strengthen checks and balances in the Bank, RCBC promotes sound internal controls and gives due recognition to the importance of the internal audit function. On the basis of the Audit and Compliance Committee's approved audit plans, internal audit examinations of the business units are conducted between one to three years. These examinations are based on the derived level of risk using a systematic, risk-based approach to evaluate and improve the adequacy and effectiveness of governance, risk management, control systems, and processes through which the Board, senior management, and stockholders shall be provided with reasonable assurance that its key organizational and procedural controls are appropriate, adequate, effective and complied with. This approach generally includes an assessment of significant risk exposures and adequacy of the risk management process, adequacy and effectiveness of controls encompassing the organization's governance, operations, information systems, safeguarding of assets and compliance with the Bank's Code of Conduct, ethical standards, policies and documented procedures, contracts, laws, rules and regulations.

Related Party Transactions (RPT):

To align with the SEC Memorandum Circular No. 10, series of 2019 or the "Rules on Material Related Party Transactions for Publicly-listed Companies" issued on April 27, 2019, RCBC has updated the Bank's Policy on Related Party Transactions on September 30, 2024. The said policy defines "related party transactions" as transactions or dealings

³⁵ RCBC. Talk to Us. www.rcbc.com/TalktoUs

with related parties of the Bank, including its trust department, regardless of whether or not a price is charged. These shall include, but not limited, to the following:

- On- and off-balance sheet credit exposures, claims and write-offs;
- Investments and/or subscriptions for debt/equity issuances;
- Consulting, professional, agency and other service arrangements/contracts;
- Purchases and sales of assets, including transfer of technology and intangible items (e.g. research and development, trademarks and license agreements)
- Construction arrangements/contracts;
- Lease arrangements/contracts;
- Trading and derivative transactions;
- Borrowings, commitments, fund transfers and guarantees;
- Sale, purchase or supply of any goods or materials;
- Establishment of joint venture entities.

RPTs shall be interpreted broadly to include not only transactions that are entered into with related parties but also outstanding transactions that were entered into with an unrelated party that subsequently becomes a related party. The term “related parties” under the Bank’s updated RPT Policy has been expanded in scope as it broadens the definition of “close family members” to include relatives of the Bank’s Directors, Officers and Stockholders³⁶ within the 4th degree of consanguinity or affinity, legitimate or common-law. Related parties also include corresponding persons in affiliated companies, those with direct or indirect linkages with the Bank, members of the Bank’s Advisory Board and subsidiaries of related parties.

The Bank constituted the RPT Committee and RPT Management Committee: the RPT Committee reviews material RPTs to ensure that they are conducted in the regular course of business and not undertaken on more favorable economic terms (e.g., price, commissions, interest rates, fees, tenor, and collateral requirement) versus similar transactions with non-related parties under similar circumstances. On favorable review, the RPT Committee endorses material RPTs to the Board for approval.

All material RPTs shall be approved by at least two-thirds (2/3) vote of the Board of Directors, with at least a majority of the independent directors voting to approve the material RPT. In case that a majority of the independent directors’ vote is not secured, the material RPT may be ratified by the vote of the stockholders representing at least two-thirds (2/3) of the outstanding capital stock. Material RPTs approved by the Board shall be submitted to the Stockholders for confirmation during the Annual Stockholders Meeting.

On the other hand, the RPT Management Committee reviews and approves proposed RPTs below the materiality threshold or those that do not require Board approval, to ensure that said RPTs are conducted in the regular course of business and not undertaken on more favorable economic terms to such related parties than similar transactions with non-related parties under similar circumstances. On favorable review, the RPT Management Committee approves the non-material RPT and submits the same to the Board for confirmation.

Transactions with related parties involving amounts of at least Pesos: Ten Million (Php 10,000,000.00) are considered as material RPTs. The said threshold shall not apply to DOSRI loans and other credit accommodations and guarantees, and other transactions requiring Board approval under the regulations, i.e., cross-selling, outsourcing, etc., which are always considered “material” regardless of amount. Where the amount involved in the transaction is at least 10% of the combined assets of the RCBC Group, the transaction shall be accompanied by a fairness opinion issued by an external independent party to be appointed by the Board of Directors. Excluded transactions are RPTs that, regardless of the amount involved, are exempted from vetting, approval and reporting but still subject to other RPT requirements, such as:

- 1) Deposit operations;
- 2) Investment in bonds issued by the Government of the Philippines, its political subdivisions and its instrumentalities

The Bank’s RPT policy shall be reviewed by the RPT Committee and approved by the Board every three (3) years or as

³⁶ For stockholders, close family members refer to relative’s 2nd degree relatives of consanguinity and affinity.

necessary whenever there are any related amendments. The latest version of the Bank's RPT policy has been reviewed and approved in September 2024 to incorporate key changes on exemption of the sale of bank properties from prior vetting and endorsement by the RPT Committee. This updates the following list of transactions exempted from the vetting, approval and reporting requirements of RPTs provided that the amount involved in the transaction is less than the SEC Material RPT threshold (10% of the combined assets of the RCBC Group, based on the latest audited financial statements):

- 1) Regular trade transactions involving purchases and sales of debt securities traded in an active market. However, subject to post-reporting to the RPT Committee;
- 2) RPTs covered under the Trust and Investment Group's RPT Policy. (Refer to ANNEX C of the RPT Policy published on the Bank's website³⁷;
- 3) Pre-approved Treasury Transactions covered by the Policy on Related Party Transactions covering Treasury Deals³⁸;
- 4) Credit card availments, except those with credit card lines with amounts falling under the definition of "material transactions";
- 5) Availments under the BSP-approved fringe benefit program;
- 6) Transactions that do not present a real risk of potential abuse, i.e. sale of fully depreciated assets; and
- 7) Sale of bank properties (e.g., repossessed cars and real estates) to related parties done through competitive/public bidding or auction. It is emphasized that the loan component of the sale, if any, is NOT covered by this amendment.

In case the amount involved in the transaction shall reach the SEC Material RPT threshold, the transaction shall be subject to the vetting, approval and reporting requirements of RPTs, including the following processes:

- 1) The Board of Directors shall appoint an external independent party to evaluate the fairness of the terms of the material RPT. An external independent party may include, but is not limited to, auditing/accounting firms and third party consultants and appraisers.
- 2) An Advisement Report shall be filed with the SEC within three (3) calendar days after the execution date of the transaction. The Advisement Report shall be signed by the Corporate Secretary.

To ensure that conflict of interest is managed, interested directors and officers shall abstain from discussion, approval and management of such transaction or matter affecting the Bank. In case they refuse to abstain, their attendance shall not be counted for purposes of assessing the quorum and their votes shall not be counted for purposes of determining majority approval.

The Bank continues to encourage employees to communicate, confidentially and without risk of reprisal, legitimate concerns about illegal unethical or questionable RPTs. For this purpose, the Bank's Whistleblowing Policy shall apply. Reporting and investigation of abusive RPTs shall be handled following the Bank's existing Code of Conduct and Whistleblowing Policy. The grievance procedure under the Corporate Governance Manual shall apply to stockholders, including minority stockholders, who wish to report or express legitimate concerns on abusive RPTs.

What are the opportunities identified?

RCBC's profound adherence to business ethics has provided the Bank with a solid foundation for consistent growth, stakeholder confidence, and competitive edge. The internal audit activity, in particular, adds value to the Bank through the audit reports which summarized the risk exposures and control issues and provides recommendations in order to improve the governance, risk management, and control processes which will contribute to the achievement of the Bank's overall objectives.

Management Approach to Opportunities

³⁷ RCBC. Uploads. www.rcbc.com/uploads/media/20221010-SEC-Form-17-18-Updated-Related-Party-Transactions-Policy-1.pdf.

³⁸ *Ibid*

The internal auditors have free and full access to all the Bank’s records, properties, and personnel relevant to the internal audit activity. The Bank’s internal audit function has its continuing professional development policy which encourages and supports internal auditors to be continually abreast with relevant skills, knowledge and information through trainings and certification programs to ensure that everyone will be able to adequately carry out their duties and responsibilities. The Internal Audit Group conducts regular assessment and monitoring of the team’s competencies and coordinates with the Human Resources Group for its training and/or certification requirements. The Bank continuously conducts training and provides “eLearning” courses to ensure that all employees (from rank-and-file to senior management) and those with direct contracts with RCBC are familiar with and reminded of the Bank’s anti-corruption policies and procedures. Management reiterates via corporate announcements the importance and significance of the Bank’s Code of Conduct, including ethical standards and anti-corruption policies.

Energy consumption (LPG)	0	GJ
Energy consumption (diesel)	2,077 ³⁹	GJ
Energy consumption (electricity)	RCBC Plaza: 565,697 ⁴⁰ A.T. Yuchengco Centre: 1,432,060 Branches: 11,550,060	kWh

Reduction of Energy Consumption

Disclosure (January 1 – December 31, 2024)	Quantity	Units
Energy reduction (renewable sources)	0	GJ
Energy reduction (gasoline)	0	GJ
Energy reduction (LPG)	0	GJ
Energy reduction (diesel)	0	GJ
Energy reduction (electricity)	0	kWh

Which stakeholders are affected?

Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to energy consumption)
Management	- Efficiency of managing resources
Stockholders	- Profitability of the organization - Efficiency of managing resources
Suppliers	- How much energy is used by the organization - Supplies’ actions can affect the organization’s ability to operate, implement its strategies, and achieve its objectives
Community, inc. environmental NGOs	- Extent of energy consumption alongside scarcity of supply
Public, inc. media	- Extent of energy consumption alongside scarcity of supply – potential reputational impact

³⁹ This pertains to generator sets which make use of diesel.

⁴⁰ Data as of reporting date for RCBC Plaza has been updated to reflect only the RCBC banking floors with direct meter measurements.

What is the impact and where does it occur? What is the organization's involvement in the impact?
Efficient energy consumption within RCBC's operations can translate to energy savings. This, in turn, can contribute to possible reduction in the country's significant reliance on fossil fuel-based energy.
Management Approach to Impact
<ul style="list-style-type: none"> - RCBC continues to support the principles behind its Leadership in Energy and Environmental Design (LEED) certification (RCBC Plaza in Makati is a LEED-certified Gold-level building⁴¹). Energy conservation measures are applied in the Bank's day-to-day operations. RCBC ensures that it maintains its LEED Gold certification by spending on annual LEED consultation fees to comply with the climate adaptation requirements of the building. - The Bank's headquarters – the RCBC Plaza in Makati City and the AT Yuchengco Centre (ATYC) in Taguig City have started being powered by RE sources from ACEN in August 2024 and September 2024, respectively. - RCBC instills the discipline and promotes the benefits of being mindful of sustainability practices (e.g. environmental protection by fostering energy conservation) through the completion of the internally-developed UN SDGs e-learning in 2022 and access to a UN SDG Daily Handbook in the Bank's internal Online Library beginning September 2023.
What are the risks identified?
GHG emissions from the generation of electricity contribute to global warming and climate change. Inefficient management of energy use can lead to higher operating costs, revocation of LEED certification, and inability to be benchmarked against other banks that have set sustainability goals and programs on energy conservation.
Management Approach to Risks
<ul style="list-style-type: none"> - Efficient energy consumption is one of the underlying objectives of cost control measures. These include guidelines on containing operating expenses through commitments on environmental responsibility and resource efficiency. The initiatives in support of these guidelines include switching to LED lighting systems and the application of energy-saving mechanisms in the office elevators. As more RCBC branches open in the country, it is necessary to continue monitoring overall consumption in a way that energy efficiency is practiced. - The objective of reducing global warming is ingrained in a larger scale within RCBC's Sustainable Finance Framework which supports investments in RE. This is aligned with RCBC's declaration to cease funding of the construction of new coal-fired power plants, with coal technology known to release more GHG per unit of energy produced (and hence increased global warming) compared to other electricity sources. The quantitative tool (PACTA and Climate Stress Test Model) also equips RCBC in measuring transition risk associated with lending to fossil fuel power generation projects.
What are the opportunities identified?
<ul style="list-style-type: none"> - Redesigning of offices / branches to further promote energy efficiency practices - Continued knowledge-dissemination / awareness program on the relevance of efficient energy consumption to the Bank's operations and to one's day-to-day activities - Development of understanding of carbon footprint and its relation to energy consumption
Management Approach to Opportunities
<p>RCBC remains committed to action towards operational efficiency leading to conservation of energy and other energy efficient technologies.</p> <p>The Sustainability e-learning material has been incorporated into the annual Bank-wide learning programs. This e-learning course is mandatory for all employees (from senior management to rank and file) and is accessible to the Board of Directors. This is considered instrumental in promoting deeper understanding of how energy consumption generates carbon footprint and increases GHG emissions. The 2022 Sustainability e-learning also facilitates a global learning experience as energy consumption and other related activities are explained within the context of attaining the UN SDGs.</p>

Water Consumption Within the Organization

Disclosure (January 1 – December 31, 2024)		Quantity	Units
Water withdrawal		0	Cubic meters
Water consumption		RCBC Plaza: 169,227 ⁴² A.T. Yuchengco Centre: 10,488 Branches: 98,578	Cubic meters
Water recycled and reused		0	Cubic meters
Which stakeholders are affected?			
Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to water consumption)		
Management	- Efficiency of managing resources		
Stockholders	- Profitability of the organization - Efficiency of managing resources		
Suppliers	- Changes in the organization’s water consumption versus supply availability		
Community, inc. environmental NGOs	- Extent of water consumption alongside scarcity of supply		
Public, inc. media	- Extent of water consumption alongside scarcity of supply – potential reputational impact		
What is the impact and where does it occur? What is the organization’s involvement in the impact?			
Efficient water consumption in the Bank’s operations can translate to savings, thereby contributing to preserving water as a limited resource.			
Management Approach to Impact			
<ul style="list-style-type: none"> - RCBC continues to support the principles behind its LEED certification (RCBC Plaza in Makati is a LEED-certified gold building). Water conservation measures are applied in the Bank’s day-to-day operations. - RCBC instills the discipline and promotes the benefits of being mindful of sustainability practices through the completion of the internally-developed e-learning on the UN SDGs since 2022. This is a mandatory online course for all employees on environmental protection by fostering water conservation, among others, at a personal and at a corporate level. As a follow-through to this, access to a UN SDG Daily Handbook in the Bank’s internal Online Library has been established beginning September 2023. 			
What are the risks identified?			
The inefficient and improper use of water can lead to negative environmental impacts, in light of water being recognized as a limited resource. It can also lead to higher operating costs, revocation of LEED certification, and inability to be benchmarked against other banks that have set sustainability goals and programs on water conservation.			
Management Approach to Risks			
<ul style="list-style-type: none"> - Responsible water consumption is one of the underlying objectives of cost control measures. These include guidelines on containing operating expenses through commitments on environmental responsibility and resource efficiency. The initiatives in support of these guidelines include proper use of faucets and responsible consumption of drinking water. - The objective of promoting responsible water consumption is ingrained in a larger scale within RCBC's Sustainable Finance Framework which supports investments in Sustainable Water Management for clean water infrastructure, wastewater treatment, consumption, sustainable urban drainage systems, and other forms of flooding mitigation. 			
What are the opportunities identified?			
<ul style="list-style-type: none"> - Continued knowledge-dissemination / awareness program on the relevance of responsible water consumption to the Bank’s operations and to one’s day-to-day activities - Development of understanding of social responsibility and its relation to preservation of natural resources 			

⁴² Water consumption data pertains to the entire premise of the building not just the RCBC-occupied floors. For the Sustainability Report 2023, the reported data (21,764 cubic meters) is for banking floors only and the corresponding consumption for RCBC Plaza is 161,559 cubic meters.

Management Approach to Opportunities
<ul style="list-style-type: none"> - RCBC remains committed to action towards operational efficiency including responsible water utilization and conservation. - The Sustainability e-learning material has been added into the annual Bank-wide learning programs since 2021. This Sustainability e-learning course is mandatory for all employees (from senior management to rank and file) and is accessible to the Board of Directors. This is considered instrumental in promoting deeper understanding of how water conservation exemplifies social responsibility in support of sustainability. The 2022 Sustainability e-learning also facilitates a global learning experience as water consumption and other related activities are explained within the context of attaining the UN SDGs.

Which stakeholders are affected?	
Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to materials used by the organization)
Management	- Efficiency of managing resources
Stockholders	- Profitability of the organization - Efficiency of managing resources
Suppliers	- Changes in the organization’s resource consumption versus supply availability
Community, inc. environmental NGOs	- Environmental effects of materials used and practices employed by suppliers

Which stakeholders are affected?	
Public, inc. media	- Environmental effects of materials used and practices employed by suppliers - potential reputational impact

What is the impact and where does it occur? What is the organization’s involvement in the impact?
 There is indirect impact brought about by RCBC’s relations with its suppliers.

Management Approach to Impact
 RCBC ensures that suppliers uphold sustainability standards and practices including compliance with Philippine laws. The supplier’s environmental performance is observed during site visits. RCBC is able to influence suppliers to be sustainable through the supplier accreditation processes.

What are the risks identified?
 The adverse environmental effects of a supplier’s operations can impact the cost of its output and may be detrimental to the continuity of its operations. Aside from this, any negative impacts may lead to public outcry and/or government-initiated stoppage/revocation of business license. These cost implications and possible disruption will ultimately affect the Bank’s operations as receiver of the supplier’s services / products.

Management Approach to Risks
 Due diligence prevents and mitigates negative impacts in the supply chain. Suppliers are assessed for a range of criteria.

⁴³ This includes printed forms, check books, and check vouchers, envelopes, and tempus calendars procured from suppliers.

⁴⁴ Data provided and collated from various suppliers.

RCBC initiates due diligence as early as possible in the development of a new relationship with a supplier. Impacts may be prevented or mitigated at the stage of structuring contracts or other agreements, as well as via on-going collaboration with suppliers. The assessment of vendors includes their sustainability initiatives, inspection of facilities and policies relating to the vetting of vendors.

What are the opportunities identified?

Opportunities relate to improvements in RCBC’s existing supply chain management as well as the avoidance of negative environmental and reputational impacts on the supply side. These can include changing the organization’s procurement practices, adjusting performance expectations, capacity building, training, changes to processes, as well as terminating supplier relationships with those that are non-compliant.

Management Approach to Opportunities

RCBC continues to improve its existing supply chain procedure to avoid negative environmental and reputational impacts. The Bank employs sustainability-related questionnaires in the accreditation/vetting process of vendors. Furthermore, the YGC holds information campaigns geared towards vendors regarding YGC’s sustainability initiatives.

Ecosystems and Biodiversity (Whether in Upland/Watershed or Coastal/Marine)

Disclosure (January 1 – December 31, 2024)	Quantity ⁴⁵	Units
Operational sites owned, leased, managed in, or adjacent to, protected areas and areas of high biodiversity value outside protected areas	None	
Habitats protected or restored	-	ha
IUCN ⁴⁶ Red List species and national conservation list species with habitats in areas affected by operations	None	

Which stakeholders are affected?

Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to ecosystems and biodiversity)
Government – DENR	<ul style="list-style-type: none"> - Compliance with environmental laws and regulations - Reduction of environmental impacts - Concern for environmental protection
Community, inc. environmental NGOs	<ul style="list-style-type: none"> - Reduction of environmental impacts - Concern for environmental protection
Public, inc. media	<ul style="list-style-type: none"> - Reduction of environmental impacts and concern for environmental protection – potential reputational impact

What is the impact and where does it occur? What is the organization’s involvement in the impact?

RCBC’s operational sites are not in, or adjacent to, protected areas, areas of high biodiversity value, protected or restored habitats, or areas where IUCN Red List species and national conservation list species have habitats. The operational sites of the Bank’s clients, however, may be such, and the clients’ operations may have negative environmental impacts.

Management Approach to Impact

In accordance with the ESMS Policy, all credit proposals for loans and other credit accommodations from RCBC need to go through E&S risk and impact assessment. Only activities or projects which pass the E&S risk and impact assessment shall be eligible for financing.

What are the risks identified?

The operational sites of RCBC’s clients may be in, or adjacent to, protected areas, areas of high biodiversity value, protected or restored habitats, or areas where IUCN Red List species and national conservation list species have habitats. This may lead to negative environmental impacts.

⁴⁵ Refer to the discussion on Impact

⁴⁶ International Union for Conservation of Nature

Management Approach to Risks
The ESMS Policy adheres to the guidelines of the DENR-EMB. In addition, the ESMS Policy of RCBC subscribes to IFC's Performance Standards which include the evaluation of the impact of a borrower's business on ecosystems and biodiversity (IFC Performance Standard 6 Biodiversity Conservation and Sustainable Management of Living Natural Resources).
What are the opportunities identified?
Adhering to the protection of ecosystems and biodiversity promotes sustainable business practices.
Management Approach to Opportunities
RCBC's Sustainable Finance Framework supports financing for environmentally sustainable management of living natural resources and land use under its Eligible Green Project Categories.

Environmental Impact Management

Air Emissions: GHG

Disclosure (January 1 – December 31, 2024)	Quantity	Units
Direct (Scope 1) GHG Emissions	0	Tonnes CO ₂ e
Energy indirect (Scope 2) GHG Emissions	9,629 ⁴⁷	Tonnes CO ₂ e
Emissions of ozone-depleting substances (ODS)	0	Tonnes

Air Pollutants

Disclosure (January 1 – December 31, 2024)	Quantity	Units
NO _x	-	kg
SO _x	-	kg
Persistent organic pollutants (POPs)	-	kg
Volatile organic compounds (VOCs)	-	kg
Hazardous air pollutants (HAPs)	-	kg
Particulate matter (PM)	-	kg

Which stakeholders are affected?	
Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to management of air pollutants)
Stockholders	- Compliance with environmental laws and regulation – potential reputational impact that may lead to divestment
Government – DENR	- Compliance with environmental laws and regulation - Reduction of environmental impacts - Concern for environmental protection
Community, inc. environmental NGOs	- Reduction of environmental impacts - Concern for environmental protection
Public, inc. media	- Reduction of environmental impacts and concern for environmental protection – potential reputational impact

What is the impact and where does it occur? What is the organization’s involvement in the impact?
 As RCBC is engaged in traditional banking, it does not generate air pollutants in its operations. The Bank’s clients, however, may be generating this negative impact on the ecosystem as part of their production process.

Management Approach to Impact
 Refer to details on Ecosystems and Biodiversity (Whether in Upland/Watershed or Coastal/Marine)

What are the risks identified?
 The Bank’s clients may be generating air pollutants in their operations. The Bank may have indirect impact to the environment.

Management Approach to Risks
 The ESMS Policy adheres to the guidelines of the DENR-EMB. In addition, the ESMS Policy of RCBC subscribes to IFC’s Performance Standards which include the evaluation of the borrower’s practices to promote resource efficiency and pollution protection (Performance Standard 3 Resource Efficiency and Pollution Prevention) that may be mapped against the requirements of the Philippine Clean Air Act for pollution prevention.

What are the opportunities identified?

Solid and Hazardous Wastes:

Solid Waste

Disclosure (January 1 – December 31, 2024)	Quantity ⁴⁸	Units
Total solid waste generated	RCBC Plaza: 744,190 A.T. Yuchengco Centre: 69,668 ⁴⁹	kg
Reusable	0	kg
Recyclable	RCBC Plaza: 573,250	kg
Composted	0	kg
Incinerated	0	kg
Residuals/Landfilled	RCBC Plaza: 170,940 A.T. Yuchengco Centre: 69,668	kg

Which stakeholders are affected?	
Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to solid waste management)
Stockholders	- Compliance with environmental laws and regulations – potential reputational impact that may lead to divestment
Government – DENR	- Compliance with environmental laws and regulations - Reduction of environmental impacts - Concern for environmental protection
Community, inc. environmental NGOs	- Reduction of environmental impacts - Concern for environmental protection
Public, inc. media	- Reduction of environmental impacts and concern for environmental protection – potential reputational impact

What is the impact and where does it occur? What is the organization's involvement in the impact?
 RCBC's ability to properly manage solid waste impacts the communities within the proximity of its operations, and the overall environmental welfare of the society.

Management Approach to Impact
 RCBC minimizes the impact of its operational solid waste through pollution prevention measures. Compliance with Philippine Environmental Laws is adhered to across the organization.

What are the risks identified?
 The generation, treatment, and disposal of waste, including its improper transportation, can pose harm to human health and the environment.

Management Approach to Risks
 RCBC Plaza's Solid Waste Management Plan includes reducing material costs and environmental impacts thus educating and encouraging tenants to reduce, reuse, and recycle for long-term purposes to minimize ecological impacts. Solid wastes are hauled by a third party; total amounts are then recorded and tabulated.

What are the opportunities identified?

- Digitization of banking transactions and redesign of offices / branches to promote waste reduction
- Continued knowledge-dissemination / awareness campaign on the benefits of waste reduction as part of environmental protection and social responsibility
- Development of understanding of carbon footprint and its relation to tree-cutting for paper production / consumption

Management Approach to Opportunities

⁴⁸ Available solid waste data pertains to the entire premise of the building not just the RCBC-occupied floors.

⁴⁹ Around 40% are from RCBC-occupied floors

- RCBC will continue to implement initiatives aimed at operational efficiency and digitization, including waste reduction / paper consumption. These include employees being encouraged to apply double-sided printing and lessening plastic waste.
- RCBC's customer banking experience has promoted ZERO forms to fill out⁵⁰, hence significantly decreasing paper usage.
- The Sustainability e-learning material has been added into the annual Bank-wide learning programs since 2021. This Sustainability e-learning course is mandatory for all employees (from senior management to rank and file) and is accessible by the BOD. This is considered instrumental in promoting deeper understanding of carbon footprint/GHG emissions and how these can be reduced through preservation of forests, proper waste segregation, and recycling of waste. In September 2023, the UN SDG Daily Handbook was made available through the Bank's intranet and cascaded to all employees via an HRG advisory, providing practical information on how to contribute to the UN SDGs through our day-to-day lives.
- RCBC's support for potential financing requirements also helps promote environmental responsibility for proper waste management. The Bank's Sustainable Finance Framework includes waste management (excluding landfills), such as waste prevention, waste reduction, waste recycling and material recovery with emission abatement technology under the Eligible Green Project Categories.

Hazardous Waste

Disclosure (January 1 – December 31, 2024)		Quantity	Units

Environmental Compliance

Non-compliance with Environmental Laws and Regulations

Disclosure (January 1 – December 31, 2024)	Quantity	Units
Total amount of monetary fines for non-compliance with environmental laws and/or regulations	0	Php
No. of non-monetary sanctions for non-compliance with environmental laws and/or regulations	0	#
No. of cases resolved through dispute resolution mechanism	0	#

Which stakeholders are affected?	
Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to environmental compliance)

Management	<ul style="list-style-type: none"> - Monetary fines - Non-monetary sanctions
Stockholders	<ul style="list-style-type: none"> - Compliance with environmental laws and regulation – potential reputational impact that may lead to divestment
Customers/Clients	<ul style="list-style-type: none"> - Interruption of business /operations due to breach of environmental laws/regulations - Reputational impact
Employees	<ul style="list-style-type: none"> - Interruption of business /operations due to breach of environmental laws/regulations - Reputational impact
Government – DENR / Regulators	<ul style="list-style-type: none"> - Compliance with environmental laws and regulation - Ability to conform to certain performance parameters - Concern for environmental protection
Community, inc. environmental NGOs	<ul style="list-style-type: none"> - Reduction of environmental impacts - Concern for environmental protection
Public, inc. media	Compliance with environmental laws and regulation, ability to conform to certain performance parameters, and concern for environmental protection – potential reputational impact.

What is the impact and where does it occur? What is the organization’s involvement in the impact?

RCBC’s ability to conform to performance standards, environmental laws and regulations impacts the communities within the proximity of its operations, and the overall environmental welfare of the society.

Management Approach to Impact

RCBC is committed to comply with all environmental laws and regulations, and conform to performance standards.

What are the risks identified?

With the scale of operations of a major universal bank such as RCBC, there may be a possibility that certain requirements on environmental compliance may not be addressed on a timely manner. This notwithstanding, RCBC remains committed to comply with all environmental laws and regulations as well as fulfill any penalty that may arise from non-compliance. Non-compliance within an organization can indicate the ability of management to ensure that operations conform to certain performance parameters. In some circumstances, non-compliance can lead to clean-up obligations or other costly environmental liabilities.

Management Approach to Risks

RCBC is committed to comply with all environmental laws and regulations, and conform to performance standards.

What are the opportunities identified?

The strength of an organization’s compliance record can also affect its ability to expand operations or secure permits.

Management Approach to Opportunities

RCBC is committed to comply with all environmental laws and regulations, and conform to performance standards.

Employees	- Organization’s investment in human resources - Quality of benefits - Protection of employees’ well-being - Employee engagement and retention - Work/life balance - Understanding of Bank’s mission, vision, and strategies
Govt – DOLE	- Protection of employees
Community	- Organization’s investment in human resources, and the quality of benefits, which allow members of the community to decide whether to work for the organization – the organization’s ability to attract and retain talent / potential employees in the community can affect its ability to operate, implement its strategies, and achieve its objectives
Public, inc. media	- Satisfaction among employees, organization’s investment in human resources, and the quality of benefits – potential reputational impact

What is the impact and where does it occur? What is the organization’s involvement in the impact?

Effective employee management leads to satisfaction among RCBC’s employees and equity in the workplace.

Management Approach to Impact

RCBC’s Most Important Asset: Its People

In support of the Bank’s growth strategy and plans, the Human Resources Group (HRG) is committed to organizational capability building and continues to lead programs and initiatives on talent management and development, leadership continuity, retention programs, employee well-being, and corporate social responsibility. RCBC invests in human resources. The quality of benefits for full-time employees is a key factor in retaining employees.

Compensation and Rewards Program:

RCBC commits to pay its employees, salaries/compensation consistent with job performance and the requirements of the law and one that is competitive with the banking industry. The Bank gives importance to equitable pay differentials for different types of work and hence pays within an established salary structure for the different job levels. The Bank likewise provides officers with incentives and rewards for contribution to the business objectives of the Bank.

1. The Bank implements and maintains a sound **Compensation and Incentive Program** with the following objectives:
 - a. To establish a basis for determination and management of compensation, salary increase and performance incentives.

- b. To provide financial incentives through the proper administration of salaries and other means of compensation for each individual to motivate them to do their best on their job.
 - c. To maintain competitive salary levels/structures consistent with those in the banking industry.
 - d. To ensure retention and attraction of performing and key talents in the organization.
2. To guide the Bank in managing the compensation levels of its employees, a salary structure was designed and developed using the following parameters:
- a. **Job Evaluation.** Job Evaluation is a systematic procedure for analyzing, measuring and classifying positions in terms of common job elements or factors found in every position. The current salary structure is based on the existing job grading system for Officer levels ranging from First Officer up to Senior Executive Vice President. The HRG has the responsibility of ensuring that jobs are rated properly and continuously as they change over time due to reconfiguration of functions or reorganizations.
 - b. **Target Market Group.** The salary structure was based on market data of banks deemed as peers by RCBC. Data on these peer banks are obtained from industry and national surveys conducted by private consultancy companies and trade and employee associations.
 - c. **Target Positioning Objective.** In terms of target positioning objectives, the Bank receives instruction from Management on the desired positioning in relation with the Target Market Group or the banking industry in general. This positioning is targeted at both the market's guaranteed pay and total annual cash compensation.
3. The salary structure is reviewed regularly by HRG to maintain its relevance and competitiveness internally and externally.
4. In case surveys and studies reveal that the salary structure is grossly sliding off as compared to the industry or its Target Market Group, it is incumbent upon HRG to come up with recommendations to correct the disparity and to discuss said recommendations with Management.
5. Final approval of recommendations with regard to changes in the compensation structure and policies will need to be secured from the Corporate Governance Committee.
6. Administration, implementation and maintenance of the Bank's Compensation and Incentive Program shall be the direct responsibility of HRG, particularly by its Group Head, Department Head for Compensation and Benefits and Department Head for Career Management.
7. The Compensation and Incentive Program shall be composed of:
- a. **Basic Pay.** This refers to the employee's monthly take-home pay, exclusive of overtime pay.
 - b. **Guaranteed Pay.** Part of the annual compensation supplementary to the Basic Pay such as the 13th month pay.
 - c. **Variable Pay.** This refers to additional incentives, Merit Increase (for Officers) and Promotional Increase (for Non-Officers and Officers), given to eligible employees based on their contributions to the Bank's overall objectives. Performance evaluation metrics include the Sustainability KRA as a mandatory accountability of each RCBC employee, including Senior Management, with the objective of promoting E&S responsibility among all employees.

Employee Retention: Recognizing the continuing competition for talent, HRG's retention programs have helped manage the Bank's attrition rate at 10.06% in 2024 which is slightly below industry level.

Employee Engagement: Certain RCBC units provide employee satisfaction survey to the teams that they are servicing. The survey reflects the employee's assessment of the unit's delivery of service and the areas for improvement.

Human Resource Information System:

HRG maintains and manages the Bank's Human Resource Information System (HRIS) where all employee data (from hiring to separation) are inputted and stored. Even prior to the pandemic, the HRIS had already been set-up and available for employees to access offsite. As such, the pandemic did not constrain HRG from providing the best service to employees.

What are the risks identified?

While RCBC constantly improves its employee benefit packages, employees may deem those of other companies to be more attractive.

Management Approach to Risks

RCBC invests in human resources. The quality of benefits for full-time employees is a key factor in retaining employees. RCBC has 17th month pay for rank and file employees, a benefit that is superior to other peer banks. RCBC constantly improves its employee benefit packages to keep them competitive, in order to retain employees and attract new applicants. Promotion is based on full-year performance and accomplishments are measured through predefined Key Results Areas (KRAs), including the Sustainability KRA. While not all non-officer employees are members of the RCBC Employees Association, they are covered by the Collective Bargaining Agreement (CBA)⁵². In November 2021, the Bank (not including its subsidiaries) and the RCBC Employees Association peacefully agreed on the 3-year economic provisions and the 5-year non-economic terms of the CBA for the period 01 October 2021 to 30 September 2026.

What are the opportunities identified?

Equitable gender choice for parental leave and other leave entitlements can lead to the improved recruitment and retention of qualified employees. It can also boost employee morale and productivity.

Management Approach to Opportunities

RCBC immediately adopts all new benefits as mandated by law. For example, RCBC has implemented the new maternity leave benefit, applicable to all employees, announcing it through the Bank’s internal network messaging platform. With this, the Bank’s employees know that RCBC is immediately compliant with the new benefits and the Bank encourages qualified employees to avail of these.

Employee Training and Development

Disclosure (January 1 – December 31, 2024)	Quantity	Units
Total training hours provided to employees	1,699,603	hours
a. Female employees	1,104,742	hours
b. Male employees	594,861	hours
Average training hours provided to employees	260	hours/employee
a. Female employees	169	hours/employee
b. Male employees	91	hours/employee

Which stakeholders are affected?

Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to employee training and development)
Stockholders	Organization’s investment in training, and the degree to which the investment is made across the entire employee base – efficiency and quality of service provided by employees
Employees	Talent acquisition and development: organization’s investment in training, and the degree to which the investment is made across the entire employee base
Customers/Clients	Efficiency and quality of service provided by employees – properly trained employees

Which stakeholders are affected?

Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to employee training and development)
-------------	--

⁵² The formal grievance escalation and reporting is covered under the Bank’s Collective Bargaining Agreement.

Community	Organization’s investment in training and the degree to which the investment is made across the entire employee base, which allow members of the community to decide whether to work for the organization – the organization’s ability to attract and retain talent / potential employees in the community can affect its ability to operate, implement its strategies, and achieve its objectives
Public, media	inc. Organization’s investment in training, and the degree to which the investment is made across the entire employee base – potential reputational impact
What is the impact and where does it occur? What is the organization’s involvement in the impact?	
When an employee stops learning, his/her development is held back. RCBC therefore commits to provide as many programs as possible for each employee to undergo.	
Management Approach to Impact	
In support of the Bank’s growth strategy and plans, the HRG is committed to organizational capability building and continues to lead programs and initiatives on talent management and development, leadership continuity, retention programs, employee well-being and corporate social responsibility.	
The Bank invests in training and developing employees, and upgrading employee skills. The Bank is fully committed to providing learning and development opportunities across all job levels. Management has introduced and offered various training programs and seminars. In 2024, learning sessions were done both online and face-to-face. There were 19,665 attendees to both internal and external trainings. A total of 53,417 eLearning courses were recorded as taken by the employees in 2024.	
Investment in People: Learning and Development	
RCBC is committed to provide a strong learning and development platform for all employees across all job levels. The HRG continued to strengthen the talent pipeline and brought further competencies on the job by facilitating various training programs and seminars benefiting 18,254 (internal training) attendees, addressing the competencies of Leadership, Customer Service, Sales Planning and Management, Product and Technical Knowledge, Risk Management, AML/Compliance. A total of 1,411 employees were also sent to various external training programs, including eLearning courses offered by external providers.	
The Bank continues to invest in its employees through various training programs strategically focused on digital transformation and customer-centricity, sales planning and management, product knowledge, leadership, risk management, and technical skills. The Bank’s commitment to up-skill the knowledge and capabilities of its employees in order for them to be ready to face the changes in the business landscape, were supported by the following initiatives:	
<ul style="list-style-type: none"> • TOPGUN, (Treasury, Operations, Products, Governance, Underwriting, and Innovation), RCBC’s part-time management training program was also launched in 2024. The program aims to provide participants with a broader view of the entire bank, helping them become well-rounded professionals. 30 offers graduated from the program. • For the branches, these new programs were designated and rolled out, with the goal of providing and enhancing required competencies. First, a Continuing Program for Service Managers, Service Officers and Associates, 181 attended; 2nd, a Branch Service Manager Program, 32 attended; 3rd, an Acceleration Program that serves a refresher course on technical topics to update their knowledge of identified modules for their role. The acceleration program had the following tracks – SA (Service Associate) Acceleration, SO (Service Officer) Acceleration, SM (Service Manager) Acceleration, and RO (Reserve Officer) Acceleration. The program is a combination of self-study materials with learning checks, and modules conducted at the district level. The topics include Advanced AML and Red Flag Detection, Corporate and Legal Documents, Check Clearing, Consumer Loans, Trust Operations, among others. A total of 1,414 service personnel completed the acceleration program. • For the Bank’s Senior Leaders, the following were arranged: 2 modules on Cybersecurity: Introduction to Cybersecurity and the Threat Landscape, and Cybersecurity Governance and Regulatory Compliance. This was 	

attended by 18 senior leaders. During the annual Senior Management planning, 3 learning sessions were also arranged. A total of 36 attended Accelerating Innovation in Banking: Leveraging AI and the Philippine Development Plan 2023-2028, Climate Ambition to Action: Our Collective Journey to NetZero, and Applying FMCG Digital Marketing Strategies to Consumer Banking. As part of upskilling their digital skills, a Coding course, from Data to Insights was attended by 23 senior leaders who learned how to code using Python.

- The RCBC Internship Program was launched in 2023. The program ran for 8 weeks, and allowed 3rd and 4th year students from the top universities of the Philippines to gain experience in the field of banking. The program was designed in a way that would expose the interns to different bank processes, clients, products, and other day-to-day activities, and allow them to apply the knowledge that they gained in a practical manner. It also provided the interns with program-related and career-related work experience, as they were assigned to areas that aligned with their respective courses.

The RCBC University also had the following milestones:

For the RCBC Leadership Academy, the following management training programs were completed – the Digital Excellence and Leadership Academy (DELTA) with 15 graduates, and also with 1 graduate who will proceed to the DELTA-CODEX, the leadership development program of Regulatory Affairs Group.

Three (3) runs of the SRO (Service and Reserve Officer) Bootcamp were completed and produced 63 new branch service officers; while 4 runs of the BRO (Branch Relationship Officer) Development Program were completed and produced 61 new branch sales officers.

For RCBC Digital Academy, the following courses launched in 2021 as part of the Bank's Digital and Customer Centricity Culture Transformation continued to be offered. A total of 98 employees attended Design Thinking, 126 employees attended Agile Scrum Project Management, and 81 employees attended Virtual Consultative Selling. Another initiative of the Digital Academy is the Fintech Foundation Program Flex, an online, self-paced program offered by 10x1000.org. A total of 601 employees completed this in 2024. Under the Digital Academy, 12 officers completed and attained the Digital Marketing Certification.

For the RCBC CX Excellence Academy, CX Fundamentals Training remains to be a staple program and all new hires are invited to attend it. A total of 822 attended in 2024. The Retail Banking Group also launched CX 2.0, where case studies on the application of CX is discussed. 2 cases were finalized and conducted in 2024, with 649 attendees for case study 1 and 262 for case study 2. The CX Award for Customer Excellence (ACE) on its third year, were awarded to 7 individuals and 5 groups.

For the Corporate Banking Group, aside from the staple MA Track and Core Credit Course, the following new programs were launched: Credit Facilities and Packaging, attended by 75 employees, and 5C's of Credit – a Practical Application, attended by 48 employees.

In 2024, four (4) e-Learning programs launched by the Bank were required to the employees: Code of Conduct, Information Security, AMLA, and Data Privacy eLearning.

In compliance with the BSP Directive to have all UITF Selling Personnel accredited, the Bank conducted 4 review sessions to prepare those who will take the Trust Officers Association of the Philippines (TOAP) accreditation. A total of 180 employees attended the review sessions and 160 were registered with TOAP to take the accreditation exam.

The Bank also conducts regular trainings and examinations to ensure that all employees (from senior management to rank and file) and those with direct contracts with RCBC are familiar and reminded of the Bank's anti-corruption policies.

Under the Bank's Corporate Governance Framework, the Board of Directors is provided with the Annual Continuing Training Program. This is a mandatory program which aims for the directors to be continuously informed of the developments in the business and regulatory environments, including emerging risks relevant to the company. It involves courses on corporate governance, matters relevant to the company, including audit, internal controls, risk management, sustainability, and strategy. The annual continuing training shall be at least for four hours. The

program offered for Corporate Governance in 2024 is Transforming Boards to Succeed in a World of Disruption.

As part of safeguarding the well-being of employees, the Bank continued to offer “Your Well-Being Matters” webinar, with our resident expert Dr Michele Alignay. The following webinars were offered in 2024:

1st quarter, Compassion and Mindfulness, 437 attendees; 2nd quarter, Don’t Let Stress You, 338 attendees, 3rd quarter, Parenting the parent, 331 attendees, and 4th quarter, Creating Healthy Boundaries, 170 attendees.

Twenty (20) wellness talks were arranged, this was attended by 2,050 employees. Topics include Resilience, How to be fit, Sleep and Circadian health among others.

New programs were also developed to address Self Mastery and Personal Leadership. To help our Gen Z partners navigate and adjust to their work environment, GRIT: Empowering our Gen Z Partners. This was attended by 177 employees. For junior leaders, Lead from Within: Elevate your Vision, Influence, and Action was attended by 164 employees.

- **Employees as Partners in Growth and Development**

As RCBC establishes its leadership and continues to grow in the digital banking space, the Bank is fully committed to provide learning and development opportunities across all job levels throughout the organization with its various development programs and seminars.

In support of the People Transformation Initiative of the Bank, the RCBC Leadership University was rebranded to the RCBC University with three major pillars: (1) The RCBC Leadership Academy, (2) The RCBC Digital Academy, and (3) The RCBC CX Excellence Academy.

(1) The RCBC Leadership Academy

As the Bank acknowledges the need to develop its next generation of leaders, the RCBC Leadership Academy reintroduced and launched new courses such as:

- Rebranding of the Officers Development Program or ODP to DELTA (Digital Excellence and Leadership Training Academy);
- Establishing the Wealth Management Academy;
- Creation of the Senior Reserve Officer (SRO) Bootcamp (under the Branch Services Development Program) to train a pool of branch service officers from high-potential service associates; and
- Continuing and improving the General Operations and Learning Development (GOLD) program.

(2) The RCBC Digital Academy

Programs offered to employees include Design Thinking,; Agile Scrum Project Management,; Virtual Consultative Selling; Fintech Foundation Program Flex (an online, self-paced program offered by 10x1000.org); and the RCBC CX Excellence Academy.

(3) The RCBC CX Excellence Academy

RCBC also embarked on a journey of transforming its Digital and Customer Centricity Culture and introduced the CX Award for Customer Excellence (ACE) initiative. This program recognized individuals who go out of their way to provide excellent and remarkable customer experience for our clients. Seven (7) individuals and five (5) teams received special citations.

- **Employees as Partners in Sustainable and Inclusive Growth**

As RCBC prepares to push its growth momentum, it does so with a longer term view and ensures that the bank evolves sustainably and without leaving anyone behind. A pioneer in the industry in the area of Sustainable Finance, RCBC's sustainability journey has been centered on three focus areas over the past year: Pioneering Responsible Lending and Sustainable Finance, Championing Inclusive Funding and Digital Finance in the Philippines and most importantly Empowering Employees through Programs on Resilience, Digital Transformation, and Sustainability

Being a financial institution that aims to operate sustainably and responsibly, RCBC recognizes the need to have a strategic and proactive human resource that supports its long-term business goals and outcomes. This means anticipating opportunities as well as challenges to its operating environment, including facing epidemics, pandemics, and other potential disruptions, and putting the necessary safeguards to protect employees and other stakeholders.

In the Bank's mission to empower and sufficiently equip employees with the necessary training and skills to advance sustainability and inclusivity, it conducted regular training sessions for frontline staff on the Bank's ESMS Policy. Sustainability eLearning modules were also developed to elevate employees' understanding of the Bank's role in ESG and their individual responsibilities toward the community and the environment. Performance evaluation metrics include the Sustainability KRA as a mandatory accountability of each RCBC employee, including Senior Management.

Bank employees also have a chance to participate in social responsibility activities in collaboration with the Alfonso Yuchengco Foundation (AYF) and the YGC Corporate Services. This includes the AYF's For Women Only Project (a health treatment assistance project for the benefit of indigent Filipino women suffering from non-malignant gynecological disorder and the YGC Earth Care Project of the YGC Corporate Services (please refer to details under this report's section on Relationship with Community).

- **Employees and Clients as Partners Through Generations**

RCBC President and Chief Executive Officer Eugene S. Acevedo articulated that, while there was still reluctance to lend due to lingering market uncertainty, RCBC found a way to step up to the plate. We looked at the entire spectrum and saw borrowers from safe-haven sectors that deserve credit assistance during the crisis. Many of these borrowers — from small and medium enterprises to conglomerates — were long-time depositors who have stayed with RCBC **through generations**, through thick or thin. The pandemic gave us the perfect opportunity to reward their trust and loyalty with our partnership so they can survive and thrive.

RCBC's journey towards being a sustainable business, a leading innovator, and a strong **partner for generations** is far from over. However, we have time and again proven that our success is only made possible because we have steady and true partners in our journey — each and every RCBC Banker working to make things happen, our customers and our shareholders who have trusted us **through generations**, and our leaders and our Board of Directors for the purposeful collaboration and teamwork.

RCBC has an employee Legacy Club, where membership is solely by virtue of DNA. This Club, with 57 current members, was organized to honor family ties and the generational legacy of RCBC employees and parents who have worked for the institution. This is a special club because it embodies and emphasizes the importance of passing down values and knowledge to the next generation, which is a key aspect of building a strong and sustainable company culture. The RCBC Legacy Club is intended to provide an opportunity for the members to connect and to celebrate the shared history with the company as true **partners through generations**.

True partnership towards success

The tireless efforts of the Bank's more than 6,000 workforce continue to have RCBC as the 5th biggest private domestic bank in the country.

In the past few years, the Bank received numerous awards from various prestigious organizations. In particular, RCBC's foray into the digital banking space brought in numerous awards from various prestigious local and international organizations, including three-peat award for "Best Bank for Digital" from Asiamoney from 2020 to 2023. It also garnered the "Best Financial Inclusion Initiative/Application" award from The Asian Banker.

RCBC also received the Regional Exemplar Award for the National Capital Region for Strategic HR and the National Award for People Program of the Year for RCBC READY or Rapid Empowerment and Assistance Delivery from PMAP.

The Bank not only survived the pandemic, but thrived and flourished through it. Amid the challenging operating environment that persisted, we achieved multiple awards in almost all major industry categories. Customer ratings showed the RCBC NPS scores for key products between 65 and 73, which are considered GREAT in the NPS scale while the employee attrition rate remained better than industry's.

RCBC, and its employees, emerged from the pandemic as a stronger, better-skilled team, ready to face new challenges with a newfound zest to continue the Bank's good work for its clients and stakeholders.

PHILIPPINE DAILY INQUIRER – 2024 BEST EMPLOYERS LIST

In the second year of the search for the Philippines' Best Employers, the 2024 Best Employer list was released by the Philippine Daily Inquirer in partnership with Statista, the world's leading data and business intelligence portal. Every company in the Philippines employing at least 250 people is considered eligible for The Best Employers 2024 distinction and RCBC was of the companies that received this accolade.

PHILIPPINE DAILY INQUIRER – 2025 BEST EMPLOYERS LIST

For the 2nd year in a row, RCBC is honored to be recognized on the 2025 Best Employers List by the Philippine Daily Inquirer in cooperation with Statista, a German market research firm.

The Best Employers list annually features a total of 300 companies and government agencies ranked according to how their performance as employers is perceived by their employees. RCBC is currently ranked 67th, a significant jump from last year's 214th. Within the local Banking and Financial Services industry, we are ranked Top 3.

Focused on how well employers are perceived by their employees, the yearly survey based its results on how respondents rated their own company or others within their industry that they could confidently recommend to friends and family.

The survey seeks to find out from the employees themselves if a company or institution truly takes care of its own people and lives up to the public persona it cultivated.

What are the risks identified?

While RCBC invests in the development of its employees, the risk of employees leaving RCBC and possibly transferring to another company cannot be completely eliminated. There may be foregone costs, and opportunity costs as another employee who would decide to stay in RCBC could have been trained instead.

Management Approach to Risks
RCBC enforces employee training bond agreements, under which an employee will have his/her training paid for by the Bank, but only if he/she remains with RCBC for a predetermined minimum amount of time.
What are the opportunities identified?
Programs for upgrading employee skills allow an organization to plan skills acquisition that equips employees to meet strategic targets in a changing work environment. The abundance of skilled employees enhances the organization’s human capital and contributes to employee satisfaction, which correlates strongly with improved performance.
Management Approach to Opportunities
RCBC has strengthened the talent pipeline and brought further competencies on the job by facilitating various training programs and seminars and allocating budget for these. RCBC continuously evaluates and updates training programs in relevant topics such as, but not limited to, leadership, customer service, sales, technical knowledge, risk management, etc. The HRG disseminates across the organization its catalogue of regular trainings and seminars.

Labor-Management Relations

Disclosure (January 1 – December 31, 2024)	Quantity	Units
% of employees covered with Collective Bargaining Agreements	27	%
Number of consultations conducted with employees concerning employee-related policies	2,000 est.	#

Which stakeholders are affected?	
Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to labor-management relations)
Stockholders	Satisfaction among employees – efficiency and quality of service provided by employees
Employees	Approach to communicating significant operational changes Negotiations for determining working conditions and terms of employment or for regulating relations between employers and workers
Government – DOLE	Protection of employees
Community	Approach to communicating significant operational changes, and negotiations for determining working conditions and terms of employment or for regulating relations between employers and workers, which allow members of the community to decide whether to work for the organization – the organization’s ability to attract and retain talent / potential employees in the community can affect its ability to operate, implement its strategies, and achieve its objectives

Which stakeholders are affected?	
Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to labor-management relations)
Public, inc. media	Approach to communicating significant operational changes, and negotiations for determining working conditions and terms of employment or for regulating relations between employers and workers – potential reputational impact

What is the impact and where does it occur? What is the organization’s involvement in the impact?
 Effective labor-management relations preserve the welfare of employees.

Management Approach to Impact
 RCBC has a union of rank and file employees, which negotiates with Management for a CBA every five years. This shows that, hand-in-hand, Management and the union regularly evaluate and update the salaries and benefits of employees. Every negotiation (in at least the past 15 years) has been peaceful and fruitful.

What are the risks identified?

The risk in collective bargaining negotiations is the potential failure to come up with an agreement between parties.
Management Approach to Risks
Management maintains a harmonious relationship with the union. On a daily basis, Management is open to consultation and discussion regarding various topics that the union wants to tackle. As a result, when the CBA negotiations happen, a lot of issues have already been resolved leaving only the most significant items to be discussed during the meetings.
What are the opportunities identified?
Management treats every issue raised by an employee as an opportunity to explain to them the nuances of the situation they are faced with. Management also relishes the opportunity to show employees that its actions and decisions are done for the benefit of the organization.
Management Approach to Opportunities
Management takes the views of workers into account when making specific decisions. Therefore, meaningful consultations, together with timely processing of relevant information, are needed to make an informed decision that is both fair and just.

Diversity and Equal Opportunity

Disclosure (as of December 31, 2024)	Quantity	Units
% of female workers in the workforce	65%	%
% of male workers in the workforce	35%	%
Disclosure (as of December 31, 2024)	Quantity	Units
Number of employees from indigenous communities and/or vulnerable sector ⁵³	0	#
Which stakeholders are affected?		
Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to diversity and equal opportunity)	
Stockholders	Equity in the workplace, elimination of gender bias, and equal opportunity, which attract / retain talent / potential employees – the organization’s ability to attract / retain talent / potential employees can affect its ability to operate, implement its strategies, and achieve its objectives	
Employees	<ul style="list-style-type: none"> - Equity in the workplace - Elimination of gender bias - Equal opportunity 	
Gov’t – DOLE	- Protection of employees	
Community	Equity in the workplace, elimination of gender bias, and equal opportunity, which allow members of the community to decide whether to work for the organization – the organization’s ability to attract and retain talent / potential employees in the community can affect its ability to operate, implement its strategies, and achieve its objectives	
Public, media inc.	Inclusive recruitment practices, equity in the workplace, elimination of gender bias, and equal opportunity – potential reputational impact	
What is the impact and where does it occur? What is the organization’s involvement in the impact?		
Diversity and equal opportunity could lead to better employee satisfaction and higher retention rate.		
Management Approach to Impact		

⁵³ Vulnerable sector includes, elderly, persons with disabilities, vulnerable women, refugees, migrants, internally displaced persons, people living with HIV and other diseases, solo parents, and the poor or the base of the pyramid (BOP; Class D and E).

RCBC gives equal opportunity for all. When an organization actively promotes diversity and equality at work, it can generate significant benefits for both the organization and workers, such as access to a larger and more diverse set of potential workers. As the numbers show, RCBC employs more women than men, indicating the opportunity that the Bank gives to all as RCBC actively promotes diversity and equality at work.
What are the risks identified?
Promoting diversity does not necessarily lead to inclusion and equal opportunity. The presence of individuals from underrepresented groups within the organization does not guarantee that they will feel fully included and valued.
Management Approach to Risks
RCBC gives equal opportunity for all, not only in hiring, but also in advancement and attaining positions of senior leadership. Promotion is based on performance, as accomplishments are measured through predefined KRAs, including the Sustainability KRA.
What are the opportunities identified?
When an organization actively promotes diversity and equality at work, it can generate significant benefits for both the organization and workers. For example, the organization can gain access to a larger and more diverse set of potential workers. These benefits also flow through to society in general, as greater equality promotes social stability and supports further economic development.
Management Approach to Opportunities
RCBC gives equal opportunity for all. When an organization actively promotes diversity and equality at work, it can generate significant benefits for both the organization and workers, such as access to a larger and more diverse set of potential workers.

What is the impact and where does it occur? What is the organization's involvement in the impact?		

⁵⁴ Estimated at 6,543 employees working 8 hours per day over 250 working days

RCBC's ability to uphold occupational health and safety in the workplace results to the protection of employees.

Management Approach to Impact

Health and Wellness:

RCBC gives importance and commits to upholding occupational health and safety in the workplace through worker training and incident investigations. The Bank has safety officers, certified Basic Occupational, Safety and Health (BOSH) personnel, and first-aiders trained by the Philippine Red Cross.

RCBC is committed to maintaining a safe and healthy working environment. Procedures are in place to protect all associates from generally recognized workplace hazards such as fire, earthquake, robberies and other natural and man-made calamities. The Bank has various substance abuse and health & safety policies, as well as inspection and search procedures.

- *Substance Abuse and Health & Safety Policies* - Employees who work while under the influence of drugs or alcohol present a safety and operational hazard to themselves and their colleagues as well as pose a risk to the trustworthy and professional image of the Bank. The Bank also promotes the health and safety of its employees and their families, thus, the enactment of the following policies:
 - RCBC's Drug-Free Workplace Policy & Programs
 - Policy Against Alcohol Abuse
 - Policy on Off-Duty Substance Abuse
 - Family Welfare Policy
 - TB Workplace Program
 - HIV/AIDS Workplace Program
- *Inspection & Search Procedures* - Employees are mandated to notify security personnel if they see anything suspicious, including the presence of strangers and unattended bags or packages on the premises. Employees are likewise mandated to subject themselves, their personal belongings and the Bank assets under Bank custody to intensive inspection and search procedures by security personnel, upon entering, while within and upon leaving Bank premises. Bank premises include parking lots, whether owned or leased by the Bank. Personal belongings shall mean pockets, bags, storage media, cars and any other personal property that may be used as repository of cash, jewelry, documents, keys, data and other valuable items.
- *Employee Welfare and Well-Being - Employee Welfare and Well-Being* - In 2024, the HRG conducted the following activities to sustain the promotion of health, safety and welfare of RCBC employees.
 - Maintained its partnership with Maxicare, the Bank's HMO provider, in giving health and medical services in accordance to the benefits being enjoyed by employees. Services provided include:
 - Hospitalization, emergency care and other medical services with 2,457 availments for employees and 1,365 availments for dependents in 2024;
 - Executive Check-Up for employees with total cost of Php 18.6 million in 2024;
 - Outpatient consultation services for employees with 17,764 availments in 2024;
 - The Bank also partnered with Sunlife Grepa Financial Inc. in utilizing the clinic located at the RCBC Plaza and serviced more than 437 availments in 2024. Moreover, there is a clinic set-up at the A. T. Yuchengco Centre in BGC to give free check-up and consultation services to more than 1,103 employees at said location.
 - Department of Labor and Employment (DOLE) certified Basic Occupational Safety and Health Seminar;
 - Philippine Red Cross certified first aid training;
 - Basic training course for Pollution Control;
 - Pollution Control training course for Managing Heads;
 - Safety and life support trainings, fire and earthquake seminars and drills for employees;
 - Pre-employment physical and medical examination for new hires;
 - Random drug testing for employees;

- Vaccination – Implemented flu vaccination to employees;
- Maintenance of operational breastfeeding stations for nursing associates;
- Precautionary measures – Since Management recognizes the precarious situation of employees in areas affected by natural calamities and man-made adversities, it has always been keen on immediately issuing work suspension orders in such perilous areas during fortuitous events.
- All associates are covered with a life insurance policy inclusive of accidental death, total and permanent disability and burial assistance benefits.

The Bank spent more than Php 217 million in 2024 for health benefits of employees and their dependents.

What are the risks identified?

While banking is considered a low risk industry in terms of workplace conditions and industrial safety standards, potential harm may be suffered by workers in specific hazardous situations (e.g., bank robbery).

Management Approach to Risks

RCBC provides employees with the requisite training and exposure to combat inherent risks involved in the workplace. RCBC provides regular Basic Occupational, Safety and Health and first aid training on a regular basis. The Bank provides safety training to workers, including training on specific work-related hazardous situations. RCBC trains branch personnel on how to respond to hazardous situations with simulation training programs such as mock bank robberies.

What are the opportunities identified?

Given the changing business landscape, regulatory environment, and the Bank’s strategic direction, opportunities arise in improving the Bank’s training programs and safety drills.

Management Approach to Opportunities

RCBC continues to update training programs to adapt to the changing business environment.

Labor Laws and Human Rights

Disclosure (January 1 – December 31, 2024)	Quantity	Units
No. of legal actions or employee grievances involving forced or child labor	0	#

Do you have policies that explicitly disallow violations of labor laws and human rights (e.g. harassment, bullying) in the workplace?

Topic	Y/N	If Yes, cite reference in the company policy
Forced labor	Y	All newly hired employees sign a contract stating that they agree to the terms and conditions of their employment. The Bank does not employ forced labor.
Child labor	Y	RCBC’s Recruitment Policy requires that we hire college graduates, at the minimum. The Bank does not employ child labor.
Human Rights	Y	Existing Philippine laws set expectations and standards that disallow violations of and promote human rights. RCBC abides by these laws.

Which stakeholders are affected?

Stakeholder	Issues That Influence Their Assessments and Decisions(in relation to labor laws and human rights)
Stockholders	Abolition of child labor, elimination of forced labor, and upholding human rights – potential reputational impact that may lead to divestment
Employees	- Abolition of child labor - Elimination of forced labor - Upholding human rights
Gov’t – DOLE	Protection of employees

Community	Abolition of child labor, elimination of forced labor, and upholding human rights, which allow members of the community to decide whether to work for the organization – the organization’s ability to attract and retain talent / potential employees in the community can affect its ability to operate, implement its strategies, and achieve its objectives
Public, media	Abolition of child labor, elimination of forced labor, and upholding human rights potential reputational impact
What is the impact and where does it occur? What is the organization’s involvement in the impact?	
RCBC’s ability to conform to labor laws and human rights results to the protection of employees.	
Management Approach to Impact	
RCBC gives importance to and upholds labor standards and human rights in the workplace. Employees can be certain that RCBC follows existing labor laws and standards and protects human rights at all times. RCBC complies with all four principles of the International Labour Organization (ILO): i) freedom of association and the effective recognition of the right to collective bargaining, ii) the elimination of forced or compulsory labour, iii) the abolition of child labour and iv) the elimination of discrimination in respect of employment and occupation.	
What are the risks identified?	
Child labor results in under-skilled and unhealthy workers for tomorrow and perpetuates poverty across generations, thus impeding sustainable development. Likewise, forced labor is not only a serious violation of a fundamental human right; it also perpetuates poverty and is a hindrance to economic and human development.	
Management Approach to Risks	
To demonstrate that RCBC does not engage in child labor or forced labor, per policy, the Bank hires college graduates for its entry level positions.	
What are the opportunities identified?	
The abolition of child labor and forced labor is necessary for both economic and human development.	
Management Approach to Opportunities	
Due diligence is expected of an organization in order to prevent the use of and combat all forms of child labor and forced or compulsory labor within its activities. It is also expected that an organization will avoid contributing to becoming complicit in or becoming linked to the use of child labor and forced or compulsory labor through its relationships with others (e.g., suppliers, clients).	
RCBC gives importance to and upholds labor standards and human rights in the workplace.	

Supply Chain Management

Do you have a supplier accreditation policy?

RCBC has a supplier accreditation policy and other procurement/supplier policies. See Annex Supply Chain Management.

Do you consider the following sustainability topics when accrediting suppliers?

Topic	Y/N	If Yes, cite reference in the supplier policy
Environmental performance	Y	Sustainability Attestation: YGC Sustainability Practices Prescribed for Vendors. A sustainability requirement for vendor accreditation which states that the vendor company observes environmental laws, and engages in energy saving and waste management practices, as well as in programs that promote ecological habitat
Forced labor	Y	Sustainability Attestation: YGC Sustainability Practices Prescribed for Vendors. A sustainability requirement for vendor accreditation which calls for the vendor company to recognize the right of employees to freedom and collective bargaining.

Child labor	Y	Sustainability Attestation: YGC Sustainability Practices Prescribed for Vendors. A sustainability requirement for vendor accreditation which states that the vendor company does not employ persons below 18 years of age.
Human rights	Y	Sustainability Attestation: YGC Sustainability Practices Prescribed for Vendors. A sustainability requirement for vendor accreditation: <ul style="list-style-type: none"> a) which calls for the vendor company to recognize the right of employees to freedom and collective bargaining b) to have an employee engagement system in place c) to work with the community around it d) with clear policies on equality of gender, race, color, and creed e) the company is compliant with all government-mandated laws in the employment of personnel
Bribery and corruption	Y	Code of Ethics for Vendors is available that serve as guidelines to address promptly instances of unsatisfactory performance, illegal practices and violations committed during any vendor business engagements. <p>Blacklisting Policy for Vendors to ensure that all vendors dealing with Yuchengco Group of Companies (YGC) will comply with its policies, rules and regulations. Vendors are expected to adopt ethics of highest standard and degree of integrity, provide optimum value, quality products and services, commitment and sincerity towards work undertaken</p> <p>As YGC expands its business, procurement function has become increasingly responsible for an extensive range of activities in a growing number of business areas. The objective is to transform the buying approach of the Procurement organization of YGC member companies from tactical to strategic role, with more focus on value creation. This includes process health check and alignment and resilient vendor selection.</p> <p>As such, there's a need to upscale the current understanding of the procurement personnel through YGC Community Learning. Regular lectures and training were done for a more innovative approaches to optimize sourcing, supplier relationship management, sustainability in procurement, risk management and other procurement activities.</p> <p>The following lectures and training were conducted to support the above mentioned initiatives:</p> <ul style="list-style-type: none"> • Refresh on "Procurement Ethics and Responsibility" for all Business Units, with the aim to provide a practical understanding of what it means to 'buy ethically', how purchasing practices can impact on workers, and how to integrate ethical procurement into buying practices and understand the process of building a sound ethical procurement policy and selecting vendors • "Sustainability in Procurement: Responsible Sourcing for Sustainable Sourcing", which aims to provide introduction to procurement sustainability that will demonstrate how sustainability impacts procurement processes and how procurement function can take an active role in it. The training also provide familiarization with the different standards, tools & approaches for sustainable supply chain management, and be able to evaluate which are

		<p>suitable for the YGC procurement organizations</p> <p>It is specified in the policy that suppliers shall not offer bribes or kickbacks to employees or family members in exchange for any favors. In the same manner, the Bank's Code of Conduct specifies that employees must avoid situations which may unduly influence relationships with customers or suppliers. Copy of the Code of Conduct may be accessed at https://www.rcbc.com/corporate-governance.</p>
Health and safety	Y	<p>Sustainability Attestation: YGC Sustainability Practices Prescribed for Vendors. A sustainability requirement for vendor accreditation which states that the vendor company is compliant with government rules relating to occupational health and safety standards</p> <p>Blacklisting Policy with provisions on Safety Policies and procedures as ground for Permanent or Temporary Blacklisting</p> <p>New Facilities Inspection Checklist (as applicable to the vendor's service offering)</p> <p>Stricter compliance on Philippine Contractors Accreditation Board (PCAB) license for contractor to ensure lawful and safe construction activities</p>

Which stakeholders are affected?

Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to supply chain management)
Stockholders	- Reduction of negative environmental and social impacts in the supply chain - potential reputational impact that may lead to divestment
Suppliers	- Procurement policies - Supplier Accreditation process - Vendor Performance Evaluation
Community	- Reduction of negative environmental and social impacts in the supply chain and concern for environment and society
Public, inc. media	- Reduction of negative environmental and social impacts in the supply chain and concern for environment and society – potential reputational impact

What is the impact and where does it occur? What is the organization's involvement in the impact?

RCBC's ability to ensure that suppliers uphold sustainability standards lessens the negative E&S impacts in the supply chain.

Management Approach to Impact

RCBC ensures that suppliers uphold sustainability standards and practices including compliance with Philippine laws. The supplier's environmental performance is observed during site visits. RCBC influences suppliers to be sustainable through supplier accreditation processes, among other approaches. Vendors' compliance with government-mandated requirements like DOLE 174 certification and PCAB License for contractors are part of the accreditation requirements.

What are the risks identified?

Vendors' adaptability on full sustainability requirements, cyber security, etc.

Management Approach to Risks

Due diligence, data gathering and baselining prevent and mitigate negative impacts in the supply chain. These include impacts the organization either causes or contributes to, or that are directly linked to its activities, products, or services by its relationship with a supplier.

The implementation of the Sustainability Attestation Compliance for Vendors is part of the accreditation requirements

which covers the above attributes. This initiative makes possible the profiling of the key vendors efforts, to measure, set goals and to improve visibility on sustainability compliance that will facilitate follow-up of improvement in actions.

The aim is to achieve a better assessment of the current sustainability-related performance of YGC's key vendors through data gathering and baselining using the Vendor Sustainability Attestation Form, to check the compliance and current initiatives of the vendors on the sustainability attributes as to Economic, Environmental, Social and Ethical/legal. Vendors are assessed for a range of criteria, including risk incidents (such as bribery, coercion, and corruption).

New vendors applying for accreditation, for applicable categories, are being checked through actual facilities inspection as part of the accreditation process. This process covers assessment of vendor's facilities to determine the capability to support and satisfy the requirements of YGC members as applicable to the critical categories. RCBC is already in the process of enhancing the existing vendor accreditation policy targeted for implementation. Furthermore, the Enhanced Vendor Performance Evaluation Policy and Enhanced Vendor Blacklisting Policy have been adopted.

Enhanced and implemented the following policies and procedures:

- 1) Vendor Accreditation: to ensure that accredited vendors are capable of providing products and services to satisfy the minimum acceptable quality and reliability requirements of the company and that all accredited suppliers have proven track record, viable financial position and promoting sound and ethical business practices
- 2) Vendor Performance Evaluation: to establish an efficient & effective mechanism to measure, analyze, and manage YGC vendor's performance in an effort to optimize costs, minimize risks, and drive continuous improvement

RCBC initiates due diligence as early as possible in the development of a new relationship with a supplier. Impacts may be prevented or mitigated at the stage of structuring contracts or other agreements, as well as via on-going collaboration with suppliers. Employees are also bound by the Bank's Code of Conduct and Conflict of Interest Policy to lay out acceptable behaviors in dealing with stakeholders. Copy of the Code of Conduct and information on certain policies may be accessed at the RCBC website⁵⁵.

What are the opportunities identified?

- Collaboration with the vendors to accelerate and establish shared sustainability commitments across the value chain
- Promotion of sustainability with internal stakeholders and vendors with joint implementation of processes for continuous improvement
- Strengthened work relations and knowledge-sharing with the vendors to create sustainability solutions that will benefit both parties

Management Approach to Opportunities

RCBC continues to improve its existing supply chain procedure to avoid negative E&S impacts (refer to details under Materials Used by the Organization). The following sustainability assessment initiatives are work-in-progress:

1. 100% compliance with Sustainability Vendor Attestation for Primary / Active Vendors for 2024. This improved visibility on vendor's sustainability compliance and performance for easy follow-up of improvement actions and collaboration on sustainability initiatives to facilitate identification of priority areas.
2. Enhanced and implemented the Vendor Accreditation Policy. The new policy will ensure that all accredited suppliers have proven track record, viable financial position and promote sound and ethical business practices. The policy will cover the different stages of accreditation as to: (1) Vendor Sourcing; (2) Vendor Registration & Pre-screening; (3) Vendor Pre-Qualification; (4) Vendor Technical Assessment; (5) Facilities Inspection; and (6) Final Recommendation.
3. Enhanced and implemented the Blacklisting Policy. The enhancement will address promptly instances of unsatisfactory performance, illegal practices and violations committed during any vendor business engagements, while providing a comprehensive and balance blacklisting policy and guidelines

⁵⁵ RCBC. Corporate Governance. <https://www.rcbc.com/corporate-governance>

4. Enhanced and implemented the Vendor Performance Evaluation Policy to ensure that accredited vendors are capable of providing products and services that will satisfy the minimum acceptable quality and reliability requirements of the company
5. Enhanced Facilities Inspection parameters for applicable categories only or as required by the Business Units. This covers the actual inspection and checking of Vendor's general facilities, equipment availability, tools and machinery, safety and protection, availability of workforce, regulatory compliance and permitting, sustainability programs, risks identification and mitigation plans as applicable to contractors depending on the criticality and complexity of the service or as required by the Business Units. May not be applicable to all vendor offerings
6. Inclusion of RCBC's and other YGC companies' plans and strategies pertaining to sustainability to ensure that suppliers are compliant with RCBC's sustainable practices.
7. Expansion of the scope of third-party risk assessment process for 2025 to cover the evaluation of cybersecurity and supply chain disruption risks through the following programs:
 - a) Cyber Risk assessment will be part of the vendor management process starting on vendor data collection thru Cyber Security Assessment questionnaire. This is applicable to Vendors who have access to the critical assets of the Company and those Vendors who provide critical IT services to the Company
 - b) Establishment of Centralized supplier risk monitoring dashboard for vendors involved in the critical areas of the supply chain. This will also facilitate the recording and continuous monitoring of risks associated with vendors
 - c) Enhancement of the vendor performance evaluation process by incorporating the results of supplier risk monitoring and defining the comprehensive metrics for each vendor assessment criteria to facilitate a more effective and objective evaluation

Relationship with Community - Significant Impacts on Local Communities

Operations with significant (positive or negative) impacts on local communities	Location	Vulnerable groups (if applicable) ⁵⁶	Does the particular operation have impacts on indigenous people?	Mitigating measures (if negative) or enhancement measures (if positive)
RMB Micro & Small Business Loans & Savings Products	Available in key areas in Luzon, Visayas and Mindanao with a total of 16 branches and 12 branch-lite units.	RMB is RCBC's thrift bank	Yes. RMB serves the unbanked and underserved markets in the Philippines, including the unbanked agricultural communities and low-income sectors	<ul style="list-style-type: none"> - RMB has scaled the partnership with Franklin Baker Philippines⁵⁷. In this engagement, RMB finances the supply chain of the coconut farmers and traders, enabling them to recover their capital faster and deliver more goods to Franklin Baker. In FY2024, RMB was able to disburse Php 726.7 million in loans to at least 30 borrowers. - RMB still offers the BDA product called "Pangarap Savings". With RMB's cloud-based core-banking system, financial services such as cash-in (deposit), cash -out (withdrawal), bills payment, and opening of BDA can be done real time through a secured electronic platform provided to the accredited agents. - Other products offered by RMB include AgriBiz Production Loan (for agri-value chain players such as producers and growers), the Small Biz Lite (for micro and small business entrepreneurs). RMB deployed more loan agents to expedite the acquisition of micro and small enterprises. From these agents, RMB was able to disburse more than Php 50 million in loans to micro enterprises. - Refer to details under Economic Performance

YGC Earth Care Project: A 100-Hectare Reforestation Project in Sierra Madre

YGC takes pride in being an agent of change as it seeks innovative solutions that are not only meaningful, but sustainable. It is for this reason that the YGC Earth Care project was born. The YGC Earth Care is a reforestation and watershed protection program in partnership with the DENR and the Indigenous People (IP) or ‘katutubos’ of Tanay, Rizal. It covers a sprawling 100 hectares of denigrated forest land at Mt. Bangkaan, right in the heart of Sierra Madre.

The first three phases in 2011 to 2014 covered 58 hectares, where native tree saplings including narra, acacia, kupang, and molave were planted. Nearly 14 years thereafter, Mt. Bangkaan is now teeming with life, as most of the trees that were planted have now grown as high as 30 feet, providing the much-needed forest cover to promote biodiversity in the area.

In 2022, Phase 4 was undertaken to cover the remaining 42 hectares, and complete the 100-hectare commitment. YGC adopted the Agro Forestry Model to address both environmental and socio-economic objectives. A total of 6,000 high grade saplings, including Guimaras mango, RCF avocado, Haitian star-apple, Bangkok santol, and R5 rambutan.

As of today, most of the fruit trees are now 7 to 9 feet tall. In the next three to five years, these trees will start to bear fruits, and from thereon, the IPs will start to have a sustainable cash income stream from the various fruit harvests of the trees that were planted and nurtured by each katutubo partners.

The journey is still far from over, but with collective efforts, there is no reason why we cannot reach the objectives of the program. With YGC Earth Care’s contribution to the environment and to our communities, we can really say that We are Proud to be YGC.

YGC Christmas Fund Drive – The AYF organized a donation drive encouraging all YGC employees to donate whatever amount. The collected funds will be used for grocery gift certificates to the communities who need it the most in Metro Manila. AYF received a total donation over Php 12 million in the 2024 YGC Christmas Fund Drive.

What are the risks identified?
Engaging the unbanked and underserved towards financial inclusion may expose RCBC to credit risk and other types of risk which traditional risk tools may ordinarily not be able to adequately manage.
Management Approach to Risks
RCBC mitigates the risk of default by performing additional Know Your Customer (KYC) and credit risk assessment procedures on clients.
What are the opportunities identified?
A significant percentage of the country's population are still unbanked and underserved, thus there are opportunities to create more products and services that will address the banking needs of these sectors
Management Approach to Opportunities

The result of the feedback mechanism is being reported and discussed internally on a regular basis.

Public, inc. media	- Customer satisfaction and upholding the rights of customers – potential reputational impact
--------------------	---

What is the impact and where does it occur? What is the organization’s involvement in the impact?

RCBC is committed to fully enforce the Financial Consumer Protection (FCP) Framework and Reputational Risk Management Framework (RRMF) through regular assessment of compliance with the regulatory standards of conduct in order to achieve a service culture of fair dealings and responsible business practices embedded in its primary business operations. Mechanisms to receive and investigate complaints and implement corrective action are incorporated in the FCP Framework.

In compliance with BSP Circular Nos. 857 1048, 1160 (BSP Regulations on Financial Consumer Protection), and BSP Circular No. 1114 (Guidelines on Reputational Risk Management), the consumer protection standards and practices as defined in the Bank’s FCP Framework are duly observed and embedded in the conduct of its business operations, thereby creating a stronger corporate culture and commitment towards upholding fair treatment of customers at all stages of their business relationship with the Bank. The FCP Framework is generally composed of FCP Policies and Procedures, FCP Code of Conduct, Consumer Assistance and Risk Assessment Mechanism, FCP Training Program, FCP Compliance Program, FCP Audit Program, and Financial Consumer Education and Awareness Program. The Framework revolves around the core principles of consumer protection, namely: 1. Disclosure and transparency; 2. Protection of client information; 3. Fair treatment; 4. Effective recourse; and 5. Protection of Consumer Assets against Fraud and Misuse. The RRM Framework, on the other hand, is set out to address prudential requirements in managing reputational risk of the Bank.

Management Approach to Impact

RCBC regularly monitors feedback from traditional and social media to identify customer concerns. This includes monthly social listening reports and real time alerts, and monthly traditional media reports. RCBC also implements customer research for major initiatives (e.g., brand refresh, new website design, and new application design). In addition, the Bank follows a review and approval process for communication materials, including clearing initiatives with Risk Management, Marketing, Legal, and Regulatory Affairs Groups. An assessment of RCBC’s reputation risk is reported regularly to the ROC.

RCBC also provides its financial customers with accessible means for resolving complaints with their financial transactions. Guided by the Bank’s complaints handling and escalation procedure, Consumer Assistance Officers (CAOs) are designated to handle customer complaints in various units, offices and business centers including its subsidiaries. RCBC has further strengthened its Consumer Assistance Mechanism with a dedicated team where customers can conveniently lodge complaints, inquiries and requests (i.e. Customer Care Dept.-General Concerns, Customer Care-Loans, DiskarTech Customer Support Team and others). All Bank personnel with direct engagements with customers are equipped with the knowledge on the structure and implementation of the Bank’s complaints handling mechanism. Third party concerns related to ESG are forwarded by Customer Care of the Bank to the ESROs for investigation and response. All CAOs submit a complaints report to the Bank’s Reputational Risk Department (RRD), formerly Consumer Protection Unit, on a monthly basis. RRD ensures that customer complaints received from various channels are consolidated and analyzed to ensure that material risks are subjected to root cause analysis to determine systematic complaints requiring immediate resolution by the 1st line business centers and/or business units. A management report on customer complaints is submitted to the ROC on a regular basis and discussed with targeted groups through monthly or quarterly forums (i.e Branch Services Operational Risk Forum (BSSORF), Digital Enterprise & Innovations Group (DEIG) Forum, Transaction Banking Group (TBG) Forum, Consumer Lending Group (CLG) Forum, Deputy Operational Risk Officer (DORO) Forum.

Additionally, RCBC is focused on integrating a deep awareness of Customer Experience or CX principles and practices in all employees. Customer experience is a top priority for the Bank. To improve the customer experience, the Bank’s HRG has formed the CX Excellence Academy, a self-paced certification that sets the global standard for Certified CX Qualifications. CX is one of the newest and fastest growing disciplines in the corporate world and is proven to help companies like RCBC grow business by retaining customers, increasing new business sales and reducing the cost of serving customers.

What are the risks identified?
There is reputational risk arising from negative public opinion in case there are unsatisfied customers whose concerns are not resolved within an ideal timeframe. In efforts to continuously improve and mitigate risks arising from customer complaints and negative public opinion, regular reporting of issues and concerns with potential reputational risk is submitted and presented to the ROC on a regular basis.
Management Approach to Risks
RCBC strives to constantly improve its service to avoid unsatisfied customers. A dedicated customer service hotline is available for clients to inquire and report concerns and issues regarding products and services offered by RCBC.
What are the opportunities identified?
A high level of customer satisfaction can result in higher revenue through an increase in the number of new customers, and deepening of relationships with existing customers (cross-selling).
Management Approach to Opportunities
RCBC continuously conducts regular trainings and provides regular and mandatory eLearning courses and examinations to ensure that all relevant customer-facing employees are familiar with and reminded of the Bank's Consumer Protection Program. RCBC strives to continuously improve the Bank's service and implement enhancements in its customer feedback mechanisms and platforms.

Public, inc. media	Customer satisfaction and upholding the rights of customers – potential reputational impact	
What is the impact and where does it occur? What is the organization's involvement in the impact?		
As the Bank's products and services are financial in nature, these do not pose a risk to health and safety. The products and services of RCBC's clients, however, may have such negative impacts on their customers.		
Management Approach to Impact		
In accordance with the ESMS Policy, all credit proposals for loans and other credit accommodations from RCBC need to go through E&S risk and impact assessment. Only activities or projects which pass the E&S risk and impact assessment shall be eligible for financing.		

⁵⁹ Substantiated complaints include complaints from customers that went through the organization's formal communication channels and grievance mechanisms as well as complaints that were lodged to and acted upon by government agencies.

⁶⁰ No recorded complaints attributed to Health and Safety for the year 2024.

What are the risks identified?
While there are no health and safety risks with the Bank's products and services, the Bank's clients may have some health and safety risks affecting their corresponding customer-base. RCBC's ESMS Policy applies to the Bank's clients as discussed in the "Management Approach to Risks".
Management Approach to Risks
The ESMS Policy of RCBC subscribes to IFC's Performance Standards which include the evaluation of the borrower's practices to promote health and safety (Performance Standard 2 Labor and Working Conditions). Under Performance Standard number 2, the borrower's operations are assessed in terms of effective promotion of safe and healthy working conditions.
What are the opportunities identified?
RCBC is committed to the promotion of sustainable business practices, including the preservation of health and safety measures.
Management Approach to Opportunities
RCBC will remain committed to employing appropriate due diligence on its borrowers to ensure that appropriate health and safety programs / measures are embedded in their operations. This is one of the fundamentals of the Bank's ESMS process.

Marketing and Labeling

What is the impact and where does it occur? What is the organization's involvement in the impact?		
RCBC's ability to uphold the rights of its customers to the security of its products and services results to customer protection and customer satisfaction.		
Management Approach to Impact		

⁶¹ Substantiated complaints include complaints from customers that went through the organization's formal communication channels and grievance mechanisms as well as complaints that were lodged to and acted upon by government agencies.

⁶² No recorded complaints attributed to Marketing and Labeling for the year 2024

RCBC upholds the rights of customers to safety and security from probable negative impacts of its products and services. This includes customer access to accurate and adequate information on the positive and negative economic, E&S impacts of the products and services they consume – both from a product and service labeling and a marketing communications perspective.

What are the risks identified?

The display and provision of information and labeling for products and services are subject to many regulations and laws. Non-compliance can indicate either inadequate internal management systems and procedures or ineffective implementation.

Management Approach to Risks

Fair and responsible marketing communications, as well as access to information about the composition of products, and their proper use and disposal, help customers make informed choices. This is supported by the Bank’s Consumer Protection Framework which details effective internal controls on product and service labeling and marketing communications. Units of the Bank that develop and provide products and services to the customers as well as those who prepare advertising materials for external distribution ensure that advertising and promotional/marketing materials comply with the following requirements:

- No false, misleading or deceptive statements
- Visible, easily readable and understandable
- Disclosure of clear, accurate, updated and relevant information about the product or service
- Balanced and proportional (reflecting both advantages and risks of the product or service)
- Key information is prominent and not obscured
- Print is of sufficient size and clearly legible
- Targeted according to the specific groups of clients or customers to whom products are marketed

Business units that develop products and provide services coordinate with the Bank’s Learning and Development Department on the design and execution of product/service programs. Bank staff, specifically those who interact directly with customers, receive adequate training suitable for the complexity of the products or services they sell. All Bank personnel that interact with customers are equipped with the knowledge on the structure and implementation of the Bank’s complaints handling mechanism.

What are the opportunities identified?

Continuous improvements on marketing and labeling to further lessen complaints can lead to higher customer satisfaction and new business opportunities.

Management Approach to Opportunities

RCBC continues to implement regular updates of communication materials, including website, point-of-sale materials, and social media materials.

For product updates that will impact fees, rates and other features, a minimum 60 day notice is given to customers prior to implementation.

Other promotional updates and offers are delivered to clients who subscribe to receiving marketing communication from the Bank on a regular basis through Electronic Direct Mailers (EDM).

A Customer Experience or CX Council also meets on a monthly basis to help address customer pain points and find solutions to make customers’ transactions with the Bank an excellent customer experience.

Public, inc. media	Customer satisfaction and upholding the rights of customers – potential reputational impact	
What is the impact and where does it occur? What is the organization’s involvement in the impact?		
RCBC’s ability to uphold the rights of its customers to privacy results to customer protection and customer satisfaction.		
Management Approach to Impact		
RCBC values and upholds the rights of customers to privacy. RCBC respects consumer privacy and takes reasonable measures to ensure the security/protection of personal data that the Bank collects, stores, processes or disseminates from misuse, interference, unauthorized access, modification and unauthorized disclosure.		
What are the risks identified?		
Losses of customer data and breaches of customer privacy can result from non-compliance with existing laws, regulations and/or other voluntary standards regarding the protection of customer privacy. Those who are found guilty of violating data privacy will be penalized with imprisonment and payment of fines.		
Management Approach to Risks		
<p>To protect customer privacy, the Bank limits collection of personal data, collects data only by lawful means, and is transparent about how data is gathered, used, and secured. The Bank does not disclose or use personal customer information for any purposes other than those agreed upon, and the Bank communicates any changes in data protection policies or measures to customers directly. Under the supervision of the Chief Compliance Officer (CCO), the Bank’s Data Protection Officer (DPO) is accountable for ensuring compliance with applicable laws and regulations for personal data protection. The DPO develops, maintains, and promotes the effective implementation of the Bank’s Data Privacy Policy. The DPO regularly reports to the Audit and Compliance Committee (ACC) of the Board of Directors. The ACC performs oversight functions over the Compliance Office, and consequently, over the DPO. The Data Privacy Policy and its subsequent revisions are approved by the ACC and confirmed by the Board. The Bank is committed to collect user data through lawful and transparent means, with explicit consent to the data subject where required.</p> <p>The Bank is committed to implement leading data protection standards in order to take care of the employees’ personal data. Data Privacy is discussed upon onboarding of all employees of the Bank. E-Learning modules are also provided to ensure all employees are updated of changes in the regulations, as applicable. Privacy bulletins are also regularly issued to provide tips and reminders on best practices. The policy and e-learning materials is reviewed at least every two years, or earlier as applicable. Under the Bank’s Privacy Notice, the Bank values its customer’s privacy and believes that each customer is entitled to know the ways the Bank processes their personal information. The Bank informs in substantial detail exactly how, what, and why personal data are being collected, used, retained, shared, disposed, accessed, and corrected, through the Bank’s privacy notice. The notice is stated in clear and simple terms to ensure it is highly readable and usable to the greatest extent possible. It is posted not only in the Bank’s website but in all of the Bank’s branches,</p>		

lending centers, and other areas where personal data of customers are being processed.

What are the opportunities identified?

Continuous improvements to customer privacy measures can result in higher customer satisfaction and retention which could translate to new business opportunities.

Management Approach to Opportunities

RCBC ensures that privacy policies are updated and cascaded, and privacy notices are posted where appropriate (i.e., RCBC website, Branches). The Bank continuously conducts regular trainings and seminars to equip employees (from senior management to rank and file) and those with direct contracts with RCBC and educate them about the importance of customer privacy. Awareness campaigns are implemented regularly through the issuance of data privacy bulletins.

RCBC conducts Privacy Impact Assessments for new projects involving the processing of personal data. The Bank also reviews data sharing, data protection, and outsourcing agreements especially when dealing with third party service providers/vendors.

Data Security

Disclosure (January 1 – December 31, 2024)	Quantity	Units
No. of data breaches, including leaks, thefts and losses of data	0	#

Which stakeholders are affected?

Stakeholder	Issues That Influence Their Assessments and Decisions (in relation to data security)
Stockholders	- Data security and customer privacy – potential reputational impact that may lead to divestment
Customers/Clients	- Data security: reliability and security of electronic banking channels - Customer privacy
Government/Regulators	- Data security - Customer privacy - Compliance with laws and regulation - Ability to conform to certain performance parameters
Community	Data security and customer privacy, which allow members of the community to decide whether to patronize the products and services of the organization – the organization’s ability to attract potential customers in the community can affect its ability to implement its strategies and achieve its objectives
Public, inc. media	Data security and customer privacy – potential reputational impact

What is the impact and where does it occur? What is the organization’s involvement in the impact?

RCBC’s ability to properly manage and protect sensitive data secures the Bank’s information.

Management Approach to Impact

RCBC places the highest importance on keeping data secure, aiming to reduce disruptions to operations as a consequence of information security incidents. Concretely, this aim expands to the following objectives:

- To protect the information assets that support the Bank’s operations;
- To provide Management with an accurate view of significant current and future information security risks and assist them to make well-informed risk management decisions about the extent of the risk, risk appetite and risk tolerance

- To provide an end-to-end guidance on how to manage information security risks, beyond purely technical control measures;
- To establish a risk profile to better understand the Bank's full exposure, and better utilize its resources;
- To integrate the management of information security risk into the overall enterprise risk management of the Bank; and
- To implement and continuously improve a sound framework for the identification, measurement, control, monitoring, and reporting of key risks faced by the Bank.

RCBC may store personal data physically or electronically with third party data storage providers. When the Bank does this, the Bank uses contractual arrangements to ensure that those providers take appropriate measures to protect that information and restrict the uses to which they can put that information. The data privacy and security policy are considered and applied in 100% of the Bank's operations.

The Bank acknowledges and upholds the rights of data subjects as stipulated in the Philippines' Data Privacy Act (R.A. 10173). To facilitate the exercise of these rights, the Bank provides an Online Privacy Contact Us Form, which is readily available in its Data Privacy Notice on the website. This form serves as a convenient means for data subjects to assert their rights and communicate any concerns to the Bank's Data Privacy Office.

What are the risks identified?

Information Security Risk is the risk of loss resulting from information security/cyber security breaches. Data breaches, including leaks, thefts and losses of data may occur in the primary business operations.

Management Approach to Risks

The Audit and Compliance Committee (ACC) is one of the committees at the board level of RCBC. The Bank's Data Privacy Office, which operates within the Compliance Operations Division of the Regulatory Affairs Group, provides the ACC with updates on regulatory matters concerning Data Privacy. This includes information on policy changes, modifications to the risk management framework, outcomes from Privacy Impact Assessments, and any privacy incidents that may require escalation, particularly those that could significantly affect the Bank due to the damages incurred from privacy-related risks.

RCBC has zero tolerance for information security/cyber security breaches. RCBC shall protect its information assets to ensure that breaches do not cause material damage to its liquidity and capital position, and reputation. The Bank's information security objectives are achieved through both a technical and process-based defensive strategy:

- Multi-layer IT defenses including threat intelligence/assessment, prevention, detection and remediation
- Identification of information assets including both hardware and software that are considered essential to the Bank;
- Assistance to business units in identifying risks in information assets being handled; and
- Implementation of risk assessment to determine current information security risks and threats present in the information assets, determine acceptable risk levels, and implement preventive measures to mitigate potential high risks.
- Constant information security awareness campaigns across the Bank that will strengthen the level of appreciation of its associates in protecting information assets.
- Close monitoring of information security related incidents through accessible and timely reporting processes.

The Bank's Data Privacy Policy mandates the conduct of training sessions or seminars aimed at ensuring that employees and personnel remain informed about developments in data privacy and security. As part of its employee onboarding process, all newly hired employees are required to complete data protection training prior to employment.

The Bank's Information Security Governance Division (ISGD) has an Information Security Strategic Plan (ISSP) and Information Security Program (ISPr) aligned with the business objectives of the Bank. ISGD also establishes governance-specific policies, standards, and procedures for information security risk management, conducts trainings and issues advisories to increase information security awareness, and performs the Information Security Risk Assessment (ISRA) and Information Security Annual Certification (ISAC) for the whole Group to manage, identify, and address information

security risks.

RCBC's information security management system is based on the National Institute of Standards and Technology (NIST) and Payment Card Industry Data Security Standard (PCI DSS). The Bank's cyber security personnel have obtained the following qualifications: CISM (Certified Information Security Manager, CDPSE (Certified Data Privacy Solutions Engineer) and CPISI (Certified Payment Industry Security Implementer).

The Bank has established a procedure for managing Personal Data Breaches and for reporting such incidents to the National Privacy Commission (NPC). This procedure complements the Bank's Information Security Reporting Process and ensures that personal data breaches—including, but not limited to, unauthorized access, use, disclosure, creation, modification, or destruction of personal data—are reported promptly to facilitate timely corrective measures.

Should notification be warranted, the Data Protection Officer (DPO) will notify both the NPC and the affected data subjects. This notification will provide the needed information and will be sent within seventy-two (72) hours upon knowledge of, or when there is a reasonable belief by the Bank that, a personal data breach requiring notification occurred.

What are the opportunities identified?

Given the changing business landscape and regulatory environment, opportunities arise in improving the Bank's Information Security Program to uphold data security and customer privacy.

Management Approach to Opportunities

RCBC continuously conducts regular trainings and seminars to equip employees (from senior management to rank and file) and those with direct contracts with RCBC on the importance of data security. RCBC continues to update its Information Security Program to adapt to the changing business environment.

RCBC may amend its data privacy notice to comply with changes in relevant laws and regulations and to keep customers informed of changes in the ways that the Bank processes their personal data. Updates are posted on the RCBC website.

UN SUSTAINABLE DEVELOPMENT GOALS

The RCBC Plaza in Makati City received the LEED Gold certification in May 2018 (recertified in March 2024), making it the first multi-tenanted building in the Philippines to achieve such kind of green building certification. LEED-certified buildings save money, improve efficiency, reduce carbon emissions, and create healthier working / living spaces. These environmentally-friendly structures are critical parts of addressing climate change, particularly UN SDG 7, SDG 11, SDG 12, and SDG 13.

Key Products and Services and Societal Value / Contribution to the UN SDGs

The Bank’s financial inclusion programs and services, together with RCBC’s Sustainable Finance Framework, address **all of the 17 UN SDGs**. The Bank is committed to safeguarding our people and our planet, while fostering partnerships, and pursuing prosperity that will usher in a sustainable and resilient path by 2030.

Rizal Commercial Banking Corporation

Sustainability Report 2024 Annex

Supply Chain Management

Code of Ethics for Suppliers

Procurement Shared Services

Bribes, Kickbacks & Gifts from Suppliers

1. Suppliers shall not offer bribes or kickbacks to employees or family members in exchange for any business favor.
2. Suppliers shall not accept solicitation of gifts from YGC employees for themselves.
3. Sponsorship by suppliers of a planning session or a sporting event shall be acceptable subject to:
 - approval from 2 Senior Officers (SVP or higher)
 - allow equal opportunity for other suppliers to sponsor
 - should be fitting and moderate to the event sponsored

Procurement Shared Services

Bribes, Kickbacks & Gifts from Suppliers

4. Solicitation of gifts for the company shall be allowed for Christmas and special company activities only. The solicitation shall be approved by a Senior Officer (SVP or higher).
5. If the gift is perishable (food), Administration shall distribute the perishable gift to employees for consumption.

Policies on Entertainment & Business Meals

1. Entertainment and business meals from suppliers for procurement personnel are generally not allowed.

Exceptions are the following:

1. Site visits
2. Social event of suppliers where customers are invited to attend
3. Social event of supplier to discuss business with supplier's partners
4. Official group visits to suppliers where benefit is for the group (not individual)
5. Product launches or updates
6. All other exceptions shall be cleared and approved by the PSS GM

Policies on Conflict of Interest

1. Suppliers shall treat personal purchases of employees as ordinary business transactions without preferential discounts. However, if YGC is able to negotiate for discounted prices, employees can ride on the YGC discount for personal purchases.
2. A supplier shall immediately disclose to PSS if a YGC employee is a close friend or relative by consanguinity or affinity within the 3rd civil degree (spouse, child or parent, brother, sister, uncle, aunt or cousin).
3. Supplier shall disclose if a YGC employee has an interest in a supplier as owner or part owner or investor. An exception are holdings in a publicly listed company in the form of stocks, bonds or other securities that is less than 5% of the value of the class of security.

Policies on Conflict of Interest

4. Supplier shall not employ a YGC employee as consultant director or employee of his company.

Policies on Whistleblowing

1. Suppliers shall report to the CEO, COO, CFO or PSS GM suspected or actual occurrence of illegal or fraudulent, serious wrongdoing or misconduct or unethical behavior of co-suppliers or YGC employees.
2. Any whistleblowing report which prove to be false and made in bad faith shall constitute a serious offense and shall subject the Whistleblower to Blacklisting.
3. Whistleblower who made the report in good faith or gives evidence in an investigation shall be protected from harassment or delisting from the Accredited Suppliers List.
4. A Supplier who retaliates against the Whistleblower who reported a violation in good faith shall be subjected to Blacklisting.

Policy on Confidentiality

1. Suppliers with access to non-public information shall not disclose such information to other parties without the written consent of a Senior Officer (SVP or higher) of the YGC Member.

Sanctions

1. Those found in violation of the Code of Ethics for Suppliers shall be permanently Blacklisted and delisted from the Accredited Suppliers List.
2. If the YGC member suffers a loss, remedies (i.e. legal case) against the erring supplier shall be pursued.

Policies on Supplier Blacklisting

1. The PSS Board shall approve the blacklisting of suppliers as well as lifting of blacklisted suppliers.
2. If supplier commits a violation against YGC PSS policies on Code of Ethics, supplier will be blacklisted, regardless if supplier has more than one product or service used by YGC.
3. Supplier shall also be blacklisted if the following offenses are committed:
 - a. Integrity issues such as: dishonesty i.e. willful action of the supplier to defraud any YGC Member; connivance with YCG personnel to commit fraud; payment of commissions or gratuity in any form in cash or in kind; submission of fake corporate documents; misuse of YGC funds (down payment); willful use of inferior/ unapproved materials

Policies on Supplier Blacklisting

- b. Abandonment of project with or without down payment
- c. Failure to meet contractual commitments, e.g off standard deliveries
- d. Failure to meet corrective actions
- e. Failure to meet safety policies leading to loss of life, injury or damage to property
- f. Unjustified delays in the completion of delivery of ordered products/ services
- g. Failure to improve unsatisfactory performance for 2 consecutive years
- h. Failure to submit audited financial statements for 2 consecutive years

Procurement Shared Services

Policies on Supplier Blacklisting

- i. Failure to submit Close-out documents within 60 days from deadline date
 - j. Inability to make payments to suppliers
 - k. Distressed companies
 - l. Companies in the negative list
 - m. With pending legal case filed by YGC Member against the supplier
 - n. Upon instruction from Senior Management or as approved by the IT Council Head for IT suppliers
4. If the supplier is blacklisted, there will be no temporary lifting even if sole supplier. Erring suppliers with current transactions with YGC shall be Watchlisted or Restricted . No future projects shall be granted to such supplier but handling shall be Confidential in coordination with YGC PSS GM.

Procurement Shared Services
